

LA VISTA CITY COUNCIL SPECIAL MEETING - BUDGET HEARING
AGENDA
August 3, 2021
6:00 P.M.
Harold “Andy” Anderson Council Chamber
La Vista City Hall
8116 Park View Blvd

- **Call to Order**
- **Pledge of Allegiance**
- **Announcement of Location of Posted Open Meetings Act**
- ** A. Public Hearing – Proposal to Revise the previously adopted budget statement for Fiscal Years 2021 & 2022 Biennial Budget**
- **Adjournment**

****Amended August 2, 2021 1:00PM**

The public is welcome and encouraged to attend all meetings. If special accommodations are required, please contact the City Clerk prior to the meeting at 402-331-4343. A copy of the Open Meeting Act is posted in the Community Center Gym and available at the entry to the gym. Comments should be limited to three minutes. We ask for your cooperation in order to provide for an organized meeting.

CITY OF LA VISTA
MAYOR AND CITY COUNCIL REPORT
AUGUST 3, 2021 SPECIAL MEETING – BUDGET HEARING AGENDA

Subject:	Type:	Submitted By:
PUBLIC HEARING - FISCAL YEARS 21 & 22 BIENNIAL BUDGET	RESOLUTIONS ORDINANCE RECEIVE/FILE	PAM BUETHE CITY CLERK

SYNOPSIS

A public hearing, at a separate meeting, has been scheduled to hear public comment on the proposed budget statement for the FY21 & FY22 biennial budget.

FISCAL IMPACT

N/A

RECOMMENDATION

N/A

BACKGROUND

On February 12, 2020, the Governor signed Legislative Bill 148 (LB148) making changes to the Nebraska Budget Act, specifically Revised State Statute 13-506. This change requires the City hold the budget hearing separately from any regularly scheduled meeting of the city each year or each biennial year. (This meeting shall not be limited by time).

Other requirements for the public hearing that came about with LB148 include:

- The governing body will make at least three copies of the proposed budget statement available to the public.
- The governing body will make a presentation outlining key provisions of the proposed budget statement to include a comparison with the prior year's budget.
- Any member of the public desiring to speak on the proposed budget statement will be allowed to address the governing body at the hearing and given a reasonable amount of time to do so.

The Mayor and City Council will discuss and act on the first reading of the appropriations ordinance (budget) at the City Council meeting immediately following this special meeting-public hearing.

NOTICE OF HEARING TO AMEND THE BUDGET FOR

The City of La Vista
IN
Sarpy County, Nebraska

PUBLIC NOTICE is hereby given, in compliance with the provisions of State Statute Section 13-511, that the governing body will meet on the 3rd day of August, 2021, at 6 o'clock at La Vista City Hall Harold "Andy" Anderson Council Chambers, 8116 Park View Blvd., La Vista, Nebraska. for the purpose of hearing support, opposition, criticism, suggestions or observations of taxpayers relating to amending the budget which was originally adopted on the 1st day of September, 2020. Due to unforeseen circumstances, actual expenditures for the fiscal years 2020-2021 and 2021-2022 will exceed budgeted expenditures unless the 2020-2021 and 2021-2022 fiscal year budget expenditures are revised. This is a result of new information not available at the time the biennial budget was adopted. The 2020-2021 budget amendment provides additional appropriation for Keno tax remittance. The 2021-2022 budget amendment includes an updated Capital Improvement Program and adjustments to multiple funds for operating expenditures and transfers. The originally adopted budget of expenditures cannot be reduced to meet the need for additional money because resources for the 2020-2021 and 2021-2022 fiscal years are fully committed to provide community services or fund capital projects. The budget detail is available at the office of the City Clerk during regular business hours.

Pamela A. Buethe, CMC

Clerk/Secretary

Summary of Proposed Revised Budget

	2020-2021	2021-2022	Total
2018-2019 Actual Disbursements & Transfers			\$ 44,515,608.00
2019-2020 Actual/Estimated Disbursements & Transfers			\$ 38,467,351.00
Proposed Budget of Disbursements & Transfers	\$ 47,281,594.00	\$ 66,364,245.00	\$ 113,645,839.00
Necessary Cash Reserve	\$ 24,302,297.84	\$ 32,572,596.93	\$ 56,874,894.77
Total Resources Available	\$ 71,583,891.84	\$ 98,936,841.93	\$ 170,520,733.77
Total Personal & Real Property Tax Requirement	\$ 9,653,091.00	\$ 10,993,437.00	\$ 20,646,528.00

Introduction

The FY21 - FY22 Biennial Budget was adopted by the City Council on September 15, 2020. The purpose of the mid-biennial review is to update revenue and expenditure estimates and to ensure that fiscal decisions made during the current year and year-to-date activity are reflected in the budgets.

The FY21 – FY22 Biennial Budget was planned at a time of considerable uncertainty during the early months of a global pandemic. The FY21 budget was considered a short-term financial plan intended to sustain the ongoing operations of the City, while FY22 reflected more of a return to normal. Fortunately, despite the losses in the hospitality sector of the local economy, the City was not impacted as dramatically as anticipated.

Budget Overview

The following table is a summary of the FY20 Actuals, FY21 year-end estimates (YEE), FY22 revenue & expenditure estimates, and anticipated capital projects for All Funds.

TABLE 1 ALL FUNDS SUMMARY

	FY20 Actuals	FY21 Budget	FY21 Year –End Estimate	FY22 Adopted Budget	FY22 Recommended Budget

TOTAL	31,031,807	44,143,334	47,402,659	49,744,880	60,132,281

From a revenue perspective, Table 1 shows a FY21 YEE for All Funds projected at \$51.4 million, a \$1.9 million increase over the adopted budget of \$49.5 million. This is primarily the result of an anticipated \$1.5 million American Rescue Plan Act (ARPA) grant and positive budget variances.

Total expenditures and capital purchases for FY21 are anticipated to be \$47.4 million, which exceeds the adopted budget of \$44.1 million by \$3.3. This pertains to changes in Economic Development Program grant awards detailed on page 6. Because the FY21 YEE expenditure total for all funds is expected to exceed the adopted budget authority, it is necessary to amend the FY21 Budget.

Revenues for all funds in the FY22 recommended budget result in a \$22 million increase over the adopted budget of \$46.7 million. There are several factors that contribute to this revenue increase including: the preliminary assessed valuation impact on property tax (\$1.2 million), updated sales tax forecast (\$1.4 million), bond proceeds in the Redevelopment Fund (\$17 million) and the second half of anticipated American Rescue Plan Act grant funding (\$1.5 million).

Total expenditures and capital purchases for FY22 are projected to be \$60.1 million, which exceeds the adopted \$49.7 million budget by \$10.4 million. This expenditure increase relates to the construction of Parking Garage #2 and other construction projects. Because the FY22 recommended budget for all funds exceeds the adopted budget authority, a budget amendment is necessary. Recommended changes included in specific funds are discussed in the following All Funds Summary.

Fund Balance by Fund

FUND BALANCE OVERVIEW

The City's accounts are organized on the basis of funds and each fund is considered to be a separate accounting entity. Fund balance summaries for All Funds are shown on the following pages, with revenue and expenditure detail immediately following. Below are the anticipated changes in fund balances for each of the City's funds. Fund balance is the cumulative monies remaining after all revenues and transfers in are received and expenditures and transfers out are expended.

TABLE 2 FUND BALANCE SUMMARY BY FUND

FY21 EXPLANATION OF CHANGES IN FUND BALANCE

General Fund

The FY21 beginning balance of \$7.5 million was significantly impacted by a FY20 ending balance that included a sizeable federal CARES Act grant award resulting in an actual FY21 beginning balance of \$8.6 million.

The FY21 revenue YEE is projected to be \$2.8 million higher than budgeted based on revenue trend updates and anticipation of the first half of a one-time award estimated at \$1.5 million (\$3 million total) as a part of the American Rescue Plan Act grant.

FY21 expenditures are currently estimated to be \$418,786 below budget resulting from salary savings and reallocating some fire contract related expenses from the General Fund to the Debt Service Fund. The total operational cost of the fire contract with the City of Papillion has not been reduced. Transfers have increased by \$127,000 due to the additional debt service associated with a \$2.5 million award in the Economic Development Program funded by the General Fund.

Sewer Fund

The FY21 beginning fund balance is \$255,000 higher than the budget because of positive FY20 budget variances in professional services, contractual services, and legal services. The FY21 positive expenditure variation is a result of delaying a capital outlay purchase for a sewer jet truck (\$250,000) to FY22.

Debt Service Fund

The FY21 beginning fund balance is \$354,000 over the budget, primarily as a result of not issuing bonds and consequently not incurring the related debt service in FY20. The FY21 YEE fund balance is \$700,000 higher than budgeted due to an improved revenue forecast based on six months of actual results. Expenditures are anticipated to be lower in the FY21 YEE because of a delay in bond issuance for construction projects. The cash transfer to the construction program in FY21 is also projected to be \$116,000 less than what was budgeted because of Capital Improvement Program schedule updates.

Capital Improvement Fund

The recently-approved FY22 – FY26 Capital Improvement Program includes increased construction funding over the next three years which increased the size of the planned FY21 bond by \$1.2 million. Although the FY21 YEE for expenditures is slightly less than the budget of \$6.9 million, the recently issued bond of \$7.7 million is sized to fund projects that will begin in FY21 and continue into FY22 and FY23 for completion.

Lottery Fund

Lottery revenues are running ahead of the FY21 budget, continuing the unexpected revenue trend of FY20 associated with closures of other outlets and casinos during the pandemic. This results in a FY21 YEE fund balance expected to exceed the adopted budget by \$454,853. On the expenditure side, lottery taxes were under budgeted by \$124,000, which was a direct result of the unanticipated increase in revenues (*the lottery tax is a percentage of the revenues collected and is budgeted accordingly*). A budget amendment is needed for the additional appropriation. The funds to pay the taxes come from lottery proceeds.

Economic Development Program Fund

The FY21 YEE shows a substantial increase in both fund revenues and expenditures. Included in the FY21 budget is funding for a \$3 million grant associated with a live music venue project. A supplemental \$2.5 million award was also recently approved for the project.

Off-Street Parking Fund

The FY21 YEE for fund balance, revenues, expenditures, and transfers is approximately the same as the original budget.

Redevelopment Fund

The FY21 beginning fund balance is \$380,000 higher than the budget because the FY20 sales and use tax revenue exceeding the budget. The negative revenue variance in the FY21 YEE of \$9 million pertains to the timing of bond proceeds moving from FY21 to the FY22 recommended budget. Similarly, the negative expenditure variance of \$3.1 million is associated with the construction schedule and projects being shifted to the FY22 recommended budget.

Police Academy Fund

The FY21 YEE is the same as the original budget.

Remaining Funds

The FY21 year-end estimates for the TIF (Tax Increment Financing) 1a Fund, TIF 1b Fund, the Sewer Reserve Fund, and the Qualified Sinking Fund are all approximately the same as the original budget.

General Fund Revenues

The following table and narrative identify the major revenue categories of the General Fund, summarizes the FY20 actuals, the FY21 year-end revenue estimates, and the FY22 revenue recommendations. A detail breakdown of the major revenue sources follows these tables. Subsequent detail follows that provides a basis for the recommendations.

TABLE 3 GENERAL FUND REVENUE

Revenue Sources	FY20 Actual	FY21 Budget	FY21 Year-End Estimate	FY22 Adopted	FY22 Recommended
Property Tax	8,535,988	9,393,170	9,425,606	9,431,759	10,650,256

Occ. Tax & Franchise Fees	847,652	970,600	861,913	898,547	898,547
Hotel Occupation Tax	659,528	363,215	516,522	570,000	730,361
Licenses & Permits	465,760	436,113	442,612	433,186	433,186
Interest Income	54,576	67,207	59,899	48,361	56,398
Recreation Fees	77,776	171,782	108,304	171,782	171,782
Special Services	20,500	24,000	24,000	24,000	24,000
Grant Income	1,120,060	151,710	1,692,956	120,260	1,640,733
Restaurant Tax	765,323	700,000	840,000	700,000	700,000
Miscellaneous	223,477	312,121	356,879	432,184	432,184
Total	19,038,371	18,573,006	21,422,725	19,041,248	22,620,039

Approximately 6 months into the FY20 budget year, the global pandemic cast uncertainty on the local economy. Directed health measures limiting social gatherings at local restaurants, bars, and conference centers were imposed and travel was discouraged, impacting the City's hotel and conference center activity. With increasing unemployment and furloughs in the early months of the pandemic, the magnitude of the impact to the City's revenue could only be imagined. At the conclusion of FY20, however, the General Fund revenue came in only slightly (\$230,400) less than the budget.

The FY21 revenues were budgeted conservatively, with notable decreases projected in the City's main revenue sources anticipated. These included sales and use taxes, state revenue, and hotel occupation taxes. These three sources account for approximately 32% of General Fund revenues and reflected a cumulative 10% decrease across these three revenue streams compared to FY20.

One year into the pandemic, the economic impacts have not been as significant as anticipated. The local economy has remained mostly stable with unemployment returning to near pre-pandemic levels. The hotel and conference center activity, however, have yet to fully recover. With travel restrictions being lifted, the social gathering limit restrictions removed, and consumers eager to resume daily social and travel activities, the economy will likely continue improving in the coming months. Accordingly, the result is a FY21 General Fund revenue YEE that is projected to be 15% higher than the adopted budget. Similar trends are anticipated to continue through FY22, which is the basis for a recommended 19% increase in the FY22 revenue budget.

PROPERTY TAX

The FY21 property tax revenue is anticipated to come in slightly higher than the original budget due to the collection of FY20 back taxes. Because the State of Nebraska's biennial budget submission requirements restrict year-2 assessed valuation growth projections, a budget amendment is necessary to reflect property assessment growth. Based on the preliminary assessed valuation for FY22 received from the Sarpy County Assessor's office in early June, a 13.9% increase in valuation has been identified, however, is not anticipated to be the final valuation.

This is an unusually large increase in valuation which upon investigation was determined to be somewhat of an anomaly. The real estate property valuation increase is only 3.9% (see Table 4). The annexation of OTC accounts for 1.7% of the increase, and the personal property tax valuation represents 8.3% of the total increase. *(A breakdown of the historical change in Personal Property and Real Estate valuation is shown in Table 5).*

TABLE 4 HISTORICAL CHANGE IN PERSONAL PROPERTY AND REAL ESTATE VALUATION

Fiscal Year	Personal Property Valuation	% Change	Real Estate Valuation	% Change	Annexation	Total
FY22 Prelim	221,471,698	187.2%	1,742,622,816	3.9%	34,712,366	1,998,806,880
FY21	77,124,063	8.9%	1,677,983,246	6.2%		1,755,107,309
FY20	70,812,076	1.6%	1,580,605,750	7.3%		1,651,417,826
FY19	69,678,083	2.2%	1,472,463,575	3.1%		1,542,141,658
FY18	68,162,463		1,428,659,445			1,496,821,908

Personal property tax is a tax on business equipment, the value of which is self-reported by companies and can be sold, bought, leased, or drop off due to depreciation after 10 years. The Sarpy County Assessor does not have a historical database for personal property increases or decreases that would explain the changes. The only increases in personal property valuation that the Assessor could account for are the \$1.5 million associated with the annexation of OTC and a new computer equipment lease in La Vista in the amount of \$2 million. The total personal property tax increase was \$144 million.

Personal property valuations have increased on average approximately 4% over the last three years. While the 187% increase for FY22 cannot be totally accounted for by the assessor, they did make us aware that a local business that has, in the past, typically filed for a significant (\$135 million) personal property tax exemption did not file by the May 3, 2021 filing deadline. The business has been in recent ownership transition, and it is our assumption that the current owner was unaware of the deadline. As such, we are working to determine if an appeal or reversal can be made by the State at a future date that would impact the City.

The change in real estate valuation was 6% to 7% in the prior two years and has decreased to 3.9% in FY22. Table 5 provides an additional breakdown of the change in the Real Estate valuation. The FY22 preliminary valuation change, excluding growth, is 2.6%. This indicates the true valuation change to existing properties, while new properties (the growth) added 1.3% to the valuation, getting to the total real estate valuation increase of 3.9%. Likewise, this table shows the true valuation change for existing properties as well as the change attributed to growth for FY18 to FY21.

TABLE 5 HISTORICAL CHANGE IN REAL ESTATE VALUATION INCLUDING GROWTH

Fiscal Year	Real Estate Valuation	% Change	Growth	Change in Assessed Valuation Attributable to Growth	Change in Assessed Valuation Excluding Growth
FY22 Prelim	1,742,622,816	3.9%	22,270,048	1.3%	2.6%
FY21	1,677,983,246	6.2%	26,567,463	1.6%	4.6%
FY20	1,580,605,750	7.3%	15,469,486	1.0%	6.4%
FY19	1,472,463,575	3.1%	11,796,795	0.8%	2.3%
FY18	1,428,659,445		39,490,329		

The recommended budget amendment for FY22 reflects the 13.9% valuation increase with the .55 cent tax rate as adopted. As a result, one cent of property tax levy is equal to \$199,880 which will increase property tax revenue in the General Fund by \$1.2 million. As shown on page 5, this helps prolong the sustainability of the General Fund. Because a vast majority of the overall valuation increase is generated by business personal property which will eventually drop off due to depreciation, the tax levy should not be adjusted in reaction as the City cannot count on that valuation to continue. Furthermore, if the state exemption referred to previously is ultimately approved, a significant portion of that valuation will be removed when final numbers are received.

SALES AND USE TAXES

Recommended YEE increases are based on year-to-date trends as well as a delayed remittance from FY20. The sales tax growth is reflective of continued consumer spending and gradual reopening of the local economy. As the hotel and conference center activity begins to resume normal capacity, additional visitors to the City will increase the sales and use tax revenues generated in the Southport business district.

Sales and use taxes represent 21% of the FY22 General Fund revenue. Based on FY21 year-to-date trends and continued economic recovery in FY22, sales and use taxes are projected to increase by 13% over the FY22 budget. As the economy continues to reopen, the City expects that consumers will resume normal spending patterns, local businesses will resume normal operating capacity, and continued business development within the City will contribute to sales and use tax revenue growth. Sales and use tax refunds to the State of Nebraska for FY22 are based on letters received in October and November totaling \$1.6 million. The June annual letter shows \$1.9 million in approved refunds for FY23.

LB 26 passed in 2021 by the Nebraska Legislature becomes effective October 1, 2021 and exempts residential water usage from sales tax. The estimated impact is a revenue reduction of \$30,000 annually, which has been factored into the FY22 recommended budget.

GRANT INCOME

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) funds were distributed to the City as a public safety grant in the amount of \$992,000 in September 2020. The grant amount was based on public safety salaries and benefits from mid-March 2020 through the end of May 2020. The grant proceeds help offset the declines in revenues.

The American Rescue Plan Act (ARPA) of 2021 was signed into law on March 11, 2021 and provides relief funding to state and local governments. La Vista's estimated grant amount is \$3 million and will be distributed in 50% increments anticipated in July 2021 and one year later in 2022. This grant revenue is included in the FY21 YEE and the FY22 proposed budget. One of the major allowed uses of the grant is revenue replacement. Our current estimate is 80% of the grant can be designated as revenue replacement and used for general government services. All proceeds must be obligated by December 31, 2024 (1st quarter of FY25) and expended by December 31, 2026 (1st quarter of FY27).

PAYMENTS IN LIEU OF TAXES

Sarpy County has recently revised its payment in lieu of taxes distribution allocation to local governments and school entities to be compliant with state statute. As a result, in FY21 the City received \$195,126 which was a \$160,000 reduction from the adopted budget. Future year payments are expected to be in this same range (\$200,000) and as such a budget reduction is recommended.

STATE REVENUE

State revenue primarily consists of highway allocation funding. The City is required to budget highway allocation revenue in an amount provided by the Nebraska Department of Transportation. Based on year-to-date trends an increase in the FY21 YEE of \$318,676 and \$309,550 in FY22 is recommended.

HOTEL OCCUPATION TAX

The COVID-19 pandemic had a severe impact on conference center events and hotel occupancy which resulted in a 90% decrease in hotel occupation tax revenues during the first months of the pandemic. By the end of FY20, this decrease had declined to 65% of normal occupation tax revenues.

The FY21 YEE reflects a return to more normal conditions and at least 50% of normal annual revenues. Based on current travel trends, local hotel activity is projected to reach 70% of normal annual revenues.

RESTAURANT & DRINKING PLACES OCCUPATION TAX

On September 3, 2019, the City Council adopted a Restaurants & Drinking Places Occupation Tax (Restaurant Tax) that went into effect on October 1, 2019. The purpose of the tax was to help ensure the City's continued fiscal strength and address challenges resulting from rapid growth along with sharing the burden equally with non-residents. The Ordinance provided for a rate review two years following the effective date.

During the first year of collection (FY20), the City received \$765,323 in restaurant tax revenue. The YEE for FY21 is \$840,000. In accordance with the City's ordinance requiring a rate review two years following the effective date of implementation and statutory requirements, a more detailed discussion will be held during the budget workshop to discuss future projections and potential strategies.

GENERAL BUSINESS OCCUPATION TAX

The City began collecting General Business Occupation Tax (GBOT) in FY21. This revenue to date is minimal, and below the projections for FY21, as there are only three businesses currently subject to the tax in Enhanced Employment Area 1. The City does not anticipate an increase in GBOT until more retail sales businesses and the event center open.

FY21 Overages and Amendments

GENERAL FUND

Most departments are projected to remain within their budgets, with the exception of Police, Community Development, and Special Services Bus. These individual department budget variations are not sufficient to require an amendment overall, however.

- The Police Department has incurred additional overtime expenses associated with the missing child case and unplanned costs associated with an unexpected retirement payout of vacation and sick leave. The FY21 year-end estimate has been increased by \$70,000.
- The Community Development department is projected to exceed their budget by \$9,200 associated with compensation study-initiated wage adjustments.
- The Special Services Bus will exceed its budget by \$36,000 in conjunction with an adjustment in the accounting procedures associated with the transit van grant. The adopted budget only contained La Vista's portion of the bus expenditure. Based on the grant terms, however, the City must recognize the full expense and record the grant revenue separately rather than netted, as originally budgeted.

Please refer to the Expenditure Summary by Department exhibit in the appendix for fund and account details and the All Funds Summary – FY21 Year-End-Estimate presented earlier in this document for additional detail and narrative explaining components of the FY21 year-end estimate.

ECONOMIC DEVELOPMENT FUND

The Economic Development Program Fund will require an FY21 budget amendment to allow for the issuance of bonds to fund an additional \$2.5 million award for the Astro music venue. Debt service expenditures begin in FY22.

KENO FUND

The Keno Fund will require an amendment to provide for the payment of taxes on revenue that is expected to exceed the FY21 budget, which was conservative. Fortunately, Keno community betterment revenues are expected to exceed the budget by \$454,853, which translates into owing more lottery tax as it is based on a percentage of the revenue. Because the City does not have appropriation to pay the additional taxes, a budget amendment is required. The additional tax obligation is \$124,542.

Summary of Proposed FY21 Amendments by Fund

	FY21 Proposed Amendment			
	Revenue	Expenditures	Transfers	Net Activity
Economic Development Fund				
Bond Proceeds	5,500,000	-	-	-
Interest Income	19,765	-	-	-
Grants	-	7,500,000	-	-
Transfer from the General Fund	-	-	148,700	-
Total – Economic Development Fund	5,519,765	7,500,000	148,700	(1,831,535)
Lottery Fund				
Community Betterment	454,853	-	-	-
Taxes – Form 51	124,542	-	-	-
Other Charges (Taxes)	-	124,542	-	-
Total Lottery Fund	579,395	124,542	-	454,853

FY22 Amendments

As a reminder, the FY22 budget was prepared at a time when revenue stream projections were very uncertain. Because we are now in a situation that reflects more favorable conditions, departments were given the opportunity to identify any significant changes they would like to include in their FY22 budget. Requests consisted of new positions, salary adjustments necessitated by the compensation study, travel and training appropriation, software, and capital outlay updates.

GENERAL FUND

The FY22 proposed budget includes an additional \$265,000 transfer to the Capital Fund to fund the information technology and land use projects as discussed during the March 27, 2021, City Council Workshop.

Administration

Travel:	\$4,200
<u>Training:</u>	<u>3,000</u>
Total:	\$7,200

Department Justification:

The original FY22 budget included funding for one person to attend the ICMA Conference in September of 2022. This would be a return to pre-pandemic funding that includes the City Administrator, Assistant to the City Administrator, and Assistant City Administrator.

Fire

The FY21 operations amount is \$2,252,748 and a 16% increase is anticipated for FY22 which brings operations to \$2,606,635. Most of this increase was included in the FY22 adopted budget, however, it is necessary to increase the FY22 budget for contractual services by \$49,000.

Public Works Administration

Engineering Assistant	\$ 44,000
<u>Eliminate Intern</u>	<u>(13,933)</u>
Total (50% of increased cost):	\$ 30,067

Department Justification:

This is a request to add a full time Engineer Assistant position and eliminate the current part-time intern position. The salary and benefit costs would be split 50%/50% with the Sewer Fund. The current and future workload for the City Engineer necessitates assistance with performing technical engineering work in the design, review and planning of City public works improvement projects, private development projects, overseeing the City’s Storm Water Management Plan, performing asset data collection, preparing simple designs and plans for public improvements, and assisting with public meetings. This position would also be responsible for the digitization of current paper plans and assist with data entry on the Geographical Information System (GIS). The Engineer Assistant is proposed at a grade 13, with a salary range of \$46,218 - \$64,730.

Human Resources

<u>Organizational Training</u>	<u>\$ 25,000</u>
Total:	\$ 25,000

Department Justification:

One of the areas of focus associated with brand implementation relates to customer service. High quality customer service and consumer experience is inextricably linked to the City's brand and credibility. The funding request is for professional services associated with the on-site development and implementation of an organizational customer service strategy and training program.

Communication

Communication Specialist	\$ 83,033
<u>Eliminate Intern</u>	<u>(18,431)</u>
Total (Increased Cost)	\$ 64,602

Department Justification:

A part-time Communication Intern position was authorized in the FY21 budget. The position was filled, however, that individual has recently secured full time employment elsewhere and left after approximately 4 months on the job. Unfortunately, interns typically view these positions as temporary, and while it has been very helpful to have the intern assisting the Community Relations Coordinator, it has become increasingly apparent that the City needs a more long-term, consistent presence as the communication workload continues to increase. The plan was to ask for a full-time Communication Specialist position in FY23, but the current vacancy and difficulty in finding interns who will stay for more than a few months prompted moving the request to FY22.

The Communication Specialist would assist the Community Relations Coordinator with community engagement and implementing various elements of our communication and brand strategy. This position would assist in fulfilling daily and weekly tasks to keep information flowing to the public in an efficient and meaningful way. Under the supervision of the Community Relations Coordinator, the position would serve as coordinator of the content schedule, help draft graphics and content for social media and the newsletter, draft press releases, assist in video projects and with other projects and events.

The Communication Specialist position is proposed at a grade 15, with a salary range of \$51,230 - \$71,760. The requested hiring time is early FY22.

Parks

<u>Travel</u>	<u>\$2,500</u>
Total:	\$2,500

Department Justification:

This is a return to pre-pandemic funding which will allow two parks division staff members to attend the Professional Grounds Maintenance Society (PGMS) national conference and training, two regional and local tradeshow and training opportunities which include UNL Field Days, Mosquito training, and Arborist Conference.

Public Buildings and Grounds

Building Superintendent	\$ 101,982
Total:	\$101,982

Department Justification:

The City Council recently approved a Building Superintendent position that will be responsible for the daily operation of the division, including supervision and evaluation of staff. In addition, this position will be accountable for fully implementing the City's BS&A work order system for facility maintenance, compiling and managing asset inventory information related to City facilities, creating proactive work plans for staff, ensuring performance data is consistently and accurately collected, manage relationships with facilities contractors, oversight and inspection of facility maintenance and construction projects. The Building Superintendent position is proposed at grade 20, with a salary range of \$67,870 - \$95,077.

Recreation

Chairs for Senior Center	\$6,500
Total:	\$6,500

Department Justification:

The Seniors have requested new chairs to replace the existing chairs which lack comfort and adequate padding.

Finance

Workiva License Fee	\$25,200
Implementation	59,600
Total:	\$84,800

Department Justification:

The requested FY22 budget amendment in the Finance Department is for the second year Workiva license fee of \$25,200 and the one-time implementation cost of \$59,600 for the budget document.

Information Technology

Computers/Tech Equipment	\$ 7,000
Other Contractual Service	6,500
Total:	\$ 13,500

Department Justification:

An additional \$7,000 is being requested due to an increase in the number and type of computers we will need for FY22.

The FY21 & FY22 biennial budget included the most accurate cost estimates we had at the time for Contractual Services. As the City's reliance on technology has increased, so have some of the costs associated with many of the City's contracts. In addition, new positions have increased certain licensing costs, and we have also experienced unexpected changes resulting in higher annual costs, such as the GIS aerial photo cost of \$2,743 becoming an annual fee as opposed to biannual.

Although there have been some unexpected increases, we also have been able to reduce the costs associated with some FY21 budgeted projects, resulting in a savings of about \$3,900. As a result, the requested FY22 amendment is less than originally planned.

SEWER FUND

Engineering Assistant	\$44,000
<u>Eliminate Intern</u>	<u>(13,933)</u>
Total:	\$30,067

Department Justification:

See the Public Works Administration explanation. This represents the 50% allocation to the Sewer Fund.

POLICE ACADEMY FUND

<u>New Instructor</u>	<u>\$67,561</u>
Total:	\$67,561

Department Justification:

The Sarpy Douglas Law Enforcement Academy (SDLEA) Board voted in 2019 to fund a Police Academy Training Instructor in 2020. Fee changes were made to the FY21 adopted budget to accommodate the position. The hiring was delayed because the Douglas County Sheriff assigned a full-time deputy to the SDLEA. The special duty assignment by Douglas County ends on December 31, 2021, and the SDLEA now needs to fund this position. The job description and salary (Range 16, \$54,080 -\$75,733) has been developed and the expected hiring date is January 1, 2022.

SUMMARY OF REQUESTS:

	GENERAL FUND	SEWER FUND	POLICE ACADEMY FUND
New Positions:	\$ 196,651	\$30,067	\$67,561
Commodities:	20,000		
Contract Services:	49,000		
Travel and Training:	34,700		
<u>Other Charges:</u>	<u>84,800</u>		
Total:	\$365,171	\$30,067	\$67,561

GRAND TOTAL: \$462,799

CAPITAL EQUIPMENT JUSTIFICATIONS:

Building Maintenance

Security Cameras - \$95,000

Video surveillance has become a standard to ensuring safety inside and around government buildings. Surveillance deters crime and serves as a reliable reference in the event of a questionable reference. The City of La Vista Information Technology Strategic Plan adopted by City Council January 19, 2021 identified that many City departments/buildings do not have security cameras installed. In fact, only the Police Department currently has security cameras. The lack of security cameras at City facilities creates undue risk to both City staff, the public and valuable City equipment. As such, the need for security cameras was highly ranked.

Streets

Tandem Axle Dump Truck w/wing - \$255,000:

The last tandem axle dump truck was purchased over 10 years ago. Currently, the Public Works Department's capital equipment purchasing team has deployed a strategy of replacing some dump trucks in districts with medium duty pickups that can also be used during the summer for street repair work. With this strategy, it's important the remaining dump trucks aren't out of service during a winter storm. This purchase was a priority for FY21 but was pushed out due to unknown revenue impacts from the COVID-19 pandemic. An additional tandem axle dump truck will be requested in FY23 to replace a truck approaching ten years of age. These trucks will perform snow removal operations on the City's main arterial streets.

F-550 w/ Plow and Sander - \$95,000:

This truck will replace a single axle dump truck that is 27 years old. That dump truck will be converted into a permanent pre-treat truck that will be used in the new brine making operation. This medium duty truck will perform snow removal operations in that district and be used during the summer for street repair operations.

Parks

Stand-on Spreader - \$10,000:

This piece of equipment will be used to perform fertilizer and liquid herbicide applications in the City's greenspaces. This unit will allow for that work to be done more efficiently and allow staff to access spaces that larger pieces of equipment can't get to.

Wide Area mower (\$65,000):

The wide-area mower was removed from the FY22 budget in order to prioritize the funding of the Street Department capital outlay requests.

Other Fund Highlights

DEBT SERVICE FUND

The FY22 preliminary fire contract estimate is \$98,104 higher than the adopted FY22 budget as a result of the fire district issuing new bonds.

The FY22 recommended budget includes an additional \$456,000 transfer to the Capital Improvement Fund for various projects associated with the Capital Improvement Plan updates. The transfer to the Off-Street Parking Fund is increased by \$420,000 for the debt service on Parking Garage #1. This transfer was previously shown in the Redevelopment Fund.

CAPITAL IMPROVEMENT PROJECTS

The Council approved the FY22-FY26 Capital Improvement Program on June 15th, 2021. As a result, the Capital Improvement Project Fund was updated to reflect the following:

- FY22 Additions
 - 72nd St Storm Sewer Pipe Reroute \$50,000
 - 120th and Giles Drainage Improvements \$300,000
 - Cimarron Woods Aux Culvert Design \$50,000
 - Dog Park \$50,000
 - Holiday Lights \$100,000
 - IT Asset Management Plan \$110,000
 - IT Business Continuity Plan \$50,000
 - IT City Public Wi-Fi Network \$15,000
 - IT Expand Existing Applications \$20,000
 - IT Mobile Device Connectivity Strategy \$30,000
 - Land use Plan Update \$40,000
 - Municipal Campus Planning \$75,000
 - Wayfinding Implementation \$50,000
 - West Papio Creek Stabilization \$500,000
 - Total \$1,440,000

LOTTERY FUND

An additional \$275,000 is being transferred to the Capital Fund for various community projects which include a Dog Park, Holiday Lights, Wayfinding, and Municipal Campus Planning. An additional of \$64,602 is transferred to the General Fund to offset the Communication Department expenditures. As previously noted, it is necessary to increase funding for the taxes on increased revenues.

ECONOMIC DEVELOPMENT PROGRAM FUND

As a result of the anticipated FY21 awards, this fund incurs additional debt service expenditures in the FY22 recommended budget. Transfers from the General Fund are recommended to be increased by \$591,000.

OFF-STREET PARKING

The recommended FY22 budget includes an additional \$7 million for Parking Garage #2, moved up one year from FY23. This construction schedule was updated based on other related projects.

REDEVELOPMENT FUND

The FY22 recommended budget removes transfers to the Off-Street Parking Fund for parking garage debt service that are now planned for the Debt Service Fund.

Summary of Proposed FY22 Amendments by Fund

	FY22 Proposed Amendment			
	Revenue	Expenditures	Transfers	Net Activity

Conclusion

We are optimistic about what is in store for FY22. If anything, the Covid-19 pandemic and resulting conditions reminded us of the importance of the City's financial flexibility and ability to adapt in the event of unexpected circumstances. Our efforts over the years put us in a position of fiscal strength and enabled us to continue to deliver high quality municipal services and invest in infrastructure essential to improving the City's economy. We remain committed to preserving the City's solid financial position by maintaining strong fund balances and reserves, carefully managing operations, aligning financial investments to Council goals, and making decisions within the context of our long-range financial forecast.
