

**CITY OF LA VISTA  
MAYOR AND CITY COUNCIL REPORT  
MARCH 15, 2011 AGENDA**

Subject:	Type:	Submitted By:
FY 2009/2010 AUDIT REPORT — BKD, LLP	◆ RESOLUTION ORDINANCE RECEIVE/FILE	SHEILA LINDBERG FINANCE DIRECTOR

**SYNOPSIS**

A resolution has been prepared to accept the audit for the twelve months ending September 30, 2010. The Council will also be accepting the audit for the Economic Development Fund – LB840.

**FISCAL IMPACT**

N/A.

**RECOMMENDATION**

Approval.

**BACKGROUND**

This is the third year for BKD, LLP as the City's financial auditors. They were the City auditors prior to 2005 for over ten years.

The certified public accountants, BKD, LLP have submitted to the City their *Accountants' Report and General Purpose Financial Statement*. The audit states that the City's financial statements were tested and disclosed no instances of noncompliance with *Government Auditing Standards*. The following finding has been noted as part of the audit:

- Significant Adjustments — inadequate review process. (Material Weakness)

The City has contracted Orizon CPA's LLC to prepare the City's financial statements since 2008. To address this material weakness, staff will work with Orizon to review their current process and to decide what modifications they can implement.

RESOLUTION NO. \_\_\_\_\_

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF LA VISTA, NEBRASKA APPROVING THE FISCAL YEAR 2009 - 2010 MUNICIPAL AUDIT AS PREPARED BY THE AUDITING FIRM OF BKD, LLP, OMAHA, NEBRASKA.

WHEREAS, the City of La Vista has contracted with the firm of BKD, LLP, Omaha, Nebraska, to complete an audit of the City's fiscal year 2009-2010 municipal operations; and

WHEREAS, BKD, LLP has completed said audit and provided copies of their findings.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and City Council of La Vista, Nebraska, that the 2009-2010 municipal audit is hereby accepted and approved.

PASSED AND APPROVED THIS 15TH DAY OF MARCH 2011.

CITY OF LA VISTA

## **Independent Accountants' Report on Financial Statements and Supplementary Information**

The Mayor and City Council  
City of La Vista, Nebraska

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of La Vista as of and for the year ended September 30, 2010, which collectively comprise the City of La Vista's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of La Vista's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of La Vista as of September 30, 2010, and the respective changes in financial position and cash flows, where applicable, and the respective budgetary comparison for the general fund, keno fund and economic development fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 3, 2011, on our consideration of the City of La Vista's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The City has not presented management's discussion and analysis that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

The budgetary information as listed in the table of contents is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

BKD, LLP

See Notes to the Financial Statements

**City of La Vista, Nebraska**  
**Reconciliation of the Statement of Revenues, Expenditures,**  
**and Changes in Fund Balances of Governmental Funds**  
**to the Changes in Net Assets of Governmental Activities**  
**Year Ended September 30, 2010**

Net change in fund balances - total governmental funds \$ (1,256,688)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period. (762,455)

Proceeds from debt issues are another financing source in the governmental funds, but a debt issue increases long-term liabilities in the statement of net assets. Other related amounts include the amount by which bond issue costs exceed amortization, which is an expenditure in the funds, but these costs are capitalized in the statement of net assets and amortized over their useful lives. (11,509,462)

Repayment of bond and warrant principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 13,702,942

In the statement of activities, interest is accrued on outstanding bonds and warrants, whereas in governmental funds, an interest expenditure is reported when due. 30,544

Compensated absences do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (31,774)

Special assessments receivable are offset by deferred revenue and, therefore, no allowance for doubtful accounts is necessary. 57,920

Deferred revenues represents funds not available in the current period and, therefore, are not recognized as revenue in the governmental funds. (263,356)

Proceeds received from annexation as reported in the governmental funds includes only net assets available in the current period, but in the Statement of Activities, net assets received from annexation also includes non-current net assets. 527,262

Change in net assets of governmental activities \$ 494,933

## **Notes to Financial Statements**

**September 30, 2010**

### **Note 1: Summary of Significant Accounting Policies**

#### ***Introduction***

The accounting and reporting framework and the more significant accounting principles and practices of the City of La Vista, Nebraska (the "City") are discussed in the subsequent section of this Note. The remainder of the Notes are organized to provide explanations, including required disclosures, of the City's financial activities for the fiscal year ended September 30, 2010.

The City of La Vista, Nebraska operates under a Council-Mayor form of government and provides the following services: public safety (police and fire), public works (highway and streets), sanitary sewer, culture and recreation, community development (public improvements), planning and zoning, and general administrative services.

#### ***Financial Reporting Entity***

These financial statements present the financial statements of the City as the primary government. In determining its reporting entity, the City has considered all potential component units for which it is financially accountable, including other organizations which are fiscally dependent on the City, or the significance of their relationship with the City are such that exclusion would make the financial statements misleading or incomplete. The Governmental Accounting Standards Board ("GASB") has set forth criteria to be considered in determining financial accountability, which was used in making this evaluation.

The City has determined the La Vista Municipal Facilities Corporation is a blended component unit. A blended component unit, although a legally separate entity, is a direct part of the government's operations.

#### ***Measurement Focus, Basis of Accounting and Financial Statement Presentation***

The financial statements of the City are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The City's reporting entity applies all relevant GASB pronouncements and applicable Financial Accounting Standards Board ("FASB") pronouncements and Accounting Principles Board ("APB") opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services provided to City departments. Reimbursements are reported as reductions to expenses. Proprietary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met.

# **City of La Vista, Nebraska**

## **Notes to Financial Statements**

**September 30, 2010**

### **Note 1: Summary of Significant Accounting Policies - Continued**

#### ***Measurement Focus, Basis of Accounting and Financial Statement Presentation - Continued***

Governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period and that it is legally available for such purposes. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenues that are determined to be susceptible to accrual include real estate taxes, earned interest, and charges for services. Major revenues not susceptible to accrual because they are either not available early enough to pay liabilities from the current period or are not measurable until received include sales and franchise taxes, special assessments, licenses, permits, and fines. Revenues not considered available are recorded as deferred revenues.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

#### ***Basis of Presentation***

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the City as a whole excluding fiduciary activities. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the City.

# City of La Vista, Nebraska

## Notes to Financial Statements

September 30, 2010

### Note 1: Summary of Significant Accounting Policies - Continued

#### ***Basis of Presentation - Continued***

Net assets should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Separate financial statements are provided for governmental funds and proprietary funds. Fund financial statements report detailed information about the City. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Major individual funds are reported in separate columns in the fund financial statements. A fund is considered major if it is the primary operating fund of the City, meets specific mathematical criteria set forth by GASB or is identified as a major fund by the City's management.

#### ***Fund Types and Major Funds***

Governmental funds are those through which most general governmental functions of the City are financed. Governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

The City reports the following major governmental funds:

General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Keno Fund is used to account for the revenues and expenses related to the Keno operations of the City. The funds of which are used for community betterment.

Capital Improvements Fund is used to account for resources and expenditures to purchase and construct capital assets.

Economic Development Fund is used to create jobs and/or develop tourism for the purpose of supporting the City's commercial developments, rehabilitate residential neighborhoods and expand industrial development in order to ensure economic stability and vitality of the City.

**City of La Vista, Nebraska**  
**Notes to Financial Statements**  
**September 30, 2010**

**Note 1: Summary of Significant Accounting Policies - Continued**

***Fund Types and Major Funds - Continued***

Proprietary funds are used to account for the City's ongoing organizations and activities that are similar to those often found in the private sector. Proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included in the statement of net assets. Proprietary fund operating statements present increases and decreases in net total assets.

The City reports the following major proprietary funds:

Sewer Fund accounts for the activities of the government's sewer utility.

Golf Fund accounts for the activities of the government's golf course.

***Cash and Investments***

The City maintains a cash deposit pool that is available for use by all funds. The pool consists of bank deposits and investments. The equity of proprietary funds in this pool is considered to be cash and cash equivalents for purposes of the statement of cash flows. In addition, cash and investments are separately held by several of the City's funds.

Nonnegotiable certificates of deposit are carried at amortized cost, which approximates fair value. All other investments are carried at fair value. Fair value is determined using quoted market prices.

Investment income includes dividend and interest income and the net change for the year in the fair value of investments carried at fair value. Investment income is assigned to the funds with which the related investment asset is associated.

***Special Assessments***

Special assessments are recorded as revenue in the year the assessments become current; those amounts receivable after one year are recorded as deferred revenue. Annual installments not yet due are reflected as special assessments receivables and deferred revenues.

***Unbilled Sewer Revenue***

Billings for sewer revenues are rendered on a monthly basis. Unbilled sewer revenues, representing estimated consumer usage for the period between the last billing date and the end of the year, have been recorded.

**City of La Vista, Nebraska**  
**Notes to Financial Statements**  
**September 30, 2010**

**Note 1: Summary of Significant Accounting Policies - Continued**

***Capital Assets and Depreciation***

The City's property, plant, equipment and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements; proprietary capital assets are also reported in their respective fund. The City maintains infrastructure asset records consistent with all other capital assets. The City generally capitalizes assets with a cost of \$2,500 or more as purchase and construction outlays occur. Such assets are recorded at historical cost or estimated historical cost. Donated assets are stated at fair value on the date donated. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized.

Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

The City has adopted Governmental Accounting Standards Board (GASB) Statement 51 as of October 1, 2009. The statement requires that all intangible assets, including right of ways, be classified as capital assets. Current year purchases of right of ways have been included in capital assets as land and have been determined to have an indefinite useful life. The City has not retroactively reported any intangible assets.

Estimated useful lives, in years, for depreciable assets are as follows:

Buildings	10 – 45 years
Improvements	5 – 30 years
Infrastructure	20 – 60 years
Equipment, furniture, and fixtures	5 – 20 years

***Long-Term Obligations***

In government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond issuance costs, bond discounts or premiums and the difference between the reacquisition price and the net carrying value of refunded debt are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest method.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures.

# City of La Vista, Nebraska

## Notes to Financial Statements

September 30, 2010

### Note 1: Summary of Significant Accounting Policies - Continued

#### ***Compensated Absences***

Vacation leave and other compensated absences with similar characteristics are accrued as the benefits are earned if the leave is attributable to past services and it is probable that the City will compensate the employees for such benefits. Sick leave and other compensated absences with similar characteristics are accrued as the benefits are earned only to the extent that it is probable that the City will compensate the employees for such benefits. Such accruals are based on current salary rates plus an additional amount for compensation-related payments such as Social Security and Medicare taxes and pension amounts using rates in effect at that date.

Vacation and sick leave is accrued in accordance with the City's policy, when incurred in the government-wide and proprietary fund financial statements. In the governmental funds, only compensated absences expected to be liquidated with expendable available financial resources are recorded as a fund liability.

#### ***Net Assets Classification***

Net assets are required to be classified into three components – invested in capital assets, net of related debt, restricted and unrestricted. These classifications are defined as follows:

*Invested in capital assets, net of related debt* – This component of net assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to unspent proceeds is not included in the calculation of invested in capital assets, net of related debt.

*Restricted* – This component of net assets consists of restrictions placed on net assets use through external constraints imposed by creditors (such as debt covenants), contributors, or law or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

*Unrestricted* – This component consists of net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# **City of La Vista, Nebraska**

## **Notes to Financial Statements**

**September 30, 2010**

### **Note 2: Budget and Budgetary Accounting**

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- The City's department and division heads prepare and submit budget requests for the following fiscal year to the City Administrator who then reviews the request with the department and division heads.
- After this review process has been completed, the City Administrator presents these budget requests to the Mayor and City Council along with recommendations as to what changes, if any, should be made. These budget requests and recommendations are reviewed by the City Council at meetings open to the public.
- A public hearing on the budget is then conducted at a City Council meeting to obtain comments from citizens.
- Prior to September 20, the City Council legally enacts the ensuing fiscal year's budget through the passage of a resolution adopting the budget.
- Formal budgetary integration is employed as a management control device during the year for General, Debt Service and Proprietary Funds.
- The budgets adopted are stated on a cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America.

### **Note 3: Deposits and Investments**

#### ***Deposits***

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities of the state of Nebraska; bonds of any city, county, school district or special road district of the state of Nebraska; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits. The statutes allow pledged securities to be reduced by the amount of the deposit insured by the Federal Deposit Insurance Corporation (FDIC).

**City of La Vista, Nebraska**  
**Notes to Financial Statements**  
**September 30, 2010**

**Note 3: Deposits and Investments - Continued**

***Deposits - Continued***

At September 30, 2010, the City's deposits in excess of FDIC limits are covered by collateral held in a Federal Reserve pledge account or by an agent of the City.

***Investments***

Generally, the City's investing activities are managed under the custody of the City Finance Director. The City does not have a specific investment policy, but follows state statutes. The City may legally invest in state-sponsored pooled investment funds and in direct obligations of and other obligations guaranteed as to principal by the U.S. Treasury and U.S. Agencies and instrumentalities.

*Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates (market rates) will affect the fair value of an investment.

*Custodial Credit Risk* – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in possession of an outside party.

*Credit Risk* – Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The City's only investments are units of participation in the short-term investment pool of the Nebraska Public Agency Investment Trust ("NPAIT"). NPAIT is a special purpose government established under Nebraska statute. The investment pool or trust is not registered and is not rated for credit risk. The City limits its interest rate risk by investing only in the short-term pool, which consists primarily of government agency or government securitized investments with maturities of less than one year. The amount invested in the NPAIT pool was \$4,130,465 at September 30, 2010.

*Concentration of Credit Risk* – The City places no limit on the amount that may be invested in any one issuer.

# City of La Vista, Nebraska

## Notes to Financial Statements

September 30, 2010

### Note 3: Deposits and Investments - Continued

#### *Summary of Carrying Values*

The carrying values of deposits are included in the government-wide statement of net assets as follows:

Carrying Values	
Cash at county treasurer	\$ 43,899
Deposits	12,892,438
Investments	<u>4,130,465</u>
	<u>\$ 17,066,802</u>

Included in the following statement of net assets captions as follows:

Cash and cash equivalents	\$ 8,538,247
Cash at country treasurer	43,899
Certificates of deposit	4,354,191
Investments	<u>4,130,465</u>
	<u>\$ 17,066,802</u>

### Note 4: Property Taxes

The tax levy for the City is certified by the Sarpy County Board each year. Real estate taxes are due and attached as an enforceable lien on December 31 following the levy date. The first half of real estate taxes becomes delinquent on April 1 and the second half becomes delinquent August 1 following the levy date. Delinquent taxes bear interest at a 14% annual rate. Property taxes are collected by the County Treasurer and are periodically remitted to the City.

The tax rate to finance governmental services other than the payment of principal and interest on long-term debt for the year ended September 30, 2010 was \$0.4435 per \$100 of assessed valuation and the debt service requirement was \$0.0800 per \$100 of assessed valuation. The assessed valuation for the 2009-2010 tax year was \$1,018,941,739.

## Notes to Financial Statements

September 30, 2010

### Note 5: Reconciliation of Budget Basis to GAAP

Amounts presented on a non-GAAP budget basis of accounting differ from those presented in accordance with GAAP due to the treatment afforded accruals, encumbrances, and funds for which legally adopted annual budgets are not established. A reconciliation for the year ended September 30, 2010, which discloses the nature and amount of the adjustments necessary to convert the actual GAAP data to the budgetary basis, is presented below:

	General Fund	Keno Fund	Economic Development Fund
Net change in fund balance			
Balance on a GAAP basis	\$ (205,401)	\$ (879,072)	\$ (313,576)
Basic differences (accruals) occur because the cash basis of accounting used for budgeting differs from the modified accrual basis of accounting prescribed for governmental funds	190,518	91,214	-
Balance on a budget basis	<u>\$ (14,883)</u>	<u>\$ (787,858)</u>	<u>\$ (313,576)</u>

### Note 6: Receivables

Receivables at September 30, 2010, consist of the following:

Fund	Taxes	Accounts Receivable	Special Assessments	Interest	Note Receivable	Gross Receivables	Allowance for Uncollectibles	Net Receivables
General	\$ 487,128	\$ 459,858	\$ -	\$ -	\$ -	\$ 946,986	\$ -	\$ 946,986
Debt Service	217,758	-	1,735,362	42,993	-	1,996,113	55,166	1,940,947
Keno	-	99,483	-	-	-	99,483	-	99,483

## Notes to Financial Statements

September 30, 2010

### Note 8: Long-term Liabilities

General obligation bonds, issued by the City for various municipal improvements, are repaid with property taxes recorded in the Debt Service Fund. The City has pledged its full faith and credit as collateral for the general obligation bonds. The City has no debt outstanding subject to legal debt limitations. The City's borrowing capacity is restrained by maintaining the City's debt at a responsible level.

The following is a summary of long-term debt activity of the City for the year ended September 30, 2010:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<b>Governmental Activities</b>					
Long-term debt					
General obligation bonds	\$ 62,030,000	\$ 11,595,000	\$ 13,575,000	\$ 60,050,000	\$ 3,000,000

2026-2030	10,955,000	1,899,551	-	-	-	-
	<u>\$ 60,050,000</u>	<u>\$ 32,371,635</u>	<u>\$ 545,286</u>	<u>\$ 35,266</u>	<u>\$ 470,000</u>	<u>\$ 52,478</u>

**Registered Warrants**

On August 15, 1999, the City annexed the Brook Valley South Phase II portion of Sanitary and Improvement District No. 59 ("SID"). At September 30, 2010, the agreement to divide the debt of SID No. 59 was not final. The City believes the best estimate of debt attributable to the Brook Valley South Phase II portion of SID No. 59 is \$640,554.

**Bond Refunding**

On November 1, 2009, the City issued \$3,050,000 in Refunding Bonds (La Vista Police Facility Project), Series 2009, with interest rates of 2.50% to 3.95%, to advance refund \$3,020,000 of Building Bonds (La Vista Police Facility Project), Series, 2002. The refunding resulted in a cash flow differential of approximately \$283,000 and an economic gain of approximately \$227,000.

On November 1, 2009, the City issued \$8,320,000 in General Obligation Various Purpose Refunding Bonds, Series 2009, with interest rates of 2.00% to 3.80%, to advance refund \$2,945,000 of Various Purpose Refunding Bonds, Series 2003; \$2,005,000 of Various Purpose Refunding Bonds, Series 2003; \$1,725,000 of General Obligation Bonds, Series 2004; and \$1,545,000 of Refunding Bonds, Series 2004. The refunding resulted in a cash flow differential of approximately \$907,000 and an economic gain of approximately \$656,000.

# City of La Vista, Nebraska

## Notes to Financial Statements

September 30, 2010

### Note 9: Interfund Balances and Activity

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds.

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (b) move revenues from restricted funds to funds where the expenditures were incurred related to the restrictions and to (c) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Transfer To/From Other Funds at September 30, 2010, consists of the following cash and capital asset transfers:

Transfer To		Transfer From			
		General Fund	Debt Service Fund	Keno Fund	Capital Improvements Fund
General	\$ 11,000	\$ -	\$ -	\$ 11,000	\$ -
Debt Service	927,245	-	-	927,245	-
Capital Improvements Fund	593,000	45,000	493,000	55,000	-
Other Governmental Funds	650,000	650,000	-	-	-
Golf	234,964	-	-	215,000	19,964
	<u>\$ 2,416,209</u>	<u>\$ 695,000</u>	<u>\$ 493,000</u>	<u>\$ 1,208,245</u>	<u>\$ 19,964</u>

### Note 10: Retirement Plans

The employees of the City are covered by several retirement plans as detailed below. All plans are administered by outside trustees and, therefore, are not included in the City's basic financial statements.

#### *City Administrator's Retirement Plan*

The City has a defined contribution pension plan covering the City Administrator. The plan requires that both the employee and the City contribute an amount equal to 6% of the employee's base salary per pay period. The City's and plan member's contributions to the plan for the year ended September 30, 2010 were \$7,210 each.

**City of La Vista, Nebraska**  
**Notes to Financial Statements**  
**September 30, 2010**

**Note 10: Retirement Plans - Continued**

***Civilian Employee Retirement Plan***

The City has a defined contribution pension plan covering all civilian employees who are eligible. The plan requires that both the employee and the City contribute an amount equal to 6% of the employee's base salary per pay period. The City's and plan member's contributions to the plan for the year ended September 30, 2010 were \$192,394 each.

***Police Retirement Plan***

The City has a defined contribution pension plan for its full time employees in the Police Department. The plan was converted effective January 1, 1984, from a defined benefit plan to a defined contribution plan. The plan requires that both the employee and the City contribute an amount equal to 6% of the employee's base salary per pay period. The City's and plan member's contributions to the plan for the year ended September 30, 2010 were \$132,328 each.

***Fire Retirement Plan***

The City has a defined contribution pension plan for its full time employees in the Fire Department. The plan was effective June 2007. The plan requires that the employee contribute an amount equal to 6.5% and the City contribute an amount equal to 13% of employee's base salary per pay period. The City's contributions to the plan for the year ended September 30, 2010 were \$11,909 and the plan member's contributions to the plan for the year ended September 30, 2010 were \$5,954 each.

***Deferred Compensation Plan***

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all regular permanent full and part-time City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) held in trust for the exclusive benefits of the participants and their beneficiaries. The plan assets are held in trust by a third party for the employees and are not reflected in these financial statements.

**City of La Vista, Nebraska**  
**Notes to Financial Statements**  
**September 30, 2010**

**Note 11: Keno Fund Operations**

The following data summarizes the Keno (Special Revenue) Fund's activity for the year ended September 30, 2010:

Gross sales	\$ 17,055,461
Less: prizes paid	(13,720,831)
Operator's commission	(2,075,091)
Deposits to progressive games	<u>447</u>
Net keno revenue	<u><u>\$ 1,259,986</u></u>

**Note 12: Risk Management**

The City is exposed to various risks of loss related to torts, theft, damage to, or destruction of assets, errors or omissions, injuries to employees, or natural disasters. These risks are transferred to independent insurance carriers and no self-insurance program is maintained by the City. City management believes adequate coverage exists for potential exposures as of September 30, 2010. The City did not pay any settlement amounts which exceeded its insurance coverage for any of the three preceding years.

**Note 13: Commitments and Contingencies**

***Commitments***

During the year, the City has accepted various bids for street improvements and other projects in the normal course of business that have not been completed and/or fully paid for at year-end.

***Claims and Litigation***

The City is involved in various litigation matters in the normal course of business. The outcome of such litigation is not expected to have a material effect on the City's financial position or results of operations.

***Government Grants***

The City participates in a number of federally assisted grant programs, which are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agencies, is not determinable at this time; however, City officials do not believe that such amounts, if any, will be significant.

**City of La Vista, Nebraska**  
**Notes to Financial Statements**  
**September 30, 2010**

**Note 14: Annexation**

Effective December 16, 2009, the City annexed Sanitary Improvement District No. 214. At the time of annexation, the City assumed all assets and liabilities of the annexed area which were recorded at fair value. Annexation resulted in revenue of \$289,479 included in other contributions in the governmental funds statement of revenues, expenditures, and changes in fund balances and \$183,571 included in non-operating revenues in the proprietary funds statement of revenues, expenses, and changes in net assets. Annexation revenue of \$908,464 and \$183,571 is included in capital grants and contributions in the statement of activities for governmental and business-type activities, respectively.

*Government Auditing Standards***

The Mayor and City Council  
City of La Vista, Nebraska

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information the City of La Vista as of and for the year ended September 30, 2010, which collectively comprise its basic financial statements and have issued our report thereon dated March 3, 2011, which contained an explanatory paragraph regarding exclusion of required supplementary information. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 10-01 to be a material weakness.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted certain matters that we reported to the City's management in a separate letter dated March 3, 2011.

The City's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the governing body, management and others within the City and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

March 3, 2011

**Independent Accountants' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133**

The Mayor and City Council  
City of La Vista, Nebraska

**Compliance**

We have audited the compliance of the City of La Vista with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2010. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the compliance of the City of La Vista based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City of La Vista complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2010.

**Internal Control Over Compliance**

The management of the City of La Vista is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the governing body, management, others within the City, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## Independent Accountants' Report on Financial Statements

The Honorable Major and City Council  
Economic Development Fund  
City of La Vista, Nebraska

We have audited the accompanying financial statements of the Economic Development Fund of the City of La Vista, Nebraska as of and for the years ended September 30, 2010 and 2009. These financial statements are the responsibility of City of La Vista's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Economic Development Fund and do not purport to, and do not, present fairly the financial position of the City of La Vista, Nebraska as of September 30, 2010 and 2009, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Economic Development Fund of the City of La Vista, Nebraska as of September 30, 2010 and 2009, and its changes in financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

# **Economic Development Fund City of La Vista, Nebraska**

## **Notes to Financial Statements**

**September 30, 2010 and 2009**

### **Note 1: Summary of Significant Accounting Policies**

#### ***Organization***

On September 30, 2003, the citizens of the City of La Vista, Nebraska (the "City") voted to establish the Economic Development Program to create jobs and/or develop tourism for the purpose of supporting the City's commercial developments, rehabilitate residential neighborhoods and expand industrial development in order to ensure economic stability and vitality of the City.

#### ***Financial Reporting Entity***

The financial statements of the Economic Development Fund include all significant separately administered activities for which the Economic Development Fund is financially accountable. Financial accountability is determined on the basis of selection of governing authority, imposition of will, a financial benefit/burden relationship, and/or fiscal dependency. The Economic Development Fund's financial statements are included in the City's financial statements as a major governmental fund.

The financial statements present only the Economic Development Fund and do not purport to, and do not, present fairly the financial position of the City as of September 30, 2010 and 2009, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

#### ***Basis of Accounting***

The Economic Development Fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period and that it is legally available for such purposes. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# **Economic Development Fund City of La Vista, Nebraska**

## **Notes to Financial Statements**

**September 30, 2010 and 2009**

### **Note 1: Summary of Significant Accounting Policies - Continued**

#### ***Cash and Cash Equivalents***

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The Economic Development Fund follows the City's deposit policy for custodial credit risk which requires compliance with the provisions of state statutes.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities of the state of Nebraska; bonds of any city, county, school district or special road district of the state of Nebraska; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits. The Statutes allow pledged securities to be reduced by the amount of the deposit insured by the Federal Deposit Insurance Corporation (FDIC).

Effective July 21, 2010, the FDIC's insurance limits were permanently increased to \$250,000.

In addition to the separate savings account and certificates of deposit maintained by the Economic Development Fund, the Fund also participates in the pooled cash accounts maintained by the City. The Economic Development Fund's share of this pool was \$275,163 and \$422,411 at September 30, 2010 and 2009, respectively.

### **Note 2: Note Receivable**

The City has a note receivable from a developer for an economic development project. As of September 30, 2010 and 2009, the balance of the loan with the developer was \$15,810,692 with an interest rate equal to the average coupon rate of the bonds issued to fund the loan. Accrued interest receivable on the loan amounted to \$296,643 at September 30, 2010 and 2009.

### **Note 3: Long-term Debt**

Economic Development Fund long-term bonded debt is comprised of the following individual issues:

<b>Description</b>	<b>Interest Rate</b>	<b>Maturity Date</b>	<b>Ending Balance</b>
Economic Development Fund Bonds, Series 2007	6.00-7.73%	10/15/2029	\$ 20,695,000

# Economic Development Fund City of La Vista, Nebraska

## Notes to Financial Statements September 30, 2010 and 2009

### Note 3: Long-term Debt - Continued

The City issued these taxable special purpose economic development bonds in July 2007. The initial principal payment is due October 15, 2010. Debt service on these bonds are to be funded from local tax revenue and other sources at the City's discretion.

The annual debt service requirements to maturity for bonded debt as of September 30, 2010 is as follows:

<u>Year Ending September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2011	\$ 505,000	\$ 1,494,533	\$ 1,999,533
2012	535,000	1,463,172	1,998,172
2013	570,000	1,429,662	1,999,662
2014	605,000	1,393,396	1,998,396
2015	645,000	1,353,854	1,998,854
2016-2020	3,920,000	6,059,611	9,979,611
2021-2025	5,630,000	4,355,777	9,985,777
2026-2030	<u>8,285,000</u>	<u>1,700,407</u>	<u>9,985,407</u>
Total	<u>\$ 20,695,000</u>	<u>\$ 19,250,412</u>	<u>\$ 39,945,412</u>
