- The PW crews had been working on winter projects around the shop, fixing equipment and keeping up with snow removal.
- Park Superintendent Jason Allen has submitted the Tree City USA application for the year.
- Eagle Scouts Birdhouse project is finished and they are installing those around the city.
- Using a slide presentation, Thornburg went over the extensive renovation of the Sports Complex Baseball Field (#1) that took place this past year.

Member Kupfer asked who plays on this field. Denny Dinan said that the field is busy everyday from April 1st to July 1st with youth and adult baseball, and from July to October with Senior Baseball. He said the renovations they did were amazing and that they did a tremendous amount of work on it. He said the entire metro area is frequently asking to rent the field, and now will be even more popular with the renovations that took place.

B. Officially Naming the Area Currently Referred to as Civic Center Park

1. Stopak opened the public hearing. He then went over the background information and reasoning for the proposed official naming of the area currently referred to as Civic Center Park. Stopak asked for any comments from the public. As there was none, the public hearing was closed.
2. A recommendation is being requested from the Park & Recreation Advisory Board to advance to City Council the naming of the current Civic Center Park area to the official name of Central Park. A first motion from Member Kupfer, seconded by Member Jones. All aye. Absent: Chairperson Lodes. Motion carried.

COMMENTS FROM THE FLOOR

None.

COMMENTS FROM COMMITTEE MEMBERS

Member Kupfer had a question on the revenue numbers for the Recreation Department, and why it was showing a deficit. It was explained that the deficit comes from subtracting the revenue taken in by the expected revenue, which is set by Council during the budget process. At times there is a plus, sometimes a deficit, depending on registrations, field rentals, room rentals, etc., all of which are down this year because of COVID.

Kupfer discussed the trails through La Vista during the winter months. He walks Southwind trail, but imagines it is the same on the other trails, that the plows frequently take out chunks of sod when clearing the paths. He was wondering if there were some kind of permanent markers that could be placed, especially on the curved areas, so the plows would know where the boundaries are. This may save time and money in the spring. Thornburg said he would look into it.

Kupfer also discussed with Stopak and Karlson the exercise rooms, and if it would be worthwhile to have the front desk person squirt hand sanitizer into people's hands along with taking their temperatures, which they are doing now. Karlson mentioned that we do have hand sanitizer for people to use that is located throughout the facility. Staff said they would review current Covid procedures and make any adjustments if needed.

Member Mechels-Stuby asked if there was any concern over the financial implications of the lost revenue during the pandemic. Stopak said at the moment we are monitoring the expenses and revenue.

Member Kupfer made a motion for adjournment. Seconded by Member Mechels-Stuby. All ayes.
Absent: Chairperson Lodes. Motion carried.
