4. Old Business

Commission member Sargus referenced the May 15th training and asked staff if it would be possible to organize regular joint meetings of the Planning Commission and City Council. Bruce Fountain responded that he would explore that opportunity.

5. New Business

5A. Replat – Schaefer’s First Addition Replat One – Heritage Condominiums, Inc.

Staff Report – Cale Brodersen, Associate City Planner: Brodersen explained that this replat application is to split the existing property into three, allowing the owner to sell the vacant parcels on either side of the Heritage Condos for future development. Brodersen mentioned that the application that the Planning Commission recently reviewed for a Conditional Use Permit for a 16-bed assisted living facility was for the western-most parcel related to this replat application.

Sargus asked for clarification about the comment in the staff report pertaining to an additional access point. Brodersen identified on a map where there is a secondary access drive that the applicant is requesting being opened up behind the Casey’s and Sonic that would lead to 72nd Street. He explained that the existing subdivision agreement states that this access drive may be opened up with granted permission from City Council.

Krzywicki asked if the two access points would be sufficient for the additional traffic related to the future development. Brodersen confirmed that these two access points would be more than sufficient to accommodate the future development, due to the limited size of the property and the type of development that is permitted for these locations.

Recommendation:

Sargus moved, seconded by Malmquist to recommend approval to the City Council the Replat Schaefer’s First Addition Replat One for the reasons identified in the staff report and discussed at the meeting.

RESULT:	Motion carried 5-0-0
MOTION BY:	Sargus
SECONDED BY:	Malmquist
