Re: 1 & 6 Year Street Improvement Plan

The 1 and 6 Year Street Improvement Plan establishes prioritization and cost estimates for street improvements for the City of La Vista as identified by the Public Works Department. Every year the City of La Vista is required to provide to the State of Nebraska a plan for all street related improvements.

The Planning Commission provides the first step in the submittal process by reviewing and recommending approval to the City Council.

RECOMMENDATION:

Staff recommends approval of the 1 and 6 Year Street Improvement Plan.
