I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

- 1 The Baseball Field—We provide our baseball field to local area teams and leagues for us as a practice facility. The costs include land usage, upkeep, and maintenance. This is an ongoing activity. The field is available to teams from the spring through the fall. This is the primary use of the field. The church generally uses the field for its own purposes less than a half a dozen times a year. We believe that it is worth keeping the field, even though we get little use out of it, because it is a way that we can give back to our community.
- 2 Summer Carnival—We hosted a carnival that was promoted throughout the community. This was an event that was targeted toward elementary age children. We provided games for the children that included prizes. We had bounce houses for the kids. We also provided free food and drinks for the children and their families. This event was held on our property at 9505 Harrison St.
- 3 Easter Egg Hunt—This event was promoted within the community. It was targeted toward young children. We provided candy and small toys in plastic eggs for the children to hunt for.
- 4 Community Carnival/Concert—This event was promoted throughout the greater Omaha area through online, print and, TV media outlets. We provided a concert with two bands and a professional puppet show. We had bounce houses for the kids. We also provided hot dogs, snacks, drinks, and dessert for all those in attendance. We also gave away several door prizes, including two new children's bicycles.
- 5 Community Car Wash—We hosted a free car wash for anyone who desired to come by and have their car cleaned.

Beautiful Savior Lutheran Church has been located at our new building in La Vista since September of 2007. Our 50th anniversary will be celebrated in January 2012 at our new home across the street from the La Vista Police Department at 96th and Melissa Street.

During the past fifty years, our congregation has actively embraced community involvement in the Tri-City area of La Vista, Papillion and Ralston. Our physical relocation from 90th and Q streets has facilitated continued growth for our organization and enhanced our ability to support meaningful activities and serve countless people in these communities.

The following is a brief description of activities our congregation presently contributes to the La Vista community;

- La Vista Daze – We provide resources, volunteers and musicians for celebration activities and the annual parade.
- Step Out and Serve – We provide materials, volunteers and resources to paint, rake and improve local properties for families in need during the month of August each year.
- Embrace Teachers – We provide support, recognition and materials to areas schools. We have adopted Parkview Elementary School in La Vista for over five years.
- Tri-City Food Shelf – We provide volunteers, donation collection and distribution coordination to support our area food pantry.
- Health Ministry – Our congregation regularly provides qualified medical personnel, resources and facility for blood drives, health screenings, flu shots, wellness and bike safety programs.
- Assisted Living Ministry – We provide support and appreciation in La Vista adult living communities with coat and food drives as well as shut-in ministry visitations and activities.
- In addition to these activities, we also are a member in the La Vista Chamber of Commerce and are an emergency location for Portal Elementary School.

Because of our past history of community support, we believe that obtaining a permit for firework sales would greatly enhance not only our continued contribution to the La Vista community but strengthen our ability to expand our future efforts.
