## Residents Asked to Move Vehicles Before Forecasted Storm

Ahead of a forecasted winter storm with the potential for 3-5 inches of snow, La Vista residents are being asked to move all vehicles from residential streets.

In many areas of the city the street has narrowed due to the snow accumulation. Moving cars off the street will help provide the space our Public Works crews will need to clear the streets if it does snow.

While this is not a snow emergency, this is an opportunity to be proactive and prepared in case it does snow.
