

Let's Code!

Thursday, February 22

4 p.m.

La Vista Public Library

Coding is a digital literacy skill that has become as important as reading and writing. Learning to code can build rational thinking and problem-solving skills.

Join us for a basic coding program and learn how to code with non-digital activities, games and more!

Ideal for ages 4-10. Parental participation appreciated for families with younger children.

For more information, contact Jodi Norton, 402-537-3900

La Vista Public Library, 9110 Giles Road
