for an Indoor Recreation Facility—Lot 1,
I-80 Industrial Park Replat 4 — Maren Haas
Reasland**

**CITY OF LA VISTA
PLANNING DIVISION**

RECOMMENDATION REPORT

CASE NUMBER: 2016-CUP-06

FOR HEARING OF: December 8, 2016
Report Prepared on November 30, 2016

I. GENERAL INFORMATION

- A. APPLICANT:** Maren Haas Reasland
- B. PROPERTY OWNER:** RFW Properties LLC
- C. LOCATION:** 135th and Giles Road
- D. LEGAL DESCRIPTION:** Lot 1, I-80 Industrial Park Replat 4
- E. REQUESTED ACTION(S):** Use of a portion of the building for an indoor recreational facility as conditionally permitted in the I-1 Light Industrial district of the La Vista Zoning Ordinance.
- F. EXISTING ZONING AND LAND USE:**
I-1 Light Industrial; the property contains existing buildings which houses nine suites for permitted industrial uses
- G. PROPOSED USES:** The Conditional Use Permit (CUP) will allow the applicant to operate an indoor recreational facility; specifically a dance studio primarily intended to accommodate a dance studio in an approximately 4,500 sq. ft. bay within a 24,750 sq. ft. building
- H. SIZE OF SITE:** 1.69 acres

II. BACKGROUND INFORMATION

- A. EXISTING CONDITION OF SITE:** The property contains one building which has tenant bays for industrial flex space. Deep Fiber Solutions, Timmy's Treehouse Photography. Boyd Coffee Company, and Titan Energy Systems in separate bays of the same building.
- B. GENERAL NEIGHBORHOOD/AREA LAND USES AND ZONING:**
 - 1. **North:** Interstate Industrial Park; I-2 Heavy Industrial District
 - 2. **East:** South Pacific Storage; I-1 Light Industrial District
 - 3. **South & West:** New Breed Leasing Corporation; I-1 Industrial District

C. RELEVANT CASE HISTORY:

N/A

D. APPLICABLE REGULATIONS:

1. Section 5.13 of the Zoning Regulations – I-1 Light Industrial District
2. Article 6 of the Zoning Regulations – Conditional Use Permits

III. ANALYSIS

A. COMPREHENSIVE PLAN:

1. The Future Land Use Map of the Comprehensive Plan currently designates this property for industrial uses.

B. OTHER PLANS: N/A

C. TRAFFIC AND ACCESS:

1. Access will be from existing drives providing egress / ingress to Giles Road. Two access points currently exist on this property.
2. Based on the traffic volumes stated in the revised Operating Statement, the City Engineer does not find that a traffic impact study is required.

D. UTILITIES: All utilities are available to the site.

E. PARKING REQUIREMENTS: The parking requirements would follow the minimum need for a recreational facility. The zoning requirement for recreational facilities is 1 parking space per 4 occupants. The zoning requirement for industrial flex space is 1 parking space per 3,000 square feet of gross floor area (this would apply to the other tenants in the building).

The applicant has noted in the attached Operational Statement an expected peak parking demand will range from 10 to 19 stalls depending on what assumptions are made. At present much of the remainder of the building has low activity uses, so trying to evaluate present parking demand is not useful. Therefore, based on an analysis using the code parking requirement of 1 stall per 3,000 square feet for industrial flex space in the remainder of the building, the total parking demand would be 17 to 26 stalls. In front for the building there are a total of 57 stalls and there are additional stalls behind the building, which is in excess of what is required for the current and proposed uses of bays within the building.

F. LANDSCAPING: N/A

IV. REVIEW COMMENTS:

1. The proposed setbacks meet the requirements set forth as per Section 5.13 (I-1 Light Industrial District) of the Zoning Ordinance.
2. In order to avoid concerns that large spectator events would cause parking problems or traffic congestion, no dance recitals or performances will be conducted in this location as part of this use.

V. STAFF RECOMMENDATION – CONDITIONAL USE PERMIT:

Staff recommends approval of the Conditional Use Permit as the CUP request is consistent with the Comprehensive Plan and the Zoning Ordinance.

VI. ATTACHMENTS TO REPORT:

1. Vicinity Map
2. Applicant's Operational Statement
3. Staff Review Letter
4. Draft CUP

VII. COPIES OF REPORT TO:

1. Maren Haas Reasland, Applicant

The Next Step...Dancing with Maren

The Next Step... Dancing with Maren is a dance studio that has been operating for 11 plus years. The studio provides classes for students ranging in age from 2 years old through adult. The classes offered include genres such as ballet, tap, jazz, lyrical, contemporary, hip hop, acro dance and pom pom. The studio operates in off peak hours to accommodate the schedules of our parents and students. On average the studio is in operation Monday through Thursday 4:30 p.m. until 8:30 p.m. and Saturday 9:30 until 3:30 p.m. During these time frames, most of our class times are broken down into 45 minute increments where students are taking different types of classes in each one of our two dance studios. The studio space is solely used for dance classes and private lessons. The space is and will not be used for performances or recitals.

Class sizes range on average from 4-8 students per class with some specialty classes having up to 15. When scheduling of a specialty class with the higher number of students only one of the studios is used during that time period. This is done to alleviate stress on our teachers and give our dancers a more personal and one on one experience. During our hours of operation there is usually 2-3 staff/employees in the building at a time. Majority of our student's parents drop off and pick up their dancers at the beginning and conclusion of each class. With our alternating schedules in each studio (Studio A @ 4:30, 5:15, 6:00, etc. & Studio B @ 4:45, 5:30, 6:15, etc.) the average parking stalls needed and used by our clients and staff range from 6-10. At any given time during our operating our average number of people in the lobby area is 3-5 parents. The average number of students in the total building at any given time is 10.

RE: Conditional Use Permit – Initial Review
The Next Step... Dancing with Maren
13595 Giles Rd. Ste. I
Indoor Recreation-Dance Studio

Mrs. Reasland:

Thank you for your submittal of The Next Step... Dancing with Maren CUP request to allow for an indoor recreation facility on Lot 1, I-80 Industrial Park Replat 4. Based on the elements for consideration set forth in Article 6.05 of the Zoning Ordinance, our staff has reviewed the submittal and has provided the following comments:

1. In regards to Article 6.05.02, please revise the Operating Statement to confirm that dance recitals will not be conducted in this location as part of this use. Clarity on this is needed in order to avoid concerns that large spectator events would cause parking problems or traffic congestion.
2. In relation to Article 6.05.10, after review of the application it was determined that the additional traffic load would have no significant impact on the peak-hour traffic loads as the proposed activities do not include tournaments or other large events. Other conditional use permits for indoor recreation facilities in industrial areas have included large events and we have asked for Traffic Impact Studies in those circumstances, but that is not applicable in this case.

A draft of the Conditional Use Permit has been enclosed. Please review the document and inform us of any questions or concerns that you may have in concern to it.

Please submit fourteen copies of revised documents by noon December 1st in order to continue to be considered for the December 8th Planning Commission meeting. If you cannot re-submit by this date, or additional changes are required after the next submittal, the application will be considered for the January Planning Commission meeting. Please have someone in attendance with a presentation prepared for the Commission.

Miscellaneous

The conditions and terms of this permit shall be binding upon owner, his successors and assigns.

1. Delay of City to terminate this permit on account of breach of owner of any of the terms hereof shall not constitute a waiver of City's right to terminate, unless it shall have expressly waived said breach and a waiver of the right to terminate upon any breach shall not constitute a waiver of the right to terminate upon a subsequent breach of the terms hereof, whether said breach be of the same or different nature.
2. Nothing herein shall be construed to be a waiver or suspension of, or an agreement on the part of the City to waive or suspend, any zoning law or regulation applicable to the premises except to the extent and for the duration specifically authorized by this permit.
