

Streetscape Plan Public Meeting
Tuesday, November 14, 6 p.m.
La Vista City Hall (8116 Park View Blvd.)

CORRIDOR 84 Streetscape Plan

The Corridor 84 Streetscape Project has begun! This project will focus on the 84th Street corridor from Harrison Street to Giles Road and will involve looking at current conditions and how it could be improved to help establish La Vista's identity and make the corridor a focal point.

Various components such as pedestrian access, landscaping, signage, and lighting will be considered.

We hope you will take advantage of this opportunity to view and experience the corridor's existing conditions and help us imagine the possibilities for the future!

Refreshments will be served.
