RE: Public hearing regarding Zoning Ordinance Amendments: Article 2: Definitions; Article 4: General Provisions; Article 5: Zoning Districts; Article 6: Conditional Use Permits; Article 7: Supplemental Regulations; and Article 9: Amendment.

The Community Development Department is proposing a series of zoning text amendments to provide clarification, address inconsistencies, and modernize portions of La Vista's zoning ordinance until a larger zoning ordinance overhaul or rewrite can occur. Staff are planning for a zoning rewrite that is currently scheduled in the City's Capital Improvements Program (CIP) to begin in fiscal year 2023, but this series of text amendments will address some short-term needs and concerns until that time.

The series of zoning text amendments proposed in this "clean up" are summarized as follows:

- Add "micro distillery" to the microbrewery uses in La Vista's industrial districts in addition to an associated definition.
- Remove the "automotive rental" use from the I-1 Light Industrial Zoning district. This use would still be present in the I-2 Heavy Industrial Zoning District where it fits in better with the character of the district.
- Make the animal specialty services use title in the industrial and commercial districts match (except where there are limitations on outdoor runs and overnight boarding) for consistency.

- Change the allowance for the number of people that can work at a home occupation from the current “residents + 1 employee” to “residents +1 person” (whether a partner, employee, or volunteer) to close a loophole that would allow many individuals to work out of a home. This provides more clarity to the current intended requirement.
- Reorganize regulations for Home Occupations by moving requirements out of the definitions section and into Section 7.10 to make the requirements easier to find and communicate to applicants.
- Change the per-unit lot size requirement for multi-family housing in the R-3 zoning district from 2,250 sq ft per unit to 3,000 sq ft per unit for the first 4 units, then 1,500 square feet per each additional unit. This establishes consistency between our zoning regulations and the City of Papillion’s, and reduces the required lot size for multi-family developments with a greater number of units.
- Introduce some permitted and permitted conditional commercial land uses to La Vista’s C-3 Highway Commercial and Office Park District, that are consistent with the intent of the district, such as” aquarium or planetarium, amusement/commercial indoor, drug store, specialty food store, nightclub, and mixed use commercial (office units over storefronts).
- Replace “Building Inspector” at various points in the text with “Chief Building Official”.
- Replace “City Planner” at various points in the text with “Community Development Director” or “Community Development Department” depending on applicability.
- Introduce the data center use into the I-2 Heavy Industrial Zoning District, in addition to the associated definition, to provide clarification on the use type. This use is currently permitted under the Business Services use.
- Add definitions to Article 2 for terms such as “Heavy Construction Contractors” (facilities permitted in I-2), “Specialty Food Stores” (permitted in C-3), “Artist Studio Space” (proposed to be permitted in I-1), “Fast Casual Restaurant” (permitted in C-3), etc. to provide clarity.
- Add verbiage to Section 6.04 to clarify that the start of construction equates to the commencement of a land use when pertaining to the expiration date of conditional use permits, to conform with standard language included in La Vista’s draft conditional use permits.
- Add verbiage to Section 5.15.04 to allow for administrative extensions of the expiration date for planned unit development site plans for up to 12 months for extreme circumstances, specifically pertaining to the start of construction.

- Make pre-application meetings for design review projects required as opposed to optional. Currently, staff always encourage pre-application meetings as they result in a more efficient and less cumbersome design review process and overall improved experience for both applicants and staff.
- Introduce setback exemptions for center identification signs in the MU-CC district to be consistent with building setbacks (except that center identification signs still cannot be placed within the sight triangle). These changes will now coincide with earlier changes to monument signs.
- Allow for crushed rock parking areas within the TA zone for outdoor recreational uses, until such time that properties would be rezoned. Recreational facilities in the TA zone would still be required to provide paved parking stalls and walkways in both number and design to comply with ADA requirements.
- Pertaining to La Vista's landscaping requirements, specify the minimum size required at installation for shrubs and ornamental grasses.
- Introduce of an artist studio space use in the I-1 Light Industrial Zoning District.
- Introduce a "smoke shop and tobacco store" use within the C-1 Zoning District with an associated definition and land use standards that establish physical buffer requirements between any smoke shop and tobacco store/liquor store and any school, day care facility, park, church, or other smoke shop and tobacco store/liquor store.
- Change definition of "Lot" to be consistent with our zoning ordinance and subdivision regulations.
- Clarify the signage allowance for coffee kiosks with only drive-thru access.

A redlined copy of the proposed amendments is attached.

STAFF RECOMMENDATION:

Staff recommends approval of the proposed zoning text amendments.

BLOCK shall mean a parcel of land platted into lots and bounded by public streets or by waterways, rights-of-way, unplatted land, City-County boundaries, or adjoining property lines.

BOARD OF ADJUSTMENT shall mean that board that has been created by the city and which has the statutory authority to hear and determine appeals, interpretations of, and variances to the zoning regulations.

BOARDING HOUSE shall mean a building containing a single dwelling unit and provisions for not more than five (5) guests, where lodging is provided with or without meals for compensation. (Also, see *Bed and Breakfast*) (Ordinance No. 1083, 2-17-09)

BOOK STORE shall mean a retail establishment that, as its primary business, engages in the sale, rental, or other charge-for-use of books, magazines, newspapers, greeting cards, postcards, videotapes, computer software, or any other printed or electronically conveyed information or media, excluding any uses defined as "adult entertainment establishments." (Ordinance No. 1083, 2-17-09)

BOWLING CENTER shall mean an establishment that devotes more than 50 percent of its gross floor area to bowling lanes, equipment, and playing area. Accessory uses such as the retail sale of snacks, the retail sale of beverages, and a video game arcade are customary. (Ordinance No. 1083, 2-17-09)

BREW-ON PREMISES STORE shall mean a facility that provides the ingredients and equipment for a customer to use to brew malt liquor at the store. Brew-on-premises stores do not include the sale of intoxicating liquor, unless the owner of the brew-on-premises store holds the appropriate liquor license.

BREW PUB shall mean a restaurant or hotel which includes the brewing of beer as an accessory use. The brewing operation processes water, malt, hops, and yeast into beer or ale by mashing, cooking, and fermenting. By definition, these establishments produce no more than 10,000 barrels of beer or ale annually. The area, by definition, used for brewing, including bottling and kegging, shall not exceed twenty-five (25) percent of the total floor area of the commercial space.

BUFFER shall mean a strip of land established to protect one type of land use from another incompatible land use or between a land use and a private or public road. (Also, see Screening)

BUILDING shall mean any structure built and maintained for the support, shelter or enclosure of persons, animals, chattels, or property of any kind, but shall not include temporary buildings as defined in "Structure, Temporary". Trailers, with or without wheels, shall not be considered as buildings.

BUILDING, ACCESSORY shall mean any detached subordinate building which serves a function customarily incidental to that of the main building or main use of the premises. Customary accessory building includes farm buildings, garages, carports, and small storage sheds.

BUILDING CODE shall mean the various codes of the City that regulate construction and requires building permits, electrical permits, mechanical permits, plumbing permits, and other permits to do work regulated by the Uniform Building Code, and other codes adopted by the City that pertain to building construction.

BUILDING HEIGHT shall mean the vertical distance above grade to the highest point of the coping of a flat roof or to the deck line of a mansard roof, or to the average height of the highest gable of a pitched, hipped, or shed roof, measured from the highest adjoining sidewalk or ground surface within a five (5) foot horizontal distance at the exterior wall of the building. (Also, see Height) (Ordinance No. 1083, 2-17-09)

BUILDING INSPECTOR shall mean the *Chief Building Official* of the City of La Vista, Nebraska. (Ordinance No. 1083, 2-17-09)

BUILDING-INTEGRATED SOLAR ENERGY SYSTEM shall mean a solar photovoltaic system that is constructed as an integral part of a principal or accessory building or structure and where the building-integrated system features maintain a uniform profile or surface of vertical walls, window openings, and roofing. Such a

system is used in lieu of a separate mechanical device, replacing or substituting for an architectural or structural component of the building or structure that appends or interrupts the uniform surfaces of walls, window openings and roofing. A building-integrated system may occur within vertical facades, replacing view glass, spandrel glass or other facade material; into semitransparent skylight systems; into roofing systems, replacing traditional roofing materials; or other building or structure envelope systems. (*Ordinance No. 1389, 3-3-2020*)

Incidental instructional services in conjunction with another primary use shall not be included in this definition. (Ordinance No. 1083, 2-17-09)

SPECIALTY FOOD STORE shall mean a retail establishment that sells only specialized types or classes of staple foods and accessory foods including but not limited to bakeries, donut shops, ice cream stores, produce markets, meat markets, imported food stores, or boutique or health food grocery stores.

SPECIFIED ANATOMICAL AREAS shall mean anatomical areas consisting of:
Less than completely and opaquely covered human genitals, pubic region, buttock, anus, or female breast(s) below a point immediately above the top of the areola; and,
Human male genitals in a discernibly turgid state, even if completely and opaquely covered.

SPECIFIED SEXUAL ACTIVITIES shall mean activities consisting of the following:
Actual or simulated sexual intercourse, oral copulation, anal intercourse, oral-anal copulation, bestiality, direct physical stimulation of unclothed genitals, flagellation or torture in the context of a sexual relationship, or the use of excretory functions in the context of a sexual relationship, and any of the following sexually-oriented acts of conduct: Anilingus, buggery, coprophagy, coprophilia, cunnilingus, fellatio, necrophilia, pederasty, pedophilia, piquerism, sapphism, zoerasty; or
Clearly depicted human genitals in the state of sexual stimulation, arousal, or tumescence; or
Use of human or animal ejaculation, sodomy, oral copulation, coitus, or masturbation; or
Fondling or touching of nude human genitals, pubic region, buttocks, or female breast(s); or
Situation involving a person or persons, any of whom are nude, clad in undergarments or in sexually revealing costumes, and who are engaged in activities involving the flagellation, torture, fettering, binding, or other physical restraint or any such persons; or
Erotic or lewd touching, fondling, or other sexually-oriented contact with an animal by a human being; or
Human excretion, urination, menstruation, vaginal, or anal irrigation.

STATE shall mean the State of Nebraska.

STORAGE shall mean the keeping, in a roofed or unroofed area, of any goods, junk, material, merchandise, or vehicles on the same tract or premises for more than thirty (30) days.

STORY shall mean a space in a building between the surface of any floor and the surface of the floor above, or if there is not floor above, then the space between such floor and the ceiling or roof above.

STREET shall mean a public thoroughfare or right-of-way dedicated, deeded, or condemned for use as such, other than an alley, which affords the principal means of access to abutting property including avenue, place, way, drive, lane, boulevard, highway, road and any other thoroughfare except as excluded in this Regulation.

STREET, ARTERIAL shall mean a street designed with the primary function of efficient movement of through traffic between and around areas of a City, City, or county with controlled access to abutting property.

STREET, COLLECTOR shall mean a street or high way, which is intended to carry traffic from a minor street to major streets. Collector streets are usually the principal entrance streets to residential developments and the streets for circulation within the development.

STREET FRONTAGE shall mean the distance for which a lot line of a zone lot adjoins a public street, from one lot line intersecting said street to the furthest distant lot line intersecting the same street.

STREET, LOCAL shall mean a street designed for local traffic that provides direct access to abutting residential, commercial, or industrial properties.

STREET, PRIVATE shall mean an open, unoccupied space, other than a street or alley dedicated to the public, but permanently established as the principal means of vehicular access to abutting properties. *(Ordinance No. 1083, 2-17-09)*

STREETSCAPE shall mean the scene as may be observed along a street *right-of-way* composed of natural and man-made components, including buildings, paving, plantings, *poles, signs, benches, and other miscellaneous amenities.* *(Ordinance No. 1083, 2-17-09)*

STRUCTURE shall mean anything constructed or built, any edifice or building of any kind, or any piece of work artificially built up or composed of parts joined together in some definite manner, which requires location on the ground or is attached to something having a location on the ground, including swimming and wading pools and covered patios, excepting outdoor areas such as paved areas, walks, tennis courts, and similar recreation areas.

STRUCTURE, TEMPORARY shall mean a structure permitted as a temporary use. *(Ordinance No. 1083, 2-17-09)*

STRUCTURAL ALTERATION shall mean any change in the support members of a building, such as in a bearing wall, column, beam or girder, floor or ceiling joists, roof rafters, roof diaphragms, foundations, piles, or retaining walls or similar components.

SUBDIVISION shall mean the division of land, lot, tract, or parcel into two or more lots, parcels, plats, or sites, or other divisions of land for the purpose of sale, lease, offer, or development, whether immediate or future. *(Ordinance No. 1083, 2-17-09)*

Section 2.21 - Definitions: T

TANNING SPA or SALON shall mean any business that uses artificial lighting *or other* systems to produce a tan on an individual's body. These facilities may be either a stand-alone business or as an accessory use in spas, gymnasiums, athletic clubs, health clubs, and styling salons. This use is not included with any type of adult establishment. *(Ordinance No. 1083, 2-17-09)*

TAVERN AND COCKTAIL LOUNGE shall mean any establishment whose principal business is serving alcoholic beverages at retail for consumption on the premises. *(Ordinance No. 1083, 2-17-09)*

TELECOMMUNICATIONS FACILITY shall mean any facility that transmits and/or receives signals by electromagnetic or optical means, including antennas, microwave dishes, horns, or similar types of equipment, towers or similar structures supporting such equipment, and equipment buildings. *(Ordinance No. 1083, 2-17-09)*

TELEPHONE EXCHANGE shall mean a building used exclusively for the transmission and exchange of telephone messages, but the term shall not include wireless communication towers. *(Ordinance No. 1083, 2-17-09)*

TEMPORARY USE shall mean a use intended for limited duration, *not to exceed six (6) months*, to be located in a zoning district not permitting such use. *(Ordinance No. 1083, 2-17-09)*

THEATER shall mean a building or structure used for dramatic, operatic, motion pictures, or other performance, for admission to which entrance money is received and no audience participation or meal service.

TOBACCO PRODUCT shall mean any product in leaf, flake, plug, liquid, or any other form, containing nicotine derived from the tobacco plant, or otherwise derived, which is intended to enable human consumption of the tobacco or nicotine in the product, whether smoked, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means. For the purposes of this chapter, the term "tobacco product" excludes any product that has been specifically approved by the United States Food and Drug Administration (FDA) for

sale as a tobacco/smoking cessation product or for other medical purposes, where such product is marketed and sold solely for such an approved purpose.

Formatted: Font: Not Bold, No underline

TOWER shall mean a structure situated on a site that is intended for transmitting or receiving television, radio, or telephone communications. (Also, see Antenna)

TOWNHOUSE shall mean a one-family dwelling unit, with a private entrance, which is part of a structure whose dwelling units are attached horizontally in a linear arrangement, and having a totally exposed front and rear wall to be used for access, light, and ventilation.

TRANSPORTATION SERVICES shall mean establishments providing services incidental to transportation, such as forwarding, packing, crating, or other means of preparing goods for shipping. (See also Standard Industrial Classification (SIC) Industry Group 473 and description 4783, published by the U.S. Department of Labor.) (Ordinance No. 1053, 1-15-08)

TUTORING AND EXAM PREPARATION SERVICES shall mean services and programs providing private instruction for students (children or adults) seeking supplemental, special, or remedial instruction with coursework, exam preparation, or enhancement of their regular educational program. The primary service provided is educational, and not child care. (Ordinance No. 1341, 2-5-19)

Section 2.22 - Definitions: U

USE, PRINCIPAL shall mean the main use of land or structure, as distinguished from an accessory use. (Also, see Principal Building)

UTILITARIAN STRUCTURE shall mean a structure or enclosure relating to mechanical or electrical services to a building or development.

UTILITY HARDWARE shall mean devices such as poles, crossarms, transformers and vaults, gas pressure regulating assemblies, hydrants, and buffalo boxes that are used for water, gas, oil, sewer, and electrical services to a building or a project.

UTILITY SERVICE shall mean any device, including wire, pipe, and conduit, which carries gas, water, electricity, oil and communications into a building or development.

Section 2.23 - Definitions: V

VARIANCE shall mean a relief granted by the Board of Adjustment from or variation of the provisions of this Ordinance, other than use regulations, as applied to a specific piece of property, as distinct from rezoning. (Ordinance No. 1083, 2-17-09)

VETERINARY SERVICES shall mean a building or part of a building used for the care, diagnosis, and treatment of sick, ailing, infirm, or injured animals, and those who are in need of medical or surgical attention. Such clinics may or may not also provide long-term lodging for ill or unwanted animals, or lodging for healthy animals on a fee basis. Such clinics may or may not also provide general grooming practices for such animals. (Ordinance No. 871, 10-15-02)

Section 2.24 – Definitions: W

WAREHOUSE shall mean a building used primarily for the storage of goods and materials.

WHOLESALE TRADE shall mean a use primarily engaged in selling merchandise to retailers; to industrial, commercial, institutional, farm or professional business users; or to other wholesalers; or acting as agents or brokers in buying merchandise for or selling merchandise to such persons or companies. The principal types of

establishments included are: Merchant wholesalers; sales branches and sales offices (but not retail stores) maintained by manufacturing enterprises apart from their plants for the purpose of marketing their products; agents, merchandise or commodity brokers, and commission merchants; petroleum bulk storage, assemblers, buyers, and associations engaged in cooperative marketing of farm products. The chief functions of uses in wholesale trade are selling goods to trading establishments, or to industrial, commercial, institutional, farm and professional; and bringing buyer and seller together. In addition to selling, functions frequently performed by wholesale establishments include maintaining inventories of goods; extending credit; physically assembling, sorting and grading goods in large lots, breaking bulk and redistribution in smaller lots; delivery; refrigeration; and various types of promotion such as advertising and label designing.

WIND ENERGY SYSTEM or WIND ENERGY CONVERSION SYSTEM (WECS) shall mean a wind-driven machine that converts wind energy into electrical power for the primary purpose of on-site use or resale for off-site use. (Ordinance No. 1083, 2-17-09)

WIRELESS COMMUNICATIONS TOWER shall mean a structure designed and constructed to support one or more antennas used by commercial wireless telecommunication facilities and including all appurtenant devices attached to it. A tower can be freestanding (solely self-supported by attachment to the ground) or supported (attached directly to the ground and with guy wires), of either lattice or monopole construction. (Ordinance No. 1083, 2-17-09)

Section 2.25 – Definitions: X

Section 2.26 - Definitions: Y

YARD shall mean any open space on the same lot with a building or a dwelling group, which open space is unoccupied and unobstructed from the ground upward to the sky, except for building projections or for accessory buildings or structures permitted by this Regulation.

YARD, FRONT shall mean a space between the front yard setback line and the front lot line or *right-of-way line*, and extending the full width of the lot. (Ordinance No. 1083, 2-17-09)

YARD, REAR shall mean a space between the rear yard setback line and the rear lot line, extending the full width of the lot.

YARD, SIDE shall mean a space extending from the front yard or from the front lot line where no front yard is required by this Regulation, to the rear yard, or rear lot line, between a side lot line and the side yard setback line.

Section 2.27 - Definitions: Z

2.07.276 **ZONE LOT** shall mean a parcel of land in single ownership that is of sufficient size to meet minimum zoning requirements for area, coverage, and use, and that can provide such yards and other open spaces as required by the zoning regulations.

Example of possible Lot Configurations and Yard Requirement

ARTICLE 3: DISTRICTS AND OFFICIAL MAP

Section 3.01 Districts. In order to regulate and restrict the height, location, size and type of buildings, structures and uses allowed on land in the City and the area within two-mile of the corporate boundaries, the City is hereby divided into districts.

Section 3.02 Provision for Official Zoning Map.

3.02.01 The City is hereby divided into districts, as shown on the Official Zoning Map, which, together with all explanatory matter thereon, is hereby adopted by reference and declared to be a part of this Ordinance. The Official Zoning Map shall be identified by the signature of the Mayor, attested by the City Clerk, and bearing the seal of the City under the following words: "This is to certify that this is the Official Zoning Map referred to in Section 3.02 of Ordinance No. 848 of the City of La Vista, Nebraska", together with the date of the adoption of this Ordinance.

If, in accordance with the provisions of this Ordinance, changes are made in the district boundaries or other matter portrayed on the Official Zoning Map, such changes shall be entered on the Official Zoning Map promptly after the amendment has been approved by the City Council.

3.02.02 In the event that the Official Zoning Map becomes damaged, destroyed, lost or difficult to interpret because of the nature or number of changes and additions, the City Council may by resolution adopt a new Official Zoning Map. The new Official Zoning Map may correct drafting or other errors or omissions in the prior Official Zoning Map, but no such correction shall have the effect of amending the original Official Zoning Map or any subsequent amendment thereof. The new Official Zoning Map shall be identified by the signature of the Mayor attested by the City Clerk and bearing the seal of the City under the following words: "This is to certify that this Official Zoning Map supersedes and replaces the Official Zoning Map adopted November 20, 2001 Ordinance No. 848 of the City of La Vista, Nebraska."

Unless the prior Official Zoning Map has been lost, or has been totally destroyed, the prior map or any significant parts thereof remaining, shall be preserved, together with all available records pertaining to its adoption or amendment.

ARTICLE 4: GENERAL PROVISIONS

Section 4.01 Planning Commission Recommendations. Pursuant to Section §19-901 et. seq., (Nebraska Reissue Revised Statutes, 1943), it shall be the purpose of the Planning Commission to recommend the boundaries of the various original districts and appropriate regulations to be enforced therein.

The Commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the City Council shall not hold its public hearings or take action until it has received the final report of the Commission.

Section 4.02 District Regulations, Restrictions, Boundary Creation. No such regulation, restriction, or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Notice of the time and place of such hearings shall be given by publication thereof in a paper of general circulation in the City at least one (1) time ten (10) days prior to such hearing.

Section 4.03 Jurisdiction. The provisions of this Ordinance shall apply within the corporate limits of the City of La Vista, Nebraska, and within the territory beyond said corporate limits as now or hereafter fixed, for a distance of two (2) miles, as established on the map entitled "The Official Zoning Map of the City of La Vista, Nebraska", and as may be amended by subsequent annexation.

Section 4.04 Provisions of Ordinance Declared to be Minimum Requirements. In their interpretation and application, the provisions of this Ordinance shall be held to be minimum requirements, adopted for the promotion of the public health, safety, morals, or general welfare. Whenever the provisions of this Ordinance require a lower height of building or lesser size of yards, courts or other spaces, or require a lower height of building or lesser number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in any other ordinance, the provisions of this Ordinance shall govern. Wherever the provisions of any other ordinance requires a greater width or size of yards, courts, or other open spaces, or requires a lower height of building or a lesser number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required by the provisions of this Ordinance, the provisions of such ordinance shall govern.

Section 4.05 Zoning Affects Every Building and Use. No building or land shall hereafter be reused and no building or part thereof shall be erected, moved or altered unless for a use expressly permitted by and in conformity with the regulations herein specified for the district in which it is located, except that any structure damaged or destroyed may be restored if such structure does not involve a non-conforming use.

Section 4.06 Lot.

- 4.06.01 Every building hereafter erected, reconstructed, converted, moved or structurally altered shall be located on a lot or lot of record and in no case shall there be more than one (1) principal building on a lot unless otherwise provided.
- 4.06.02 More than one principal building of a single permitted use may be located upon a lot or tract in the following instances if approved by the City. (*Ordinance No. 892, 2-04-03*)
 - 4.06.02.01 Institutional buildings
 - 4.06.02.02 Public or semi-public buildings
 - 4.06.02.03 Multiple-family dwellings
 - 4.06.02.04 Commercial or industrial buildings
 - 4.06.02.05 Home for the aged
 - 4.06.02.06 Agricultural buildings

Section 4.07 Reductions in Lot Area Prohibited. No lot, even though it may consist of one (1) or more adjacent lots of record, shall be reduced in area so that yards, lot area per family, lot width, building area, or other requirements of this Ordinance are not maintained. This section shall not apply when a portion of a lot is acquired for a public purpose.

Section 4.08 Obstructions to Vision at Street Intersections Prohibited. A corner lot, within the area formed by the center line of streets at a distance of sixty (60) feet from their intersections, there shall be no obstruction to vision between a height of two and one-half (2 1/2) feet and a height of ten (10) feet above the grades of the bottom of the curb of the intersecting streets, measured from the point of intersection of the centerline of the

streets. At the intersection of major or *other* arterial streets, the 60-foot distance shall be increased to 90 feet for each arterial leg of the intersection. The requirements of this section shall not be deemed to prohibit any necessary retaining wall. *City has right to increase this distance based upon subdivision design and speed limits along major or other arterials. (Ordinance No. 893, 2-04-03)*

Section 4.09 Yard Requirements.

- 4.09.01 Yard requirements shall be set forth under the Schedule of Lot, Yard, and Bulk Requirements for each zoning district. Front, side and rear yards shall be provided in accordance with the regulations hereinafter indicated and shall be unobstructed from the ground level to the sky, except as herein permitted.
- 4.09.02 All accessory buildings that are attached to principal buildings (e.g., attached garages) shall comply with the yard requirements of the principal building, unless otherwise specified.
- 4.09.03 The City may permit a variation in front yard setbacks to allow new or relocated structures to conform to the average existing setback provided that 1) More than thirty (30) percent of the frontage on one side of a street between intersecting streets is occupied by structures on the effective date of this Ordinance, and 2) A minority of such structures have observed or conformed to an average setback line.

Section 4.10 Through Lots.

4.10.01 Through Lots shall follow the following criteria:

- 4.10.01.01 Where a Through Lot abuts a major thoroughfare, such as 84th Street, Giles Road, Harrison Street, etc., and access is made from the other frontage street and access along said thoroughfare is restricted, the Rear Yard setback for fences and screening devices shall be zero (0) feet. The Rear Yard setback for accessory buildings shall follow the prescribed setback within the zoning district.
- 4.10.01.02 Where a Through Lot is part of a triple frontage lot and abuts a major thoroughfare, the Rear Yard shall meet the standards of 4.10.01.01, while the other two frontages shall be treated as a Corner Lot with a Front Yard setback and a Street Side Yard setback.
- 4.10.01.03 Where a Through Lot occurs, other than along a major thoroughfare, the following shall apply:
 - 1. Where all principal structures in the development face the same frontage, then the Rear Yard setback for fences and screening shall be zero (0) feet and all accessory buildings shall meet the prescribed setback within the zoning district. This shall apply similarly at triple frontage lots, provided the remaining two frontages are treated like a typical Corner Lot.
 - 2. Where principal structures face different directions along both frontages, the Rear Yard setback for fences and screening shall be the same as any prescribed Rear Yard setback within the zoning district. This shall apply similarly at triple frontage lots, provided the remaining two frontages are treated like a typical Corner Lot. All accessory buildings in this condition, shall comply with the minimum Rear Yard setbacks rather than the reduced setback allowed for accessory buildings.

Section 4.11 Drainage. No building, structure, or use shall be erected on any land, and no change shall be made in the existing contours of any land, including any change in the course, width, or elevation of any natural or other drainage channel, that will obstruct, interfere with, or substantially change the drainage from such land to the detriment of neighboring lands. Anyone desiring to build or otherwise change the existing drainage situation shall be responsible for providing to the City or their designated agent with data indicating that such changes will not be a detriment to the neighboring lands.

Section 4.12 Permitted Obstructions in Required Yards. The following shall not be considered to be obstructions when located in the required yards:

- 4.12.01 *All Yards:* Steps and accessibility ramps used for wheelchair and other assisting devices which are four (4) feet or less above grade which are necessary for access to a permitted building or for access to a lot from a street or alley; chimneys projecting twenty-four (24) inches or less into the yard; recreational and laundry-drying equipment; approved freestanding signs; arbors and trellises; flag poles; window unit air conditioners projecting not more than eighteen (18) inches into the required yard; and fences or walls subject to applicable height restrictions are permitted in all yards.
- 4.12.02 *Front Yards:* Bay windows projecting three (3) feet or less into the yard are permitted.

- 4.12.03 *Rear and Side Yards*: Open off-street parking spaces or outside elements of central air conditioning systems.
- 4.12.04 *Double Frontage Lots*: The required front yard shall be provided on each street, unless otherwise provided.
- 4.12.05 *Building Groupings*: For the purpose of the side yard regulation a group of business or industrial buildings separated by a common party wall shall be considered as one (1) building occupying one (1) lot.

Section 4.13 Projections from Buildings

- 4.13.01 Cornices, eaves, canopies, belt courses, sills, ornamental features, and other similar architectural features may project not more than two (2) feet into any required yard or into any required open space, provided that such required yard or open space meets the current minimum yard standards.
- 4.13.02 As a part of single and two family residences, open uncovered porches or decks no higher than the first floor above grade on the side of the building to which they are appurtenant and in no event higher than thirty (30) inches above grade of the lot on the side of the structure where such porch or deck is located, may extend: (*Ordinance No. 894, 2-04-03*)
- 4.13.02.01 Three (3) feet into any side yard that otherwise meets minimum side yard requirements provided that the other side yard also meets such minimum side yard requirements and remains free of encroaching structures of any kind; and that said new encroachment meets all separation requirements between structures as determined in the City's Building Code, except gated fences providing access to the rear yard.
- 4.13.02.02 Eight (8) feet into a front yard provided that the front yard otherwise meets minimum front yard requirements and provided further 1) That in no event may such porch or deck cover more than 96 square feet of the required front yard or extend beyond the side walls of the building structure, and 2) Front decks or porches shall not be higher than thirty (30) inches above ground and no higher than the first floor, except that on homes with front entryways at first floor level but driveway cuts and garage floors at basement level, there may be constructed a veranda-type uncovered deck or porch extending from the front deck or porch over the garage door or doors, which extended area shall be at the same elevation and shall have bracing as required by the Chief Building Official, and 3) Covered porches, built of materials of the same or similar nature as the roof of the principal structure may be allowed with eaves not to exceed twelve (12) inches.
- 4.13.02.03 Safety railings shall be installed as per the City's Building Code and as approved by the Chief Building Official.
- 4.13.02.04 One-half (1/2) of the distance into the required rear yard, but in no event closer than *fifteen (15) feet* to any property line. (*Ordinance No. 894, 2-04-03*)
- 4.13.03 Provided further, that no railing or other shall be placed around such deck or porch in a rear yard or side yard and no such barrier which interferes appreciably more than twenty-five (25) percent with the passage of light or air shall be constructed within the required front yard or within five (5) feet of any side yard or *fifteen (15) feet of any* rear yard lot line. Any such deck or porch when located on a lot at the intersection of two (2) streets or a street and an alley, shall comply with the provisions designed to ensure proper sight distances as set forth in this Ordinance for fences and hedges. Any side yard on a corner lot when such yard is twenty (20) feet or more in width, may be considered as a front yard for purposes of determining permitted encroachments as provided herein. (*Ordinance No. 894, 2-04-03*)
- 4.13.04 Vertical supports shall meet the City's Building Code.

Section 4.14 Accessory Building and Uses.

- 4.14.01 No accessory building shall be constructed upon a lot for more than six (6) months prior to beginning construction of the principal building. No accessory building shall be used for more than six (6) months unless the main building on the lot is also being used or unless the main building is under construction; however, in no event shall such building be used as a dwelling unless a certificate of occupancy shall have been issued for such use.
- 4.14.02 No detached accessory building or structure shall exceed the maximum permitted height of the principal building or structure.
- 4.14.03 No accessory building shall be erected in or encroach upon the required side yard on a corner lot or the front yard of a double frontage lot.
- 4.14.04 Detached accessory buildings or structures shall be located no closer to any other accessory or principal building as provided in the local building code.
- 4.14.05 Garages and outbuildings in Residential Districts for storage uses and other structures customary and appurtenant to the permitted uses and detached accessory garages shall be constructed of materials

customarily used in residential construction. The sidewalls of said building shall not exceed ten (10) feet in height.

4.14.06 Regulation of accessory uses shall be as follows:

- 4.14.06.01 Except as herein provided, no accessory building shall project beyond a required yard line along any street.
- 4.14.06.02 Service station pumps and pump island may occupy the required yards, provided, however, that they are not less than fifteen (15) feet from street lines.

Section 4.15 Permitted Modifications of Height Regulations.

4.15.01 The height limitations of this Ordinance shall not apply to:

Belfries	Public Monuments
Chimneys	Ornamental Towers and Spires
Church Spires	Radio and Television
Conveyors	Towers less than 125 feet in height
Cooling Towers	Silos
Elevator Bulkheads	Smoke Stacks
Fire Towers	Stage Towers or Scenery Lots
Water Towers and Standpipes	Tanks
Air-Pollution Prevention Devices	

- 4.15.02 When permitted in a district, public or semi-public service buildings, hospitals, institutions, or schools may be erected to a height not exceeding seventy-five (75) feet when each required yard line is increased by at least one (1) foot for each one (1) foot of additional building height above the height regulations for the district in which the building is located.

- 4.15.03 Flag pole height, as measured from the ground, shall not exceed the height of its accompanying building by more than 25% of the building's height as constructed. The maximum height allowed for a flag pole shall be 50' or 25% above the accompanying building's height, whichever is the lesser value.

Section 4.16 Occupancy of Basements and Cellars. No basement or cellar shall be occupied for residential purposes until the remainder of the building has been substantially completed.

Section 4.17 Non-Conforming, General Intent. It is the intent of this ordinance to permit lawful non-conformities to continue until they are removed, but not encourage their survival. Such uses are declared by this ordinance to be incompatible with permitted uses in the districts involved. It is further the intent of this ordinance that non-conformities shall not be enlarged upon, expanded or extended nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district except as may be authorized in this title.

Section 4.18 Nonconforming Lots of Record. In any district in which single-family dwellings are permitted, notwithstanding limitations imposed by other provision of this ordinance, a single-family dwelling and customary accessory buildings may be erected on any single lot of record at the effective date of adoption or amendment of this ordinance. This provision shall apply even though such lot fails to meet the requirements for area or width, or both that are generally applicable in the district provided that the yard dimensions and other requirements not involving area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located; that such lot has been owned separately and individually from adjoining tracts of land at a time when the creation of a lot of such size and width at such location would have been lawful; and has remained in separate and individual ownership from adjoining lots or tracts of land continuously during the entire period in which this or previous ordinance would have prohibited creation of such lot. Variance of area, width and yard requirements shall be obtained only through action of the Board of Adjustment.

Section 4.19 Nonconforming Structures.

- 4.19.01 ***Authority to continue:*** Any structure which is devoted to a use which is permitted in the zoning district in which it is located, but which is located on a lot which does not comply with the applicable lot size requirements and/or the applicable bulk regulations, may be continued, so long as it remains otherwise lawful, subject to the restrictions of this section.
- 4.19.02 ***Enlargement, Repair, Alterations:*** Any such structure described in Section 4.19.01 may be enlarged, maintained, repaired or remodeled, provided, however, that no such enlargement, maintenance, repair or remodeling shall either create any additional nonconformity or increase

- the degree of existing nonconformity of all or any part of such structure, except that as to structures located on a lot that does not comply with the applicable lot size requirements, the side yard requirements shall be in conformance with this section, and unless otherwise permitted by or as specified in the Residential District. All enlargements shall meet all existing required setbacks unless provided elsewhere in this Ordinance.
- 4.19.03 **Damage or Destruction:** In the event that any structure described in Section 4.19.01 is damaged or destroyed, by any means, to the extent of more than fifty percent (50%) of its structural value, such structure shall not be restored unless it shall thereafter conform to the regulations for the zoning district in which it is located; provided that structures located on a lot that does not comply with the applicable lot size requirements in Section 4.19, shall not have a side yard of less than five (5) feet. When a structure is damaged to the extent of less than fifty percent (50%) of its structural value, no repairs or restoration shall be made unless a building permit is obtained and restoration is actually begun within one year after the date of such partial destruction and may be extended six (6) months upon an approved building Permit extension request.
- 4.19.04 **Moving:** No structure shall be moved in whole or in part for any distance whatever, to any other location on the same or any other lot unless the entire structure shall thereafter conform to the regulations of the zoning district in which it is located after being moved.

Section 4.20 Nonconforming Uses.

- 4.20.01 **Nonconforming Uses of Land:** Where at the effective date of adoption or amendment of this ordinance, lawful use of land exists that is made no longer permissible under the terms of this ordinance as enacted or amended, such use may be continued so long as it remains otherwise lawful, subject to the following provisions:
- 4.20.01.01 No such non-conforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this ordinance;
- 4.20.01.02 No such nonconforming use shall be moved in whole or in part to any other portion of the lot or parcel occupied by such use at the effective date of adoption or amendment of this ordinance.
- 4.20.01.03 If any such nonconforming use of land ceases for any reason for a period of more than twelve (12) consecutive months, any subsequent use of such land shall conform to the regulations specified by this ordinance for the district in which such land is located.
- 4.20.02 **Nonconforming Uses of Structures:** If a lawful use of a structure, or of structure and premises in combination, exists at the effective date of adoption or amendment of this ordinance, that would not be allowed in the district under the terms of this ordinance, the lawful use may be continued so long as it remains otherwise lawful subject to the following provisions:
- 4.20.02.01 No existing structure devoted to a use not permitted by this ordinance in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved or structurally altered except in changing the use of the structure to use permitted in the district in which it is located;
- 4.20.02.02 Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this ordinance but no such use shall be extended to occupy any land outside such building;
- 4.20.02.03 If no structural alterations are made, any nonconforming use of a structure or structures and premises may be changed to another nonconforming use provided that the Planning Commission and City Council, after each has completed a Public Hearing as per State Statute, either by general rule or by making findings in the specific case, shall find that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use. In permitting such change, the Planning Commission and/or City Council may require appropriate conditions and safeguard in accord with the provisions of this ordinance;
- 4.20.02.04 Any structure, or structure and land in combination, in any or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district in which such structure is located and the nonconforming use may not thereafter be resumed;

- 4.20.02.05 When a nonconforming use of a structure or structure and premises in combination is discontinued or abandoned for twelve (12) consecutive months, the structure or structure and premises in combination shall not thereafter be used except in conformance with the regulations of the district in which it is located;
- 4.20.02.06 Where nonconforming use status is applied to a structure and premises in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land.

Section 4.21 Repairs and Maintenance.

- 4.21.01 On any building devoted in whole or in part to any nonconforming use, work may be done in any period of twelve (12) consecutive months on ordinary repairs or on repair or replacement of non-bearing walls, fixtures, wiring or plumbing provided that the cubic content of the building as it existed at the time of passage of amendment of this ordinance shall not be increased.
- 4.21.02 Nothing in this ordinance shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

Section 4.22 Uses under Special Use Permit not Nonconforming Uses. Any use for which a special permit is issued as provided in this ordinance shall not be deemed a nonconforming use, but shall without further action be deemed a conforming use in such district.

Section 4.23 Fees. All fees for any zoning or subdivision related action shall be required prior to the issuance or investigation of any said permit request. Fees shall be a part of the Master Fee Schedule adopted by the City Council by separate Ordinance.

Section 5.02 Districts; Boundaries. The boundaries of the districts are hereby established as shown on the maps entitled "Official Zoning Map of the City of La Vista, Nebraska." Said maps and all explanatory matter thereon accompany and are hereby made a part of this Ordinance as if fully written herein. The Official Zoning District Map shall be identified by the signature of the Mayor, and attested by the City Clerk. No changes shall be made on the Zoning District Map except as may be required by amendments to this Ordinance. Such changes shall be promptly indicated on the Zoning District Map with the Ordinance number, nature of change, and date of change noted on the map. (Ref. §19-904 RS Neb.)

Section 5.03 Rules for Interpretation of District Boundaries. Where uncertainty exists as to the boundaries of districts as shown on the Official Zoning Map, the following rules shall apply:

- 5.03.01 Boundaries indicated as approximately following the center lines of streets, highways, or alleys shall be construed to follow such center lines;
- 5.03.02 Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines;
- 5.03.03 Boundaries indicated as approximately following City limits shall be construed as following such City limits;
- 5.03.04 Boundaries indicated as following railroad lines shall be construed to be midway between the main tracks;
- 5.03.05 Boundaries indicated as following shore lines shall be construed to follow such shore lines, and in the event of change in the shore line shall be construed as moving with the actual shore line; boundaries indicated as

approximately following the center lines of streams, rivers, canals, lakes, or other bodies of water shall be construed to follow such center lines;

5.03.06 Boundaries indicated as parallel to or extensions of features indicated in subsections 5.03.01-5.03.05 above shall be so construed. Distances not specifically indicated on the Official Zoning Map shall be determined by the scale of the map;

5.03.07 Where physical or cultural features existing on the ground are at variance with those shown on the Official Zoning Map, or in other circumstances not covered by subsections 5.03.01-5.03.06 above, the Board of Zoning Adjustment shall interpret the district boundaries;

5.03.08 Where a district boundary line divides a lot which was in single ownership at the time of passage of this Ordinance, The Board of Zoning Adjustment may permit the extension of the regulations for either portion of the lot not to exceed fifty (50) feet beyond the district line into the remaining portion of the lot.

Section 5.04 Classification of Districts upon Annexation and Conformance with the Land Use Plan. Areas annexed into the corporate limits of La Vista shall be zoned to conform to the Land Use Plan.

Section 5.15 PUD PLANNED UNIT DEVELOPMENT DISTRICT (Overlay District)

5.15.01 Intent: The intent of the PUD District is to encourage creative design in buildings, open space, and their inter-relationship while protecting the health, safety, and general welfare of existing and future residents of surrounding neighborhoods.

The PUD District is an overlay zone. Although the specific conditions within this district are predetermined, the location of a proposed district must be carefully reviewed to assure that these conditions can be met. A specific PUD site plan shall be submitted by each applicant for "PUD" zoning in accordance with the provisions and conditions that follow.

5.15.02 Recommendation, findings of fact and development sizes

The planning commission, in its minutes, shall set forth its reasons for recommendation of approval or denial of the application for a PUD District, along with specific evidence and facts showing that the proposal meets or does not meet the following conditions.

5.15.02.01 Said planned unit development shall be in general conformity with the provisions of the La Vista Comprehensive Plan.

5.15.02.02 Said planned unit development shall not have a substantially adverse effect on the development of the neighboring area.

5.15.02.03 The minimum size allowed for a PUD District shall be 3 acres.

5.15.02.04 Permitted uses, lot sizes, height limits, bulk, density, parking, and setback requirements may be varied so as to promote an efficient and creative PUD District.

5.15.03 Use regulations.

All uses in the underlying zoning district may be permitted or conditionally permitted, unless certain uses are limited by City Council. Additionally, other uses (outside the underlying zoning district) may be allowed by City Council to promote mixed-use development.

5.15.04 Standards and conditions for development.

A planned unit development shall be consistent with the following general standards for use of land, and the use, type, bulk, and location of buildings, the density or intensity of use, open space, and public facilities.

5.15.04.01 The applicant shall submit a schedule of construction. The proposed construction shall begin within a period of twelve (12) months following the approval of the application by the City Council. Upon request, the Community Development Department may grant an additional twelve (12) month extension for the start of construction provided:

5.15.04.01.1 The character (including uses, parking conditions, traffic, and others) of the area in which the development as approved has not changed significantly;

5.15.04.01.2 The applicant has made some effort to follow through with said construction or there were circumstances that slowed the applicants' progress; and

5.15.04.01.3 If the administrative extension of the second twelve (12) month period has lapsed without the construction of such development; or, if staff deems the character of the area has changed within the initial twelve (12) month period, the applicant shall be required to reapply to both the Planning Commission and City Council for further approval(s).

5.15.04.02 A minimum of fifty (50) percent of the total planned construction shown on the final plan shall be completed within a period of five (5) years following such approval or the PUD plan shall expire. The period of time established for the completion of the development may be modified from time to time by the City Council upon review and recommendation by the Planning Commission upon the showing of good cause by the developer.

5.15.04.03 The developer shall provide and record easements and covenants, shall make such other arrangements, and shall furnish such performance bonds, escrow deposit, or other financial guarantees for public improvements as may be determined by the City Council to be reasonably required to assure performance in accordance with the development plan and to protect the public interest in the event of abandonment of said plan before completion.

5.15.04.04 The site shall be accessible from public roads and/or private roads that are adequate to carry the traffic that will be imposed upon them by the proposed development. The streets and driveways on the site of the proposed development shall be adequate to serve the residents or occupants of the proposed development.

Formatted

- 5.15.04.05 The development shall not impose an undue burden on public services and facilities, such as fire and police protection.
- 5.15.04.06 The entire tract or parcel of land to be occupied by the planned unit development shall be held in single ownership or control, or if there are two (2) or more owners, the application for such planned unit development shall be filed jointly by all owners.
- 5.15.04.07 The location and arrangement of structures, parking areas, walks, lighting, and appurtenant facilities shall be compatible with the surrounding land uses, and any part of a planned unit development not used for structures, parking and loading areas, or access ways shall be landscaped or left as common open space.
- 5.15.04.08 Adequate parking shall be provided for each building and use as per the regulations of the underlying zoning district. Planned Unit Development (PUD) plans may reduce the minimum parking requirements, in Section 7.06, if parking is shared by more than one land use or business.
- 5.15.04.09 PUD Districts shall abide by Section 7.17 (Landscaping Requirements) of this ordinance to ensure suitable screening between developments is maintained.
- 5.15.04.10 Except for the MU-CC district, all residential, commercial, and industrial buildings shall set back not less than twenty-five (25) feet from the right-of-way of any street and ten (10) feet from any district boundary lines that do not abut a street right-of-way. *PUD's within the MU-CC district shall abide by the setbacks of that district.* Additional setback from a heavily traveled thoroughfare may be required, when found reasonable by the Planning Commission and City Council for the protection of health, safety, and general welfare.
- 5.15.04.11 Except for the MU-CC district, building coverage shall not exceed the following percentages of the net developable area of each individual parcel of the total development for each type of planned unit development:
Residential, forty (40) percent maximum.
Commercial, sixty (60) percent maximum. *(Ordinance No. 882, 11-19-02)*
Industrial, sixty-five (65) percent maximum. *(Ordinance No. 882, 11-19-02)*
Uses within the MU-CC District, no requirement.
- 5.15.04.12 Except for the MU-CC district, a minimum of thirty (30) percent of the net area of that part of a planned unit development reserved for residential use shall be provided for open space as defined by these regulations under Section 5.15.04.16 below. Common open space for the leisure and recreation shall be maintained, through a homeowner's association or other approved entity. *(Ordinance No. 950, 3-1-05)* Open space as defined under this zoning district shall mean land area of the site not covered by buildings, parking, structures, or accessory structures, except recreational structures. Common open space as defined under this zoning district shall mean open space which is accessible and available to all occupants or their guests.
- 5.15.04.13 The PUD District shall include such provisions for the ownership and maintenance of the common open spaces as are reasonably necessary to insure its continuity, care, conservation, and maintenance, and to insure that remedial measures will be available to the City Council if the common open space is permitted to deteriorate, or is not maintained in a condition consistent with the best interests of the planned unit development or of the entire community.
- 5.15.04.14 No single family residential lot shall have direct access onto an arterial street.
- 5.15.04.15 All commercial areas must have access via a collector or arterial street; however, no individual commercial use may have direct access onto collector or arterial streets, unless the access is shared among more than one lot or building.
- 5.15.04.16 Sidewalks shall be built to City specifications along all public and private streets; however, an alternative pedestrian and sidewalk plan may be required which provides pedestrian access between each building or use in the planned unit development.
- 5.15.04.17 When a developer intends to design a new concept development, the Planning Commission and City Council may grant lesser front, side, and rear yard setbacks, including zero (0) lot line setbacks.
- 5.15.04.18 Architectural design and style are not restricted; however architectural style should be consistent throughout the PUD District. See Gateway Corridor District Design Guideline Booklet for examples of developments considered meeting this concept. Evaluation of the appearance of a project shall be based on the quality of its design and relationship to surroundings.

- 5.15.04.19 Building materials shall be selected for suitability to the type of buildings and the design in which they are used. Buildings shall have the same materials, or those that are architecturally harmonious, used for all building walls and other exterior building components wholly or partly visible from public ways.
- 5.15.04.20 All building within the PUD District shall use harmonious colors and shall use only compatible accents.
- 5.15.04.21 Monotony of design in single or multiple building projects shall be avoided. Variation of detail, form, and siting shall be used to provide visual interest. In multiple building projects, variable siting of individual buildings may be used to prevent a monotonous appearance.
- 5.15.04.22 Exterior lighting, when used, shall enhance the building design and the adjoining landscape. Building fixtures shall be of a design and size compatible with the building and adjacent areas. Lighting shall be directed downward and excessive brightness avoided. Lighting shall be designed to a standard that does not impact adjoining properties, especially residential areas (i.e. Dark Sky compliant.)
- 5.15.04.23 Developments within the MU-CC District are exempt from Sections 5.15.04.17 through 5.15.04.21 of this ordinance.

5.15.05 Application for approval of PUD plan.

- 5.15.05.01 An application for a PUD shall be handled in the same manner prescribed for amending this Ordinance. The same requirements for notice, advertisement of public hearing, protests, and adoption shall be required as zoning changes.
- 5.15.05.02 The applicant shall prepare the PUD plan for review and approval by the planning commission. Said PUD plan shall include a site plan showing:
 - 1. Contours at intervals of two (2) feet or spot elevations on a one hundred (100) foot grid shall be required on flat land;
 - 2. Location, size, height, and use of all proposed structures in conformance with the yard requirements;
 - 3. All points of ingress and egress, driveways, circulation aisles, parking lots, parking spaces, and service areas;
 - 4. All pedestrian sidewalks and walkways for internal circulation among buildings within the PUD as well as existing and proposed perimeter sidewalks.
 - 5. All streets adjoining subject property and the width of the existing right-of-way;
 - 6. Areas set aside for public and private open space with the type of recreational facilities planned for each;
 - 7. Designation of individual parcels if the proposed development is to be set up in separate construction phases;
 - 8. Designation of individual lots if such lots are proposed to be sold to individual owners;
 - 9. Location of required screening;
 - 10. Location of natural features such as ponds, tree clusters, and drainageways;
 - 11. Existing development on adjacent properties within two hundred (200) feet.
- 5.15.05.03 The above-described site plan shall also include a section designated as "general provisions," and said section shall include the following when said items are applicable:
 - 1. Net area in square feet or acres. (*Note:* Net area does not include land dedicated or necessary to be dedicated for public street right-of-way. If more than one parcel is proposed, designate net area by parcel as well as total net area.)
 - 2. Density of dwelling units per acre of the total dwelling units for the entire plan.
 - 3. Building coverage of the net area of the planned unit development by individual parcel or total development.
 - 4. The percentage of the development plan provided for common open space as defined by this regulation.
 - 5. If more than one parcel is proposed, a statement relating to the sequence of development shall be included.
 - 6. Required number of off-street parking spaces.
 - 7. Gross floor area proposed for commercial buildings.

- 5.15.05.04 A statement or adequate drawings shall be included describing the manner for the disposition of sanitary waste and storm water.
- 5.15.05.05 The full legal description of the parcels of the property or properties shall be included in the planned unit development.
- 5.15.05.06 A vicinity map, shall be included, showing the general arrangement of streets within an area of one thousand (1,000) feet from the boundaries of the proposed planned unit development.
- 5.15.05.07 A rendering or drawing of the general characteristics of the proposed buildings shall be submitted.
- 5.15.05.08 When a planned unit development includes provisions for common space, or recreational facilities, a statement describing the provision that is to be made for the care and maintenance for such open space be owned and/or maintained by any entity other than a governmental authority, copies of the proposed articles of incorporation and bylaws of such entity shall be submitted.
- 5.15.05.09 Copies of any restrictive covenants that are to be recorded with respect to property included in the planned development district.
- 5.15.05.10 The Planning Commission shall hold a Public Hearing on the PUD after the PUD has been reviewed by City of La Vista staff after giving notice as required by Statute for hearings.
- 5.15.05.11 Said public hearing may be adjourned from time to time and, within a reasonable period of time after the conclusion of said public hearing, the Planning Commission shall prepare and transmit to the City Council and the applicant specific findings of fact with respect to the extent which the PUD plan complies with those regulations, together with its recommendations in respect to the action to be taken on the PUD.
- 5.15.05.12 The City Council may or may not approve the PUD plan.
- 5.15.05.13 Substantial or significant changes in the PUD shall only be made after rehearing and re-approval.
- 5.15.05.14 After approval of a plan by the City Council, the applicant may apply for a building permit. The building permit shall include the same information as the plan.
- 5.15.05.15 The Community Development Department shall review the building permit for compliance with the approved plan.
- 5.15.05.16 In the event that the building permit submitted contains substantial changes from the approved development plan, the applicant shall resubmit the original plan. This development plan shall be modified in the same manner prescribed in this division as for original approval.

Deleted: Planning

5.15.06 Enforcement

The approved PUD site plan is binding and shall be a restriction on development which runs with the land. Any unauthorized deviation therefrom shall be punishable and enforceable as a violation of this title.

5.15.09 Amendments.

The PUD District ordinance or an approved PUD plan may be amended in the same manner prescribed in this section for approval of a PUD plan. Application for amendment may be made by the homeowner's association or fifty-one (51) percent of the owners of the property within the PUD District.

5.15.11 Fees.

For the following applications the indicated fee shall be paid to the City:

1. PUD; as set in the Master Fee Schedule.

The fee does not include any Preliminary and Final Plat Fees required by the City of La Vista. (*Ordinance No. 882, 11-19-02*)

Section 5.16 R-M Mobile Home Residential - District

5.16.01 Intent: The intent of the Mobile Home Residential District shall be to provide for mobile home dwellings on leased or owned property in areas where a mobile home park is appropriate, where such development is recognized as being in the best interests of the citizens and taxpayers of La Vista.

5.16.02 Permitted Uses

The following uses are permitted in the R-M Mobile Home Residential District.

- 5.16.02.01 Single family dwelling.
- 5.16.02.02 Mobile Home Dwellings.
- 5.16.02.03 Public School.
- 5.16.02.04 Private and public park, playground and recreational facilities.
- 5.16.02.05 Church, educational facilities and parish house.
- 5.16.02.06 Multi-unit dwellings provided such use is part of a Planned Unit Development-Residential.
- 5.16.02.07 Public buildings.
- 5.16.02.08 Child Care Homes.

5.16.03 Permitted Conditional Uses

- 5.16.03.01 Home occupation, subject to Section 7.10
- 5.16.03.02 Child Care Center
- 5.16.03.03 Utility installations such as electric substations, sewer lift stations, telephone exchanges, gas regulators and major transmission lines (not including utility office, repair, storage or production facilities).
- 5.16.03.04 Sewage disposal and water supply and treatment facilities.
- 5.16.03.05 Campgrounds.
- 5.16.03.06 Ground-Mounted Solar Energy Conversion Systems outside of the rear yard, as provided for in Section 7.15. (*Ordinance No. 1389, 3-3-2020*)

5.16.04 Permitted Accessory Uses.

- 5.16.04.01 Buildings and uses customarily incidental to the permitted uses.
- 5.16.04.02 Parking as provided for in Section 7.05 through 7.09.
- 5.16.04.03 Signs as provided for in Section 7.01 through 7.04.
- 5.16.04.04 Solar Energy Conversion Systems as provided for in Section 7.15. (*Ordinance No. 1389, 3-3-2020*)

5.16.05 Area and Lot Requirements

- 5.16.05.01 A mobile home park shall have an area of not less than five (5) acres. No mobile homes or other structures shall be located less than eighty-three (83) feet from the road centerline when contiguous to or having frontage to a County road or state highway. The setback on all other court property lines shall be twenty-five (25) feet. These areas shall be landscaped. The minimum lot width for a mobile home park shall be two hundred (200) feet.
- 5.16.05.02 Each lot provided for occupancy of a single mobile home shall have an area of not less than five thousand (5,000) square feet, excluding road R.O.W., and a width of not less than fifty (50) feet for an interior lot, eighty (80) feet for a corner lot, or forty-five (45) feet when facing a cul-de-sac turnaround or curve on a minor loop street. Each individual lot shall have:
 - 1. Side yards shall not be less than ten (10) feet on one side and not less than ten (10) feet on the other side, except that on corner lots, the setback for all buildings shall be a minimum of thirty (30) feet on the side abutting a street/road.
 - 2. Front yard of not less than thirty (30) feet.
 - 3. A rear yard of not less than twenty-five (25) feet.
- 5.16.05.03 There shall be a minimum livable floor area of five hundred (500) square feet in each mobile home, when mobile home is owned and leased by the mobile home park owner.

- 5.16.05.04 Height of Buildings.
1. Maximum height for principal uses: thirty-five (35) feet.
2. Maximum height for accessory uses: twenty (20) feet.
- 5.16.05.05 Each lot shall have access to a hard surfaced drive not less than twenty-two (22) feet in width excluding parking
- 5.16.05.06 City water and sewage disposal facilities shall be provided with connections to each lot. The water supply shall be sufficient for domestic use and for fire protection.
- 5.16.05.07 Tie downs shall meet all manufacturers' recommendations.
- 5.16.05.08 Service buildings including adequate laundry and drying facilities, and toilet facilities for mobile homes which do not have these facilities within each unit.
- 5.16.05.09 Not less than 8% of the total court area shall be designated and used for park, playground and recreational purposes.
- 5.16.05.10 Limitations on Lot Coverage shall be no more than 45%.
- 5.16.05.11 Storm shelters shall be required and shall meet the following criteria:
1. Shelter space equivalent to two (2) persons per mobile home lot,
2. Designed in conformance with "National Performance Criteria for Tornado Shelters" by the Federal Emergency Management Agency (FEMA) and any other referenced material by FEMA,
3. Shelters shall be sited in order to provide maximum protection to park occupants and so that residents may reach a shelter within the maximum safe time frame as directed by FEMA.
- 5.16.05.12 All mobile home pad locations shall be hard surfaced with properly reinforced Poured in Place Concrete.
- 5.16.05.13 All mobile homes shall have skirting which is in good repair, meets manufacturer standards, and is in conformance with the color scheme of the trailer.
- 5.16.05.14 All off-street parking shall be hard surfaced.
- 5.16.05.15 All Mobile homes shall comply with all other City Ordinances.

5.16.06 Plan Requirements

- 5.16.06.01 A complete plan of the mobile home court shall be submitted showing:
1. A development plan and grading plan of the court.
2. The area and dimensions of the tract of land.
3. The number, location, and size of all mobile home spaces.
4. The number, location, and size of all hard surfaced pads shall be shown.
5. The area and dimensions of the park, playground and recreation areas.
6. The location and width of roadways and walkways.
7. The location of service buildings and any other proposed structures.
8. The location of water and sewer lines and sewage disposal facilities.
9. Plans and specifications of all buildings and other improvements constructed or to be constructed within the mobile home court.

Section 5.17 GATEWAY CORRIDOR DISTRICT (OVERLAY DISTRICT)

5.17.01 Intent:

The City of La Vista has established basic site and building development criteria to be implemented within the boundaries of this overlay district *for all multi-family, industrial, and commercial building projects*. The Gateway Corridor District has been established in order to implement the policies developed in the Future Land Use Plan portion of the Comprehensive Development Plan. These criteria include, but are not limited to the following: landscaping, building material selection, lighting, and interior street development. The purpose for regulating these issues is to provide for cohesive and properly developed entrances into the City corridor. Guiding development in this manner promotes the general health, safety and welfare of the residents within the zoning jurisdiction of the City, by providing quality design and construction which will also aid in the protection of past and future investment in the corridor. (*Ordinance No. 1172, 3-20-12*)

Within the Gateway Corridor Overlay District there is a sub-area secondary overlay centered on the intersection of 96th and Giles Road (see Official Zoning map). The purpose of this secondary overlay evolves around a partnership between the City of La Vista and Metropolitan Community College which have made a significant investment in the community with the new La Vista Public Library / MCC Sarpy Center. The City's desire is that this district be the standard of quality for all *multi-family, industrial, and commercial building* projects within this *geographically defined area*. See Section 5.17.06 for special design criteria for this sub-area. (*Ordinance No. 1048, 10-2-07*)

5.17.02 Purpose:

The purpose of these criteria is to establish a checklist of those items that affect the physical aspect of La Vista's environment. Pertinent to appearance is the design of the site, building and structures, planting, signs, street hardware, and miscellaneous other objects that are observed by the public.

The criteria contained herein are not intended to restrict imagination, innovation or variety, but rather to assist in focusing on design principles that can result in creative solutions that will develop a satisfactory visual appearance within the city, preserve taxable values, and promote the public health, safety and welfare.

5.17.03 Geographic Area:

For a geographically defined area of the Gateway Corridor Overlay District, see the Official Zoning Map. If a site is partially covered by said overlay district, then the entire site is to be covered by these regulations. (*Ordinance No. 1048, 10-2-07*) (*Ordinance No. 1172, 3-20-12*)

The sub-area secondary overlay -area occurs within all developments that front on the 96th Street and Giles Road corridors including:

- Giles Road Corridor – from 90th Street to 108th Street.
- 96th Street Corridor – from Harrison Street to *Portal* Road

If a site is partially covered by said sub-area secondary overlay district, then the entire portion of the site facing 96th and/or Giles Road is to be covered by these regulations. See Section 5.17.06 for special design criteria for this geographic area. *For a geographically defined area, see the Official Zoning Map.* (*Ordinance No. 1048, 10-2-07*)

5.17.04 Criteria for Application:

- 5.17.04.01 New construction and modification of existing buildings, including the structure and the surrounding property, are required to have compliance reviewed through the design review process.
- 5.17.04.02 Exceptions:
Conformance to this Building Criteria shall not apply if the project consists of one of the following:
1. Construction or modification of a single-family residence or duplex.
 2. Structural Modification which will not be visible from outside the structure.

5.17.05 Criteria for Appearance

- 5.17.05.01 Relationship of Buildings to Site.
The site shall be planned to accomplish a desirable transition with the streetscape and to provide for adequate planting, safe pedestrian movement, and parking areas.
1. Site planning is encouraged to provide an interesting relationship between buildings.

2. Building and site designs shall relate to and promote pedestrian scale.
 3. Parking areas shall be treated with decorative elements, building wall extensions, plantings, berms, or other innovative means so as to screen parking areas from view from public ways and adjacent properties.
 4. Without restricting the permissible limits of the applicable zoning district, the height and scale of each building shall be compatible with its site and existing (or anticipated) adjoining buildings. Multi-story facades shall be divided providing pedestrian scale.
 5. Newly installed utility services, and service revisions necessitated by exterior alterations, shall be underground.
- 5.17.05.02 Relationship of Buildings and Site to Adjoining Area (Outside Of Subdivision).
1. Adjacent buildings of different architectural styles shall be made compatible by such means as screens, sight breaks, and materials.
 2. Attractive landscape transitions shall be designed to be compatible to adjoining properties.
 3. Harmony in texture, lines, and masses is required. Monotony shall be avoided.
- 5.17.05.03 Landscape and Site Treatment.
- Landscape elements included in these criteria consist of all forms of planting and vegetation, ground forms, rock groupings, water patterns, and all visible construction except buildings and utilitarian structures.
1. Where natural or existing topographic patterns contribute to beauty and utility of a development, they shall be preserved and developed. Modification to topography will be permitted where it contributes to good site design and development. All modifications to topography shall be designed to provide varied and more natural grading practices. Consistent, even topography that provides an engineered feel is not acceptable.
 2. Grades of walks, parking spaces, terraces, and other paved areas shall provide an inviting and stable appearance for walking and, if seating is provided, for sitting.
 3. Landscape treatments shall be provided to enhance architectural features, strengthen vistas and important axis, and provide shade. Spectacular effects shall be reserved for special locations only.
 4. Unity of design shall be achieved by repetition of certain plant varieties and other materials and by correlation with adjacent developments. All projects need to use a minimum of the following listed plant varieties of the plants listed in Appendix A of the Gateway Corridor District Design Guideline Booklet.
 - A minimum of two species listed under the deciduous tree category
 - A minimum of one species listed under the coniferous tree category
 - A minimum of one species listed under the deciduous shrubs category
 - A minimum of one species listed under the coniferous shrubs category
 5. Plant material shall be selected for interest in its structure, texture, and color and for its ultimate growth. Plants that are indigenous to the area and others that will be hardy, harmonious to the design, and of good appearance shall be used.
 6. The landscape plan shall be designed to provide natural undulating landscape forms. Avoid consistent strait line pairings.
 7. Irrigation of all landscape elements as defined above and turf area is required. Provide specification or information showing compliance in the design submittal.
 8. Parking areas and traffic ways shall be enhanced with landscaped spaces containing trees or tree groupings.
 9. Screening of service yards and other places that tend to be unsightly shall be accomplished by use of walls, fencing, planting, or combinations of those. Screening shall be equally effective in winter and summer.
 10. Exterior lighting, when used, shall enhance the building design and the adjoining landscape. Lighting standards and fixtures for the parking areas and drives within the building area shall be similar in appearance and quality level as the light fixtures identified in Appendix B of the Gateway Corridor District Design Guideline Booklet. Building fixtures shall be of a design and size compatible with the building and adjacent areas. Lighting shall be restrained in design and excessive brightness avoided. Wall Pack lighting and exterior lighting with visible lamps is not permitted.

Lighting shall be Dark Sky compliant and limit wash onto abutting properties. Exceptions to Dark Sky compliance may be made for specific emergency lighting situations. Fixture, poles, and/or other support cut sheets are required in the design submittal for all exterior lighting fixtures to be utilized.

11. Storm water management shall be integrated into the design of the site and landscaping. Storm water management criteria are found in the following reference materials:
 - Papillion Creek Watershed Partnership Storm Water Management Policies
 - Storm Water Management Regulations, Chapter 154 of the City of La Vista Municipal Code
 - City of La Vista Subdivision Regulations, 2003 edition and latest amendments.
 - Omaha Regional Storm Water Design Manual, Draft Revision of Chapter 8 dated June 2012, or latest edition.
 - Nebraska Bioretention and Rain Garden Plants Guide, 2010 or latest edition as published by the UNL Extension Office

Plant selection shall take into consideration the depth and duration of storm water ponding in water quality detention areas and shall take into consideration long term operation and maintenance requirements to remove accumulated pollutants and/or to replace amended soils.

5.17.05.04

Building Design.

1. Architectural style is not restricted: however, architectural style should be consistent throughout the subdivision. See Gateway Corridor District Design Guideline Booklet for examples of developments considered meeting this concept. **Evaluation of the appearance of a project shall be based on the quality of its design and relationship to surroundings and provide a comfortable pedestrian experience.**
2. Buildings shall have good scale and be in harmonious conformance with permanent neighboring development.
3. All buildings are to be designed from a four-sided (360 degree) structure perspective, thus requiring the same caliber of finishes and design attention on all facades of the building. Large areas of blank exterior are to be avoided and are grounds for non-compliance.
4. Building Materials: (i) The primary building material of all portions of the building shall be brick (clay or stone) with its color selected for harmony of the building with adjoining buildings within its subdivision. The La Vista staff and design review architect may allow other primary building material of good architectural character, such as integral colored split faced concrete block for industrial buildings or portions of the building not visible from public view (i.e. facades that back up to the landscape buffer between commercial and residential buildings). Other secondary building materials shall have good architectural character and shall be selected for harmony of the building with adjoining buildings. Prefinished metal is acceptable for upper levels of multi-story buildings. (ii) Materials shall be selected for suitability to the type of buildings and the design in which they are used. Buildings shall have the same materials, or those that are architecturally harmonious, used for all building walls and other exterior building components wholly or partly visible from public ways. (iii) Materials shall be of durable quality such as prefinished or integral color for long life with minimal maintenance. Any material requiring a field-applied finish shall have long life, i.e. coatings such as "TNEMEC" or equal. Product data shall be submitted for review. (iv) In any design in which the structural frame is exposed to view, the structural materials shall be compatible within themselves and harmonious with their surroundings..
5. Building components, such as windows, doors, eaves and parapets, shall have good proportions and relationships to one another.
6. Colors shall be harmonious and shall include only compatible accents.
7. Portions of low slope roofs of less than 1/12 may be allowed. They may be either adhered or ballasted. If adhered, the membrane shall be in the lighter color ranges,

such as white, to be more energy conscious and less absorptive. An SRI of 29 or greater is required.

8. Equipment Screening: Mechanical equipment or other utility hardware on roof, ground, or buildings shall be screened from public view with materials harmonious with the building, or they shall be so located as not to be visible from the elevation view and all angles associated with any public view. A section view shall be provided demonstrating appropriate screening. Mechanical screening shall match building elements and materials.
9. Exterior lighting shall be part of the architectural concept. Fixtures, standards, and all exposed accessories shall be harmonious with building design. Use of more energy conscious lamps, such as LEDs or similar, is encouraged.
10. If used, fencing and site furniture, including waste cans, directories, ash urns, bike racks, guard rails or railing enclosures, shall be similar to those as shown in Appendix C of the Gateway Corridor District Design Guideline Booklet. The color of the site furnishings shall blend with the colors of the rest of the building/site.
11. Refuse and waste removal areas, service yards, storage yards, and exterior work areas shall be screened from view from public ways, using materials as stated in criteria for equipment screening. Doors for access shall remain closed except when personnel are present. Designers may consider convenient alternate access for daily pedestrian use such as a side door with closer.
12. All landscaping shall be in compliance with the Landscaping Requirements from the City of La Vista Zoning Ordinance.
13. Monotony of design in single or multiple building projects shall be avoided. Variation of detail, form, and siting shall be used to provide visual interest. In multiple building projects, variable siting of individual buildings may be used to prevent a monotonous appearance.
14. Exterior ladders are not allowed within the Gateway Corridor District.
15. Exterior bracing of parapets or other features shall be screened from elevation views. Screening shall match building elements and materials.
16. Drive-through locations. Transaction location at a drive through shall not be on an arterial street frontage. Exceptions may be granted due to site restraints.

5.17.05.05 Signs.

1. Every sign shall have good scale and proportion in its design and in its visual relationship to the buildings and surroundings.
2. Every sign shall be designed as an integral architectural element of the building and site to which it principally relates.
3. The colors, materials, and lighting of every sign shall be restrained and harmonious with the building and sit to which it principally relates.
4. The number of graphic elements on a sign shall be held to the minimum needed to convey the sign's major message and shall be composed in proportion to the area of the sign face.
5. Each sign shall be compatible with signs on adjoining premises and shall not compete for attention.
6. Identification signs of a prototype design and corporation logos shall conform to the criteria for all other signs.
7. Menu Boards shall be incorporated as a site element and not be post mounted. No exposed utilities or conduit is allowed. Locate signs to minimize view from public ways and they are required to be screened with landscaping or by other means.

5.17.05.06 Maintenance – Planning and Design Factors.

1. Continued good appearance depends upon the extent and quality of maintenance. The choice of materials and their use, together with the types of finishes and other protective measures, must be conducive to easy maintenance and upkeep.
2. Materials and finishes shall be selected for their durability and wear as well as for their beauty. Proper measures and devices shall be incorporated into the design for protection against the elements, neglect, damage, and abuse.
3. If prefinished metal is allowed, TNEMEC coated metal, or approved equal are required.

5.17.06 Sub-area Secondary Overlay

- 5.17.06.01 Special Criteria for Sub-area.
The criteria found in this section are intended to be supplemental to the design standards stated in previous sections of this Article. See section 5.17.02 and 5.17.03 for purpose and geographic area of the Sub-area.
- 5.17.06.02 Landscape and Site Treatment.
1. Unity of design shall be achieved by repetition of certain plant varieties and other materials and by correlation with adjacent developments. All projects need to use a minimum of the following listed plant varieties of the plants used at the La Vista Public Library / MCC Sarpy Center. See Gateway Corridor District Design Guideline Booklet for a listing of those plant materials.
 - A. A minimum of two (2) species listed under the deciduous tree category.
 - B. A minimum of one (1) species listed under the coniferous tree category.
 - C. A minimum of one (1) species listed under the deciduous shrub category.
 - D. A minimum of one (1) species listed under the coniferous shrub category.
 2. Exterior lighting, when used, shall enhance the building design and the adjoining landscape. Lighting standards and fixtures for the parking areas and drives within the commercial building area shall be similar in appearance and quality level as the light fixtures used at the La Vista Public Library / MCC Sarpy Center. See Gateway Corridor District Design Guideline Booklet for information on the required light fixture style. Building fixtures shall be of a design and size compatible with the building and adjacent areas. Lighting shall be restrained in design and excessive brightness avoided.
- 5.17.06.03 Building Design.
The primary building material of all portions of the building shall be brick (clay) with its color selected for harmony of the building with adjoining buildings within its subdivision. The La Vista staff and design review architect may allow other primary building designs (of good architectural character i.e. split faced concrete block) for portions of the building not visible from public areas (i.e. facades that back up to landscape buffer between commercial buildings and residential). Other secondary building materials shall have good architectural character and shall be selected for harmony of the building with adjoining buildings.

5.17.07 Factors For Evaluation

The following factors and characteristics, which affect the appearance of a development, will govern the evaluation of a design submission:

- 5.17.07.01 Conformance to ordinances and the Design Guideline..
- 5.17.07.02 Logic of design.
- 5.17.07.03 Exterior space utilization.
- 5.17.07.04 Architectural character.
- 5.17.07.05 Attractiveness of material selection.
- 5.17.07.06 Harmony and compatibility.
- 5.17.07.07 Circulation-vehicular and pedestrian.
- 5.17.07.08 Maintenance aspects.
- 5.17.07.09 Pedestrian Scale

5.17.09 Resubmittal Requirements

After the initial submittal, digital submissions are acceptable, with the exception of material and color samples. A final hard copy submittal in 11" x 17" format shall be required after final approval.

5.17.08 Approval of Changes After Design Acceptance

It is the owner's responsibility to point out and submit any exterior modifications that occur between design acceptance and completion of construction to assure timely issuance of a Certificate of Occupancy.

5.17.10 Process.

- 5.17.10.01 Pre-application Conference:
A pre-application conference with city staff to give the applicant an opportunity to discuss plans before a great deal of time or money is expended. If a certain design is inappropriate, the applicant will know beforehand. ~~This step is required unless determined unnecessary and waived by the Community Development Director or their designee.~~
- 5.17.10.02 Application for Design Review:
The applicant needs to fill out the "Application for Design Review" and submit it along with the required submittals. A listing of required submittals is included as part of the application form. The application fee required for this submittal shall be in accordance with La Vista's Master Fee Schedule.
- 5.17.10.03 Design Review:
The City of La Vista staff in association with the city design review architect will review the submittal documents for compliance with the Gateway Corridor District Design Guideline Booklet.
- 5.17.10.04 Schedule of Reviews
A completed application will take approximately three weeks to review. Incomplete applications may cause a delay. Additional reviews will be necessary for all revised submittals until a Certificate of Approval is issued.
- 5.17.10.05 Certificate of Approval:
Upon a successful review the City of La Vista will issue to the applicant a Certificate of Approval. A copy of this will need to be included with the Building Permit documents in order to receive a Building Permit.
- 5.17.10.06 Waivers:
The applicant may request the City Administrator to waive strict conformance with Gateway Corridor District Design Guidelines for Small Projects. The City Administrator may grant the request upon written finding that the design enhances its setting and meets the overall intent and spirit of the Design Guidelines.
- 5.17.10.07 Appeals:
In the event where the applicant, City staff and City design review architect cannot come to an agreement within 180 days of initial application submission, the applicant request a meeting with the City Administrator regarding an appeal to the City Council. (*Ordinance No. 1172, 3-20-12*)
- 5.17.10.08 Certificate of Occupancy:
After the building permit is issued, all design requirements must be completed as approved in order for a Certificate of Occupancy to be issued for the building
- 5.17.10.09 Maintenance of Design Requirements:
The applicant needs to maintain the design requirements for the life of the project. In the event that they fail to do so the City may revoke the Occupancy Permit.
- 5.17.10.10 Fees:
Fees may apply to each individual step as established in the Master Fee Schedule.

Section 5.18 FF/FW Flood Plain Districts (Overlay District)

5.18.01 STATUTORY AUTHORIZATION

The Legislature of the State of Nebraska has delegated the responsibility to local governmental units to adopt zoning regulations designed to protect the public health, safety and general welfare. The Legislature, in Sections 31-1001 to 31-1022, R.R.S. 1943 (as amended), has further assigned the responsibility to adopt, administer, and enforce floodplain management regulations to the county, city or village with zoning jurisdiction over the flood-prone area. Therefore, the City Council of the City of LaVista, Nebraska, ordains as follows:

5.18.02 FINDINGS OF FACT

5.18.02.01 Flood Losses Resulting From Periodic Inundation

The flood hazard areas of the City of La Vista, Nebraska, are subject to inundation which results in loss of life and property, health, and safety hazards, disruption of commerce and governmental services, extraordinary public expenditure for flood protection and relief, and impairment of the tax base all of which adversely affect the public health, safety, and general welfare.

5.18.02.02 General Causes of Flood Losses

Flood Losses are caused by: (1) The cumulative effect of obstruction in floodplains causing increases in flood heights and velocities, and (2) The occupancy of flood hazard areas by uses vulnerable to floods or hazardous to others, which are inadequately elevated or otherwise protected from flood damages.

5.18.02.03 Methods Used to Analyze Flood Hazards

These regulations use a reasonable method of analyzing flood hazards which consist of a series of interrelated steps:

1. Selection of a regulatory flood which is based upon engineering calculations which permit a consideration of such flood factors as its expected frequency of occurrence, the area inundated, and the depth of inundation. The base flood selected for these regulations is representative of large floods which are reasonable characteristic of what can be expected to occur on the particular streams subject to these regulations. It is in the general order of a flood which could be expected to have a one percent (1%) chance of occurrence in any one (1) year, as delineated in the official Flood Insurance Study and illustrative materials dated May 3, 2010, and as may be amended.
2. Calculations of water surface profiles based upon a hydraulic engineering analysis of the capacity of the stream channel and over-bank areas to convey the base flood.
3. Computation of the floodway required to convey this flood without increasing flood heights more than one (1) foot at any point.
4. Delineation of floodway encroachment lines within which no obstruction is permitted which would cause any water surface increase along the floodway profile.
5. Delineation of floodway fringe, i.e. that area outside the floodway encroachment lines, but which still is subject to inundation by the base flood.

5.18.03 STATEMENT OF PURPOSE

It is the purpose of these regulations to promote the public health, safety, and general welfare and to minimize those losses described in Section 5.18.02.01 by applying the provisions of these regulations for the following purposes.

- 5.18.03.01 Restrict or prohibit uses which are dangerous to health, safety, or property in times of flooding or cause undue increases in flood heights or velocities.
- 5.18.03.02 Require that uses vulnerable to floods, including public facilities which serve such uses, be provided with flood protection at the time of initial construction.
- 5.18.03.03 Protect individuals from buying lands which are not suitable for intended purposes because of flood hazards.
- 5.18.03.04 Assure that eligibility is maintained for property owners in the community to purchase flood insurance in the National Flood Insurance.

5.18.04 LANDS TO WHICH THESE REGULATIONS APPLY

This ordinance shall apply to all lands within the jurisdiction of the City of La Vista, Nebraska that are subject to a 1% or greater chance of flooding in any given year, now or in the future, as identified as numbered and unnumbered A Zones (including AE, AO and AH Zones) on the effective Flood Insurance Rate Map (effective FIRM) dated May 3, 2010, or best available data as determined by more recent hydrologic and hydraulic studies completed or approved by the City or other government agency. Requirements established in Section 5.18.16 of this ordinance shall apply to the Zoning Districts FW and FF based on the most restrictive information available. In all areas covered by this ordinance no development shall be permitted except upon the issuance of a floodplain permit to develop, granted by the City Council or its duly designated representative under such safeguards and restrictions as the City Council or the designated representative may reasonably impose for the promotion and maintenance of the general welfare, health of the inhabitants of the community and where specifically noted in Sections 5.18.17, 5.18.18, and 5.18.19.

5.18.05 ENFORCEMENT OFFICER

The Chief Building Official is hereby designated as the Enforcement Officer for the City of La Vista, Nebraska, under these regulations.

5.18.06 RULES FOR INTERPRETATION OF DISTRICT BOUNDARIES

The boundaries of the floodway and flood fringe overlay districts shall be determined by scaling distances on the official zoning map, the Flood Insurance Rate Map or Floodway Map, or on the Digital Flood Insurance Rate Map. Where interpretation is needed to the exact location of the boundaries of the districts as shown on the official zoning map, as for example where there appears to be a conflict between a mapped boundary and actual field conditions, the Enforcement Officer shall make the necessary interpretation. In such cases where the interpretation is contested, the Board of Adjustment will resolve the dispute. The regulatory flood elevation for the point in question shall be the governing factor in locating the flood fringe overlay district boundary on the land. The location of the floodway overlay district boundary may be based on a map completed or approved by the City or other government agency, provided the boundary is not less restrictive than that shown on the effective FIRM. The person contesting the location of the district boundary shall be given a reasonable opportunity to present his case to the Board of Adjustment and to submit his own technical evidence, if he so desires.

The boundaries of the FF/FW Flood Plain Districts (Overlay District) shall be determined by scaling distances on the official zoning map, the Flood Insurance Rate Map, or the Floodway Map. Where interpretation is needed to the exact location of the boundaries of the districts as shown on the official zoning map, as for example where there appears to be a conflict between a mapped boundary and actual field conditions, the **Chief Building Official** shall make the necessary interpretation. In such cases where the interpretation is contested, the Board of Adjustment will resolve the dispute. The regulatory flood elevation for the point in question shall be the governing factor in locating the district boundary on the land. The person contesting the location of the district boundary shall be given a reasonable opportunity to present his/her case to the Board of Adjustment and to submit his/her own technical evidence, if he/she so desires.

Deleted: Building Inspector

5.18.07 COMPLIANCE

No development located within identified special flood hazard areas of the community shall be located, extended, converted or structurally altered without full compliance with the terms of these regulations and other applicable regulations.

5.18.08 ABROGATION AND GREATER RESTRICTIONS

It is not intended by this ordinance to repeal, abrogate or impair any existing easements, covenants, or deed restrictions. However, where these regulations impose greater restrictions, the provisions of these regulations shall prevail. All other ordinances inconsistent with these regulations are hereby repealed to the extent of the inconsistency only.

5.18.09 INTERPRETATION

In their interpretation and application, the provisions of these regulations shall be held to minimum requirements and shall be liberally construed in favor of the governing body and shall not be deemed a limitation or repeal of any other powers granted by State Statute.

5.18.10 WARNING AND DISCLAIMER OF LIABILITY

The degree of flood protection required by these regulations is considered reasonable for regulatory purposes and is based on engineering and scientific methods of study. Larger floods may occur on rare occasions or the flood height may be increased by man-made or natural causes, such as ice jams and bridge openings restricted by debris. These regulations do not imply that areas outside the boundaries of the FF/FW Flood Plain Districts or land uses permitted within such districts will be free from flooding or flood damages. These regulations shall not create liability on the part of the City of La Vista, Nebraska, of any officer or employee thereof for any flood damages that may result from reliance on these regulations or any administrative decision lawfully made thereunder.

5.18.11 SEVERABILITY

If any section, clause, provision or portion of these regulations is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of these regulations shall not be affected thereby.

5.18.12 APPLICATION FOR APPEAL

Where a request for a permit to develop is denied by the Chief Building Official, the applicant may apply for such permit or variance directly to the Board of Adjustment. The Board of Adjustment may grant or deny such request in accordance with the provisions of the Zoning Ordinance governing the Board of Adjustment.

5.18.13 PERMITS REQUIRED

No person, firm or corporation shall initiate any floodplain development or substantial improvement or cause the same to be done without first obtaining a separate permit for development as defined by these regulations.

5.18.14 ADMINISTRATION

The Chief Building Official is hereby appointed to administer and implement the provisions of these regulations. The duties of the Chief Building Official shall include, but not be limited to the following:

- 5.18.14.01 Review all development permit applications to assure that sites are reasonably safe from flooding and that the permit requirements of these regulations have been satisfied.
- 5.18.14.02 Review applications for proposed development to assure that all necessary floodplain permits have been obtained from those Federal, state or local governmental agencies from which prior approval is required.
- 5.18.14.03 Review all subdivision proposals and other proposed new development, including manufactured home parks or subdivisions, to determine whether such proposals will be reasonably safe from flooding.

- 5.18.14.04 Notify adjacent communities, the Papio-Missouri River NRD, the U.S. Army Corps of Engineers, Sarpy County, and the Nebraska Department of Natural Resources, Flood Plain Management Section, prior to any alteration or relocation of a watercourse, and submit evidence of such notification to the Federal Emergency Management Agency.
- 5.18.14.05 Assure that maintenance is provided within the altered or relocated portion of said watercourse so that the flood carrying capacity is not diminished.
- 5.18.14.06 Verify, record and maintain record of the actual elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures in special flood hazard areas.
- 5.18.14.07 Verify, record and maintain record of the actual elevation (in relation to mean sea level) to which the new or substantially improved structures have been flood-proofed.
- 5.18.14.08 When flood-proofing is utilized for a particular structure, the Chief Building Official shall be presented certification from a registered professional engineer or architect.
- 5.18.14.09 Facilitate the approval of new Flood Insurance Rate Maps or best available data as necessary.
- 5.18.14.10 Maintain records of all floodplain development permits and or building permits within the floodway or flood fringe overlay district to ensure that structures are not substantial improvements.
- 5.18.14.11 Filling of the floodway fringe associated with new development within the Papillion Creek System shall be limited to 25% of the floodway fringe in the floodplain development application project area, unless approved mitigation measures are implemented. The remaining 75% of floodway fringe within the project area shall be designated as a restricted fill zone. For redevelopment, these provisions may be modified or waived in whole or in part by the local jurisdiction.

5.18.15 APPLICATION FOR A PERMIT

To obtain a floodplain development permit, the applicant shall first file an application, in writing, on a form furnished for that purpose. Every such application shall:

- 5.18.15.01 Identify and describe the development to be covered by the floodplain development permit.
- 5.18.15.02 Describe the land on which the proposed development is to be done by lot, block, tract, and house and street address, or similar description that will readily identify and definitely locate the proposed building or work.
- 5.18.15.03 Indicate the use or occupancy for which the proposed development is intended.
- 5.18.15.04 Be accompanied by plans and specifications for proposed construction, including but not limited to the following information: 1) existing (natural) grades, 2) proposed grades as a result of proposed development, 3) the proposed lowest floor elevation and any higher floor elevations, including attached garage, of any proposed structures, 4) the lowest and highest adjacent grades next to any proposed structures, 5) the most restrictive base flood elevation nearest the proposed development.
- 5.18.15.05 Be signed by the permittee or his authorized agent who may be required to submit documentation to indicate such authority.
- 5.18.15.06 Comments from the Papio-Missouri River Natural Resources District shall accompany each application for a flood plain development permit.
- 5.18.15.07 Give such other information as may be reasonably required by the Chief Building Official.

5.18.16 ESTABLISHMENT OF ZONING DISTRICTS

Along watercourses where a floodway has been established, the mapped floodplain areas are hereby divided into the two following districts: A floodway overlay district (FW) and a flood fringe overlay district (FF) as identified in the Flood Insurance Study, effective FIRM, or best available data. The zoning districts created by this resolution overlie other zoning districts and place additional restrictions upon the manner in which lands in such underlying district may be used. Within these districts all uses not meeting the standards of this ordinance and those standards of the underlying zoning district shall be prohibited.

5.18.17 STANDARDS FOR FLOODPLAIN DEVELOPMENT

- 5.18.17.01 No permit for development shall be granted for new construction, substantial improvements and other development, including the placement of manufactured homes within all numbered and unnumbered A Zones (including AE, AO, and AH Zones) unless the conditions of this section are satisfied.
- 5.18.17.02 All areas identified as unnumbered A Zones on the effective FIRM or best available data are subject to inundation of the base flood; however, the water surface elevation was not provided. The unnumbered A Zones shall be subject to all development provisions of these regulations. If Flood Insurance Study data is not available, the City of La Vista shall utilize any base flood elevation or floodway data currently available from Federal, state or other sources.
- 5.18.17.03 Until a floodway has been designated, no development or substantial improvement may be permitted within special flood hazard area unless the applicant has demonstrated that the proposed development or substantial improvement, when combined with all other existing and reasonably anticipated developments or substantial improvements, will not increase the water surface elevation of the base flood more than one (1) foot at any location as shown on the effective FIRM or best available data.
- 5.18.17.04 New construction, subdivision proposals, substantial improvements, prefabricated buildings, placement of manufactured homes and other developments shall require:
1. Design or anchorage to prevent flotation, collapse or lateral movement of the structure resulting from hydrodynamics and hydrostatic loads, including the effects of buoyancy.
 2. New or replacement water supply systems and/or sanitary sewage systems be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and on-site waste disposal systems be located so as to avoid impairment or contamination.
 3. Construction with materials resistant to flood damage, utilizing methods and practices that minimize flood damages, and with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.
 4. All electrical equipment and sanitary facilities, including circuits, installed electric appliances, toilets, sinks, drains, in new developments and substantial improvements shall be located so as to not be subject to flooding or shall be floodproofed to prevent damage resulting from flood levels exceeding the base flood elevation by one foot. Backflow valves should be installed on all septic lines leading from the structure.
 5. The storage of material and equipment shall be regulated as follows:
 - (a) The storage or processing of materials that are in time of flooding buoyant, flammable, explosive, or could be injurious to human, animal or plant life is prohibited.
 - (b) Storage of other material or equipment may be allowed if not subject to major damage by floods and firmly anchored to prevent flotation or if readily removable from the area within the time available after flood warning.

6. Subdivision proposals and other proposed new development, including manufactured home parks or subdivisions, be required to assure that:
 - (a) All such proposals are consistent with the need to minimize flood damage;
 - (b) All public utilities and facilities, such as sewer, gas, electrical, and water systems, are located, elevated and constructed to minimize or eliminate flood damage;
 - (c) Adequate drainage is provided so as to reduce exposure to flood hazards; and
 - (d) Proposals for development of five (5) acres or fifty (50) lots, whichever is lesser, include within such proposal the base flood elevation.

5.18.18 FLOOD FRINGE OVERLAY DISTRICT (INCLUDING AO AND AH ZONES)

5.18.18.01 Permitted Uses

Any use permitted in Section 5.18.19 shall be permitted in the Flood Fringe Overlay District. No use shall be permitted in the district unless the standards of Section 5.18.17 are met.

5.18.18.02 Standards for the Flood Fringe Overlay District

1. Require that new construction or substantial improvements of residential structures to have the lowest floor, including basement, elevated to or above one (1) foot above the highest base flood elevation available, now or in the future.
2. Require new construction or substantial improvements of non-residential structures to have the lowest floor, including basement, elevated to or above one (1) foot above the base flood elevation available, now or in the future, or, together with attendant utility and sanitary facilities, to be flood-proofed so that below that level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall certify that the standards of this subsection are satisfied. Such certification shall be provided to the Chief Building Official as set forth in Section 5.18.14.07.
3. Require for all new construction and substantial improvements that fully enclosed areas below the lowest floor that are usable solely for parking of vehicles, building access or storage. The area below lowest floor subject to flooding shall be a maximum of four (4) feet in height measured from the bottom of the floor joists, unless used for parking of vehicles. Areas other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be not higher than one foot above grade. Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.
4. All electrical equipment and sanitary facilities, including circuits, installed electric appliances, toilets, sinks, drains, in new developments and substantial improvements shall be located so as to not be subject to flooding or shall be floodproofed to prevent damage resulting from flood levels exceeding the highest base flood elevation available, now or in the future, by one foot. Backflow valves should be installed on all septic lines leading from the structure.
5. Within AH Zones adequate drainage paths around structures on slopes shall be required in order to guide floodwaters around and away from proposed structures.

6. All manufactured homes shall be anchored to resist flotation, collapse, or lateral movement. Manufactured homes must be anchored in accordance with local building codes or FEMA guidelines. In the event that over-the-top frame ties to ground anchors are used, the following specific requirements (or their equivalent) shall be met:
 - (a) Over-the-top ties be provided at each of the four (4) corners of the manufactured home with two (2) additional ties per side at intermediate locations. Manufactured homes less than fifty (50) feet long require one (1) additional tie per side.
 - (b) Frame ties be provided at each corner of the home with five (5) additional ties per side at intermediate points. Manufactured homes less than fifty (50) feet long require four (4) additional ties per side.
 - (c) All components of the anchoring system be capable of carrying a force of forty-eight hundred (4800) pounds.
 - (d) Any additions to manufactured homes be similarly anchored.
7. All manufactured homes to be placed or substantially improved within special flood hazard areas on the FIRM on sites outside of a manufactured home park or subdivision, or in a new manufactured home park or subdivision, shall be elevated on a permanent foundation such that the lowest floor of the manufactured home is at or above one (1) foot above the base flood elevation; and be securely anchored to an adequately anchored foundation system in accordance with the provisions of Section 5.18.18.02 (5) above.
8. Recreational vehicles placed on sites within the special flood hazard areas on the community's official map shall either (i) be on the site for fewer than 180 consecutive days and be fully licensed and ready for highway use, or (ii) meet the permit requirements and the elevation and anchoring requirements for "manufactured homes" of this ordinance. A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick-disconnect type utilities and security devices, and has no permanently attached additions.
9. Located within the areas of special flood hazard established in Section 5.18.04 are areas designated as AO Zones. These areas have special flood hazards associated with base flood depths of one (1) to three (3) feet where a clearly defined channel does not exist and where the path of flooding is unpredictable and indeterminate; therefore, the following provisions apply within AO Zones:
 - (a) All new construction and substantial improvements of residential structures shall have the lowest floor (including basement) elevated above the highest adjacent grade at least as high as one (1) foot above the depth number specified in feet on the FIRM (at least two (2) feet if no depth number is specified).
 - (b) All new construction and substantial improvements of non-residential structures shall (i) have the lowest floor elevated above the highest adjacent grade at least as high as one (1) foot above the depth number specified in feet on the FIRM (at least two (2) feet if no depth number is specified), or (ii) together with attendant utility and sanitary facilities be completely flood-proofed to or above that level so that any space below that level is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. Such certification shall be provided to the Chief Building Official as set forth in Section 5.18.14.07.
 - (c) Adequate drainage paths around structures on slopes shall be required in order to guide floodwaters around and away from proposed structures.

5.18.19 FLOODWAY OVERLAY DISTRICT

5.18.19.01 Permitted Uses

Only uses having a low flood-damage potential and not obstructing flood flows shall be permitted within the Floodway District to the extent that they are not prohibited by any other ordinance and provided they do not require structures, fill, or storage of materials or equipment. The following are permitted uses for the Floodway District:

1. Open space uses not requiring a closed building, such as agricultural cropland, livestock feeding and grazing, or open public and private recreation areas.
2. Wire fences or other appurtenances may be constructed which would not constitute an obstruction or debris-catching obstacle to the passage of flood waters.
3. Railroads, streets, bridges, public utility wire and pipelines for transmission and local distribution.
4. Commercial excavation of materials from pits, strips, or pools; provided, that no stockpiling of materials, products or overburden shall be such as to create a potential restriction to the passage of flood waters.
5. Non-restrictive improvements in stream channel alignment, cross section, and capacity in the normal maintenance thereof.
6. Uses of a type not appreciably damaged by flood waters; provided, no structures for human habitation shall be permitted..

5.18.19.02 Standards for the Floodway Overlay District

The uses enumerated in 5.18.19.01 above shall only be permitted if certification by a registered professional engineer or architect is provided demonstrating that the development shall not result in any increase in water surface elevations along the floodway profile during occurrence of the base flood discharge. These uses are subject to the standards of Sections 5.18.17 and 5.18.18. In Zone A unnumbered, obtain, review and reasonably utilize any flood elevation and floodway data available through Federal, State or other sources or Section 5.18.17.04 (6)(d) of this ordinance, in meeting the standards of this section.

5.18.20 VARIANCE PROCEDURES

5.18.20.01 The Board of Adjustment as established by the City of La Vista, Nebraska, shall hear and decide appeals and requests for variances from the requirements of these regulations.

5.18.20.02 The Board of Adjustment shall hear and decide appeals when it is alleged that there is an error in any requirement, decision, or determination made by the Chief Building Official in the enforcement or administration of these regulations.

5.18.20.03 Any person aggrieved by the decision of the Board of Adjustment or any taxpayer may appeal such decision to the District Court of Sarpy County as provided in Section 19-912, R.R.S. Nebraska 1943.

5.18.20.04 In passing upon such applications, the Board of Adjustment shall consider all technical evaluation, all relevant factors, standards specified in other sections of these regulations, and:

1. The danger that materials may be swept onto other lands to the injury of others;
2. The danger to life and property due to flooding or erosion damage;
3. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
4. The importance of the services provided by the proposed facility to the community;
5. The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use;
6. The compatibility of the proposed use with existing and anticipated development;

7. The relationship of the proposed use to the Comprehensive Plan and Flood Plain Management Program for that area;
8. The safety of access to the property in times of flood for ordinary and emergency vehicles;
9. The expected heights, velocity, duration, rate of rise and sediment transport of the flood waters expected at the site; and
10. The costs of providing governmental services during and after flood conditions including maintenance and repair of public utilities and facilities, such as sewer, gas, electrical, water systems, and streets and bridges.

5.18.21 CONDITIONS FOR VARIANCES

- 5.18.21.01 Generally, variances may be issued for new construction and substantial improvements to be erected on a lot of one-half (1/2) acre or less in size if contiguous to or surrounded by lots with existing structures constructed below the base flood level, providing the requirements of Sections 5.18.21.02 through 5.18.21.05 below have been fully considered. As the lot size increases beyond one-half (1/2) acre, the technical justification required for issuing the variance increases.
- 5.18.21.02 Variances shall not be issued within any designated floodway if any increase in flood levels along the floodway profile during the base flood discharge would result.
- 5.18.21.03 Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.
- 5.18.21.04 Variances shall only be issued upon:
1. A showing of good and sufficient cause;
 2. A determination that failure to grant the variance would result in exceptional hardship to the applicant; and
 3. A determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.
- 5.18.21.05 Any applicant to whom a variance is granted shall be given a written notice from the **Chief Building Official** that the issuance of a variance to construct a structure below the base flood level will result in increased premium rates for flood insurance up to amounts as high as twenty-five dollars (\$25.00) for one-hundred dollars (\$100) of insurance coverage, and that such construction below the base flood level increases risks to life and property. Such notification shall be maintained with the record of all variance actions as required by these regulations.

5.18.22 NONCONFORMING USE

- 5.18.22.01 A structure or the use of a structure or premises which was lawful before the passage or amendment of flood plain regulations, but which is not in conformity with the provisions of these regulations may be continued subject to the following conditions:
1. No such structure of use shall be expanded, changed, enlarged or altered in a way which increases its nonconformity.
 2. If such use is discontinued for 12 consecutive months, any future use of the building premises shall conform to this ordinance.
 3. Uses or adjuncts thereof, which are or become nuisances, shall not be entitled to continue as nonconforming uses.

5.18.22.02 If any nonconforming use or structure is destroyed by any means, including flood, it shall not be reconstructed if the cost is more than fifty percent (50%) of the market value of the structure before the damage occurred except that if it is reconstructed in conformity with the provisions of these regulations. This limitation does not include the cost of any alteration to comply with existing state or local health, sanitary, building, or safety codes or regulations.

5.18.23 PENALTIES FOR VIOLATION

Violation of the provisions of these regulations or failure to comply with any of its requirements, including violations of conditions and safeguards established in connection with grants of variances, shall constitute a misdemeanor. Any person who violates this ordinance or fails to comply with any of its requirements shall upon conviction thereof, be fined not more than five hundred dollars (\$500), and in addition, shall pay all costs and expenses involved in the case. Each day such violation continues shall be considered a separate offense.

Nothing herein contained shall prevent the City of La Vista, Nebraska, or other appropriate authority from taking such other lawful action as is necessary to prevent or remedy any violation.

5.18.24 AMENDMENTS

The regulations, restrictions, and boundaries set forth in these regulations may from time to time be amended, supplemented, changed, or appealed to reflect any and all changes in the National Flood Disaster Protection Act of 1973, provided, however, that no such action shall be taken until after a public hearing in relation thereto, at which interested parties and citizens shall have an opportunity to be heard. Notice of the time and place of such hearing shall be published in a newspaper of general circulation in the City of La Vista, Nebraska. At least ten (10) days shall elapse between the date of this publication and the public hearing. A copy of such amendments will be provided to the Federal Emergency Management Agency. The regulations of this ordinance are in compliance with the National Flood Insurance Program Regulations as published in Title 44 of the Code of Federal Regulations and the 1983 Nebraska Flood Plain Management Act.

5.18.25 DEFINITIONS

Unless specifically defined below, words or phrases used in this ordinance shall be interpreted so as to give them the same meaning as they have in common usage and so as to give this ordinance its most reasonable application.

“Appeal” – A request for a review of the Chief Building Official’s interpretation of any provision of this ordinance or a request for a variance.

“Area of Shallow Flooding” – A designated AO or AH Zone on a Flood Insurance Rate Map (FIRM) with a one percent (1%) or greater annual chance of flooding to an average depth of one (1) to three (3) feet where a clearly defined channel is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

“Area of Special Flood Hazard” – The land in the flood plain within a community subject to one percent (1%) or greater chance of flooding in any given year.

“Base Flood” – The flood having one percent (1%) chance of being equaled or exceeded in any given year.

“Basement” – Any area of the building having its floor subgrade (below ground level) on all sides.

“Best Available Data” – means any hydrologic and hydraulic studies which result in a base flood elevation, now or in the future, that is higher than that shown on the Effective FIRM or Effective FIS. Such study must be completed or approved by the Village/City/County or other government agency.

“Development” – Any man-made change to improved or unimproved real estate, including, but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations, or storage of equipment or materials.

“Existing Construction” (for the purpose of determining rates) – Structures for which the start of construction commenced before the effective date of the FIRM or before January 1, 1975, for FIRM’s effective before that date. “Existing Construction” may also be referred to as “existing structures.”

“Existing Manufactured Home Park or Subdivision” – A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is complete before the effective date of the floodplain management regulations adopted by a community.

“Expansion to an Existing Manufactured Home Park or Subdivision” – The preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and wither final site grading or the pouring of concrete pads.)

“Flood or Flooding” – A general and temporary condition of partial or complete inundation of normally dry land areas from:

- (1) the overflow of inland waters; or
- (2) the unusual and rapid accumulation of runoff of surface waters from any source.

“Flood Fringe” – That area of the floodplain, outside of the floodway, that on the average is likely to be flooded once every one-hundred (100) years, i.e. that has a one percent (1%) chance of flood occurrence in any one year.

“Flood Insurance Rate Map (FIRM)” of “Effective FIRM” – An official map of a community, on which the Flood Insurance Study has delineated the Flood Hazard Boundaries and the zones establishing insurance rates applicable to the community.

“Flood Insurance Study (FIS)” or “Effective FIS” – The official report provided by the Federal Emergency Management Agency. The report contains flood profiles, as well as the Flood Boundary Floodway Map and the water surface elevation of the base flood.

“Floodplain” – Any land area susceptible to being inundated by water from any source (see definition of “flooding”).

“Floodway” or “Regulatory Floodway” – The channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one (1) foot.

“Freeboard” – A factor of safety usually expressed in feet above a flood level for purposes of flood plain management. Freeboard tends to compensate for the many unknown factors that could contribute to flood heights greater than the height calculated for a selected flood and floodway conditions, such as wave action, clogged bridge openings, and the hydrological effect of urbanization of the watershed.

“Highest Adjacent Grade” – The highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

“Lowest Floor” – The lowest floor of the lowest enclosed area (including basement.) An unfinished or flood-resistant enclosure, usable solely for parking of vehicles, building access or storage, in an area other than a basement area, is not considered a building’s lowest floor, provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of this ordinance.

“Manufactured Home” – A structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term “manufactured home” does not include a “recreational vehicle”.

“Manufactured Home Park or Subdivision” – A parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

"New Construction" – For floodplain management purposes, "new construction" means structures for which the "start of construction commenced on or after the effective date of the floodplain management regulation adopted by a community and includes any subsequent improvements to such structures.

"New Manufactured Home Park or Subdivision" – A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of floodplain management regulations adopted by a community.

"Overlay District" – A district in which additional requirements act in conjunction with the underlying zoning district(s). The original zoning district designation does not change.

"Principally Above Ground" – At least fifty-one percent (51%) of the actual cash value of the structure is above ground.

"Recreational Vehicle" – A vehicle which is (1) built on a single chassis; (2) four hundred (400) square feet or less when measured at the largest horizontal projections; (3) designed to be self-propelled or permanently towable by a light duty truck; and (4) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

"Special Flood Hazard Area" – The land in the floodplain within a community subject to one percent (1%) or greater chance of flooding in any given year.

"Start of Construction" (for other than new construction or substantial improvements under the coastal Barrier Resources Act, Pub. L. 97-348) – Includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within one-hundred and eighty (180) days of the permit date. The actual start means the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not the alteration affects the external dimensions of the building.

"Structure" – A walled and roofed building that is principally above ground, as well as a manufactured home, and a gas or liquid storage tank that is principally above ground.

"Substantial Damage" – Damage of any origin sustained by a structure whereby the cost of restoring the structure to its before-damaged condition would equal or exceed fifty percent (50%) of the market value of the structure before the damage occurred.

"Substantial Improvement" – Any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds fifty percent (50%) of the market value of the structure before "start of construction" of the improvement. This includes structures which have incurred "substantial damage," regardless of the actual repair work performed. The term does not, however, include either (1) any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary to assure safe living conditions, or (2) any alteration of a "historic structure," provided that the alteration will not preclude the structure's continued designation as a "historic structure."

"Variances" – A grant of relief to a person from the requirements of this ordinance which permits construction in a manner otherwise prohibited by this ordinance where specific enforcement would result in unnecessary hardship.

"Violation" – A failure of a structure or other development to be fully compliant with the community's floodplain management regulations.

Section 5.19 MU-CC Mixed Use City Centre District

5.19.01 Intent: The intent of the Mixed Use Town Centre District (MU-CC) is to:

1. Accommodate mixed use buildings with neighborhood-serving retail, service, and other uses on the ground floor and residential units and office uses above the ground floor;
2. Buildings can be solely residential provided they are designed in a building-forward environment, with buildings at the street edge or having only shallow front setbacks.
3. Encourage development that exhibits the physical design characteristics of pedestrian-oriented, storefront-style shopping streets; and
4. Promote the health and well-being of residents by encouraging physical activity, alternative transportation, and greater social interaction.

5.19.02 Permitted Uses:

Uses are allowed in “MU-CC” zoning districts in accordance with the use table of this section.

5.19.03 Permitted Accessory Uses

- 5.19.03.01 Buildings and uses customarily incidental to the permitted uses.
- 5.19.03.02 Urban residential storage as an accessory to a primary residential use.
- 5.19.03.03 Parking as permitted in Section 7.05 through 7.09.
- 5.19.03.04 Signs allowed in Section 7.01 through 7.04.
- 5.19.03.05 Landscaping as required by Section 7.17.
- 5.19.03.06 Solar Energy Conversion Systems as provided for in Section 7.15. (*Ordinance No. 1389, 3-3-2020*)

5.19.04 Setbacks

1. The entire building façade must abut front and street side property lines or be located within 10 feet of such property lines.
2. No rear setback shall be required, except where the rear lot line is contiguous to a residential use, in which case the following standards shall apply:
 - a. There shall be a minimum rear setback of twenty (25) feet the full width of the lot;
3. No interior side setbacks are required in the MU-CC district, except when MU-CC zoned property abuts a residential use, in which case the minimum side setback required in the MU-CC district shall be the same as required for a residential use on the abutting residentially-zoned lot.

5.19.05 Building Height

The maximum building height shall be 90 feet.

5.19.06 Off-Street Parking

1. No off-street parking is required in the MU-CC district.
2. If off-street parking is utilized, it shall comply with Sections 7.08-7.09 of this ordinance.
3. All parking spaces shall be paved with asphalt, concrete or other approved hard surface.
4. The use of shared parking is encouraged.
5. Off-street parking spaces should be located to the rear of the main façade of the principal building or otherwise screened to satisfy the screening requirements of the district design standards.

5.19.10 Circulation and Connectivity

Uses shall be integrated with the surrounding community, easily accessible, and have a good internal circulation system for a variety of travel options.

1. Internal walk connections are required between buildings, and from buildings to all on site facilities, such as parking areas, bicycle facilities, and open space.
2. External walk connections are required to provide direct access from all buildings on the site to existing or planned sidewalks, adjacent multi-use trails, parks, and greenways.

ARTICLE 6: CONDITIONAL USE PERMITS

Section 6.01 General Provisions. The City Council may, by conditional use permit after a Public Hearing and referral to and recommendation from the Planning Commission, authorize and permit conditional uses as designated in the district use regulations. Approval shall be based on findings that the location and characteristics of the use will not be detrimental to the health, safety, morals, and general welfare of the area.

Allowable uses may be permitted, enlarged, or altered upon application for a conditional use permit in accordance with the rules and procedures of this ordinance. The Council may grant or deny a conditional use permit in accordance with the intent and purpose of this ordinance. In granting a conditional use permit, the Council will authorize the issuance of a conditional use permit and shall prescribe and impose appropriate conditions, safeguards, and a specified time limit for the performance of the conditional use permit.

Section 6.02 Application for Conditional Use Permits. A request for a conditional use permit or modification of a conditional use permit may be initiated by a property owner or his or her authorized agent by filing an application with the City upon forms prescribed for the purpose. The application shall be accompanied by a drawing or site plan and other such plans and data showing the dimensions, arrangements, descriptions data, and other materials constituting a record essential to an understanding of the proposed use and proposed modifications in relation to the provisions set forth herein. A plan as to the operation and maintenance of the proposed use shall also be submitted. The application shall be accompanied with a non-refundable fee.

Section 6.03 Public Hearing. Before issuance of any conditional use permit, the Council will consider the application for the conditional use permit together with the recommendations of the Planning Commission at a public hearing after prior notice of the time, place, and purpose of the hearing has been given by publication in a legal paper of general circulation in the City of La Vista, one time at least ten (10) days prior to such hearing.

Section 6.04 Decisions. A majority vote of the Council shall be necessary to grant a conditional use permit. No order of the Council granting a conditional use permit, which has not been acted upon by the applicant, meaning that the use has been commenced or construction has been initiated, shall be valid for a period longer than twelve (12) months from the date of such order. Unless the following is completed:

6.04.01 City staff has granted an additional twelve (12) month administrative extension provided:

- 6.04.01.01 The character (including uses, parking conditions, traffic, and others) of the area in which the use(s) were approved has not changed significantly,
- 6.04.01.02 The applicant has made some effort to follow through with said permit or there were circumstances that slowed the applicants' progress.
- 6.04.01.03 If the administrative extension of the second twelve (12) month period has lapsed without establishment of said conditionally permitted use; or, if staff deems the character of the area has changed within the initial twelve (12) month period, the applicant shall be required to reapply to both the Planning Commission and City Council for further approval(s).

Section 6.05 Standards. No conditional use permit shall be granted unless that Planning Commission or City Council has found:

- 6.05.01 That the establishment, maintenance, or operation of the conditional use will not be detrimental to or endanger the public health, safety, moral, comfort, or general welfare of the community.
- 6.05.02 That the conditional use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purpose already permitted, nor substantially diminish and impair property values within the neighborhood.
- 6.05.03 That the establishment of the conditional use will not impede the normal and orderly development of the surrounding property for uses permitted in the district.
- 6.05.04 That adequate utilities, access roads, drainage, and/or necessary facilities have been or are being provided.
- 6.05.05 That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
- 6.05.06 The use shall not include noise which is objectionable due to volume, frequency, or beat unless muffled or otherwise controlled.
- 6.05.07 The use shall not involve any pollution of the air by fly-ash, dust, vapors or other substance which is harmful to health, animals, vegetation or other property or which can cause soiling, discomfort, or irritation.
- 6.05.08 The use shall not involve any malodorous gas or matter which is discernible on any adjoining lot or property.
- 6.05.09 The use shall not involve any direct or reflected glare which is visible from any adjoining property or from any public street, road, or highway.
- 6.05.10 The use shall not involve any activity substantially increasing the movement of traffic on public streets unless procedures are instituted to limit traffic hazards and congestion.

6.05.11 The use shall not involve any activity substantially increasing the burden on any public utilities or facilities unless provisions are made for any necessary adjustments.

ARTICLE 7: SUPPLEMENTAL REGULATIONS

Section 7.01 Sign Regulations

7.01.01 Purpose

The purpose of these sign regulations are: to encourage the effective use of signs as a means of communication in the city; to maintain and enhance the aesthetic environment and the city's ability to attract sources of economic development and growth; to improve pedestrian and traffic safety; to minimize the possible adverse effect of signs on nearby public and private property; and to enable the fair and consistent enforcement of these sign regulations. These sign regulations are adopted under the zoning authority of the city in furtherance of the more general purposes set forth in the zoning ordinance.

7.01.02 Applicability

A sign may be erected, placed, established, painted, created, or maintained within the city and the city's extraterritorial zoning jurisdiction only in conformance with the standards, procedures, exemptions and other requirements of these sign regulations.

7.01.03 Definitions and Interpretation

Words and phrases used in this ordinance shall have the meanings set forth in Section 2. Principles for computing sign area and sign height are contained in Section 7.01.04.

7.01.04 Computations

1. *Computation of Area of Individual Signs*

The area of a sign face (which is also the sign area of a wall sign or other sign with only one face) shall be computed by means of the smallest square, circle, rectangle, triangle, or combination thereof that will encompass the extreme limits of the writing as a whole, representation, emblem, or other display as a whole, together with any material or color forming an integral part of the background of the display or used to differentiate the sign from the backdrop or structure against which it is placed, but not including any supporting framework, bracing, or decorative fence or wall when such fence or wall otherwise meets zoning ordinance regulations and is clearly identical to the display itself.

2. *Computation of Area of Multi-faced Signs*

The sign area for a sign with more than one face shall be computed by adding together the area of all sign faces visible from any one point. When two identical sign faces are placed back to back, so that both faces cannot be viewed from any point at the same time, and when such sign faces are part of the same sign structure and are not more than forty-two (42) inches apart, the sign area shall be computed by the measurement of one of the faces.

3. *Computation of Height*

The height of a sign shall be computed as the distance from the grade at the base of the sign, or from the grade immediately below the sign in the case of Wall Signs, at normal grade to the top of the highest attached component of the sign. Normal grade shall be construed to be from finished grade. Any berms shall be construed to be a part of the sign base and added to the overall height of the sign.

7.01.05 Permitted Signs and Limitations

1. **Ground Monument**

- A. Monument signs shall be located along the frontage of the zoned lot. All signs shall be of permanent construction and are subject to the provisions of local codes and ordinances. On corner lots, the monument sign may be placed on either frontage.
- B. All ground monument signs shall be located on the same lot as the advertised use.
- C. Signs shall contain only the name or trademark of the business, building or complex which it identifies.
- D. With the exception of change panels permitted for gas stations to advertise gasoline prices, no change panels, advertising or names of individual tenants will be allowed.
- E. Setbacks for all ground monument signs are ten (10) feet, no setbacks are required in the MU-CC District.
- F. The following criteria apply to Ground Monument signs:

District	Design Limitations for Ground Monuments		
	Max. Size	Max. Height	Max. Number
TA	32 square feet	10 feet	One (1) per lot frontage
R-1	32 square feet	10 feet	One (1) per lot frontage

2. **Center Identification Signs**

- A. All Center Identification signs shall be a ground monument style sign.
- B. *A maximum of two Center Identification signs per development shall be allowed. No two signs shall be allowed closer than five-hundred (500) feet to each other on the same side of the street, measured along the edge of the street.*
- C. All Center Identification signs shall be constructed in a manner that is permanent.
- D. Acceptable materials include:
 - Exterior Insulation Finish System (EIFS)
 - Brick
 - Split face Concrete Masonry Units
 - Stone
 - Metal
 - Simulated Acrylic, or
 - Other materials provided said design is reflective of the character of the use.
- E. All Center Identification signs shall advertise only the name of the development *and/or major tenants*, unless in compliance with Subsection G below.
- F. Setbacks for all Center Identification Signs shall be twenty (20) feet along a street designated as an arterial or collector and ten (10) feet along any street designated as a local, minor or private street. Setback requirements shall not apply for Center Identification Signs within the Mixed-Use City Centre (MU-CC) Zoning District, given that such signs are not placed within the sight triangle area.
- G. Change panels and/ or changeable copy may be allowed provided:
 - Signs shall only include business names *or logos*
 - Fonts shall be similar to that of the development name
 - Said panels and / or copy match in color and material to the overall sign.
- H. *Electronic Message Boards shall only be allowed as part of a Center Identification Sign, provided the following:*

- No more than one-half of the permitted sign area shall be used for changeable copy or electronic message board signs.
 - The board may be double-faced.
 - Each board shall be permanently installed or located.
 - Electronic messages shall not be animated or flash continuously (blinking) in any manner.
 - Electronic message boards must use automatic level controls to reduce light levels at night and under cloudy and other darkened conditions, in accordance with the standards set forth in this sub-section. All electronic message boards must have installed ambient light monitors, and must at all times allow such monitors to automatically adjust the brightness level of the electronic sign based on ambient light conditions. Maximum brightness levels for electronic message boards may not exceed 5000 nits when measured from the signs face at its maximum brightness, during daylight hours, and 500 nits when measured from the signs face at its maximum brightness between sunset and sunrise, as those times are determined by the National Weather Service.
 - The message cannot change copy at intervals of less than one (1) minute. Changes of message image must be instantaneous as seen by the human eye and may not use fading, rolling, window shading, dissolving, or similar effects as part of the change.
- I. No more than 50% of the sign area or change panel area may be dedicated to advertise any single tenant.

6. **Project Directory Signs (Ordinance No. 1145, 5-17-2011)**

In order to maintain the flow of traffic on arterial and collector roads and to promote vehicular safety, emphasis is made to limit the number of ingress and egress points off of such roads. Project directory signs are intended to direct attention to planned multi-tenant developments which are not easily accessible off of such roads and where on-premise signage for that development (or any tenants within the development) would not otherwise be visible by the motorists traveling on nearby arterial or collector roads at the closest point of access. Provisions are provided to allow project directory signs which identify the name of the particular development and/or the names of their tenants. Such signs would be supplemental to signage otherwise provided for such developments.

Directional signs may be erected under the following conditions:

- A. Access to the development is restricted. Full ingress and egress to the development off an arterial or collector road is limited by access constraints or non-existent.
- B. Such signs may be placed on or off-premises. All such signs shall be constructed and located, however, so as to be visible by the motorist traveling on the arterial or collector road which intersects with the local road providing access to the development.
- C. Setbacks for all Project Directory Signs shall be twenty (20) feet along a street designated as an arterial or collector and ten (10) feet along any street designated as a local, minor or private street.
- D. A maximum of two project directory signs per development shall be allowed. No two signs shall be allowed closer than five-hundred (500) feet to each other on the same side of the street, measured along the edge of the street.
- E. No such sign shall be allowed further than one-thousand (1,000) feet from any entity advertising on the sign using the closest straight line measurement.
- F. The minimum distance between a sign location and any residential zoning district shall be 50 feet.

- G. The sign may contain the name of the development, names of tenants within the development, directional arrows and distance information. If off-premises, sign shall identify multiple businesses or industries.
- H. The size of each sign shall be a function of the number of tenants within the development. Each eight (8) square feet per principal use within the development, whichever is greater, with a maximum area of eighty (80) square feet.
- I. All such signs shall be a ground-mounted, monument-style sign.
- J. Such signs shall be subject to the design standards of the PUD or Gateway Corridor Overlay District, if within such district.

7. **Roof Signs**

Roof signs shall be permitted only in the Mixed Use – City Centre District provided:

- Signs shall be allowed on multi-story buildings only.
- A maximum of one (1) roof sign shall be allowed per lot.
- Signs shall be a maximum of 11 feet in height above the highest point of the roofline.
- Sign allowance shall be calculated at 2.5 square feet per lineal foot of building frontage to a maximum of 600 sq. ft.
- The use of electronic message boards shall be prohibited. Sign animation shall be limited to the slow and gradual dimming or fading of individual lights. Flashing signs will be prohibited.
- Where a wall sign is present on the building or structure façade, a roof sign shall be prohibited; where a roof sign is present on the building or structure façade, a wall sign shall be prohibited. This does not apply to wall signs of multi-tenant bays, or to roof signs advertising an entire development or district, rather than a specific use/occupant in the building on which the sign is placed. A maximum of two roof signs advertising the same development/district shall be permitted.

8. **Blade Signs**

Blade signs shall be permitted only in the Mixed Use – City Centre District provided:

- Signs will only be allowed for the following uses: event center, meeting hall, or publicly owned and operated facility.
- Signs shall be allowed on multi-story buildings only with frontage of at least 20 ft.
- Signs shall conform to the vertical clearance requirements of this section of the Zoning Ordinance.
- Animation of the message is prohibited.
- Signs shall have two identical faces.
- Only two Blade Signs shall be permitted per building.
- Sign allowance cannot exceed 60 square feet.

9. **Marquee Signs**
Marquee signs shall be permitted only in the Mixed-Use City Centre District provided:
- Signs will only be allowed the following uses: event center, meeting hall, or publicly owned and operated facility.
 - Signs shall conform to the vertical clearance requirements of this section of the Zoning Ordinance.
 - A maximum of one (1) marquee sign shall be allowed per building and may only be placed on the primary face of the building.
 - Sign allowance shall be limited to no more than ten percent (10%) of the area of the façade to which the marquee is attached.
 - No portion of a marquee sign shall extend vertically above the eave line.
 - Marquee signs with non-electronic change panels are prohibited.

12. Special Signage Conditions

The following special conditions apply to stand-alone ATM's, Coffee Kiosks and other Kiosks.

A. Stand-alone ATM's may have the following:

- One (1) wall sign on each exterior wall provided each wall sign does not exceed ten (10) percent of the applicable exterior wall and the total shall not exceed forty (40) square feet in size.
- Where a canopy is integrated into the ATM, a canopy sign may be placed on each face of the ATM, provided the overall height of the canopy and sign do not exceed twenty-four (24) inches. In addition, the overall size of all canopy signs shall not exceed forty (40) square feet.
- Directional signage shall be contained on the ATM, painted within a drive lane or in any curbing defining a drive lane.
- All signs are subject to the required permitting process of this Ordinance.
- Said signage may be incorporated with lighting plan and backlit in order to provide for greater security on the premises.

B. Coffee Kiosks and other Kiosks may have the following:

- ~~One~~ wall sign ~~per frontage~~, provided each wall sign does not exceed ten (10) percent of the applicable exterior wall and the total shall not exceed forty (40) square feet in size.

Deleted: One

Deleted: (1)

Deleted: on each exterior wall not used for drive-up service...

- Where a canopy is integrated into the Coffee Kiosks / Kiosks, a canopy sign may be placed on each face of the Coffee Kiosk / Kiosks, provided the overall height of the canopy and sign do not exceed twenty-four (24) inches. In addition, the overall size of all canopy signs shall not exceed forty (40) square feet.
- Directional signage shall be contained on the Coffee Kiosk /Kiosk, painted within a drive lane or in any curbing defining a drive lane
- Window signs limited to menu boards and daily specials shall not require a sign permit.
- All signs are subject to the required permitting process of this Ordinance, unless otherwise noted.

7.01.06 Permits Required

1. If a sign requiring a permit under the provision of the ordinance is to be placed, constructed, erected, or modified on a zone lot, the owner of the lot shall secure a sign permit prior to the construction, placement, erection, or modification of such a sign in accordance with the requirements of Section 7.04.01.
2. Furthermore, the property owner shall maintain in force, at all times, a sign permit for such sign in accordance with Section 7.04.09.
3. No signs shall be erected in the public right-of-way except in accordance with Section 7.03.01.
4. No sign permit of any kind shall be issued for an existing or proposed sign unless such sign is consistent with the requirements of this ordinance (including those protecting existing signs) in every respect and with the Signage Plan in effect for the property.

7.01.07 Design, Construction, Maintenance

All signs shall be designed, constructed and maintained in accordance with the following standards:

1. All signs shall comply with applicable provisions of the Uniform Building Code and the National Electrical Code.
2. Except for flags, temporary signs, and window signs conforming in all respects with the requirements of this ordinance, all signs shall be constructed of permanent materials and shall be permanently attached to the ground, a building or another structure by direct attachment to a rigid wall, frame or structure.
3. All signs shall be maintained in good structural condition, in compliance with all building and electrical codes and in conformance with this code, at all times.

Section 7.02 Signage Plans

7.02.01 General Provisions

1. No permit shall be issued for an individual sign requiring a permit unless and until an Individual Signage Plan or Master Signage Plan for the zoned lot on which the sign will be erected has been submitted to the City and approved by the Community Development Department as conforming with this section.
2. All signage plans and permits shall include the following minimum information:
 - A. Color scheme;
 - B. Lettering or graphic style;
 - C. Lighting;
 - D. Location of each sign on the buildings;
 - E. Material;
 - F. Sign proportions; and
 - G. Any other criteria required by the appropriate signage plan.

Deleted: Planning

7.02.02 Master Signage Plan.

For any zoned lot on which the owner proposes to erect more than three (3) signs requiring a permit, the owner shall submit to the Community Development Department a Master Signage Plan containing the following:

Deleted: Planning

1. An accurate plot plan of the zone lot, at such a scale as the Community Development Department may require;
2. Location of buildings, parking lots, driveways, and landscaped areas on such zone lot;
3. Computation of the maximum total sign area, the maximum area for individual signs, the height of signs and the number of freestanding signs allowed on the zone lot(s) included in the plan under this ordinance and
4. An accurate indication on the plot plan of the proposed location of each present and future sign of any type, whether requiring a permit or not, except that incidental signs need not be shown.

Deleted: Planning

7.02.03 Showing Window Signs on Master Signage Plan.

1. A Master Signage Plan including window signs may simply indicate the areas of the windows to be covered by window signs and the general type of the window (e.g., paper affixed to window, painted, etched on glass, or some other material hung inside window) and need not specify the exact dimension or nature of every window sign.

7.02.04 Limit Number of Free-Standing Signs Under Master Signage Plan.

1. The Master Signage Plan, for all zone lots with multiple uses or multiple users, shall limit the number of freestanding signs to a total of one (1) for each street on which the zone lots shall provide for shared or common usage of such signs.

7.02.05 Amendment.

1. A Master Signage Plan may be amended by filing a new Master Signage Plan that conforms to all requirements of the ordinance then in effect.

7.02.06 Existing Signs Not Conforming to Master Signage Plan.

1. If any new or amended Master Signage Plan is filed for a property on which existing signs are located, it shall include a schedule for bringing into conformance, within two (2) years, all signs not conforming to the proposed amended plan or to the requirements of this ordinance in effect on the date of submission.

7.02.07 Binding Effect.

1. After approval of a Master Signage Plan, no sign shall be erected, placed, painted, or maintained, except in conformance with such plan, and such plan may be enforced in the same way as any provision of this ordinance. In case of any conflict between the provisions of such a plan and any other provision of this ordinance, the ordinance shall control.

Section 7.03 Other Signage Provisions

7.03.01 Signs in the Public Right-of-Way

No signs shall be allowed in the public right-of-way, except for the following:

1. **Permanent Signs.** Permanent signs, including:
 - A. Public signs erected by or on behalf of a governmental body to post legal notices, identify public property, convey public information, advertise community events, and direct or regulate pedestrian or vehicular traffic;
 - B. Bus stop signs erected by a transit company
 - C. Informational signs of a public utility regarding its poles, lines, pipes, or facilities; and
 - D. Awning, projecting, and suspended signs projecting over a public right-of-way in conformity with the conditions of Section 1.16.

7.03.02 Temporary Signs

A permit for temporary signs shall be issued only in accordance to the Master Fee Schedule and for signs meeting the following criteria:

1. *Construction and real estate signs are exempt from a temporary sign permit provided they meet the requirements set forth hereafter and in Section 7.01.05(5) of this Ordinance.*
2. *Such signs shall not be in place for more than fourteen (14) consecutive days, except that Real Estate signs may be in place until the property sale is finalized and construction signs may be in place until that construction phase is completed;*
3. *No more than four (4) temporary permits shall be issued to an individual use in a calendar year;*
4. *Construction Signs shall be located on the property being constructed. Advertisement on business trailers or vehicles are exempt from a temporary sign permit and size restriction, except that such trailers or vehicles must be removed when construction by that company on said property is completed.*
5. *Any violation of this Section may void any future requested permits; and*
6. *No temporary sign shall be of such size, message, or character so to harm the public, health, safety or general welfare. Temporary signs shall not exceed thirty-two (32) square feet.*
(Ordinance No. 874, 10-15-02) (Ordinance No. 898, 2-04-03)

7.03.03 Emergency Signs (Permitted)

1. Emergency warning signs erected by a governmental agency, public utility company, or a contractor doing authorized or permitted work within the public right-of-way.

7.03.04 Other Signs Forfeited

1. Any sign installed or placed on public property, except in conformance with the requirements of this section, shall be forfeited to the public and subject to confiscation. In addition, to other remedies hereunder, the city shall have the right to recover from the owner or person placing such a sign the full costs of removal and disposal of such sign.

7.03.05 Signs Exempt from Regulation Under this Ordinance

The following signs shall be exempt from regulation under this ordinance:

Any public notice or warning required by a valid and applicable federal, state, or local law, regulation or ordinance;

Any religious symbol;

Any sign identifying a public facility or public / civic event, including signs for public school facilities;

Any sign inside a building, not attached to a window or door, that is not legible from a distance of more than three feet beyond the lot line of the zone lot or parcel on which such sign is located

Holiday lights and decorations with no commercial message;

Traffic control signs on private property, such as Stop, Yield, and similar signs, the face of which meets the Manual on Uniform Traffic Control Devices standards and which contain no commercial message of any sort; and

A political sign exhibited in conjunction with the election of political candidates. Such signs may not exceed thirty-two (32) square feet in any zone. Only four (4) political signs shall be allowed per zone lot at any one time. All such political signs shall be removed no later than (10) days after the election.
(Ordinances No. 1184, 9-18-12)

7.03.06 Signs Prohibited Under These Regulations

All signs not expressly permitted in these regulations or exempt from regulation hereunder in accordance with the previous section are prohibited in the city. Such signs include, but are not limited to:

1. Beacons and flashing signs;
2. Video signs;
3. Portable signs, except as allowed by a Temporary Sign Permit;
4. Pole signs;
5. Suspended signs;
6. Strings of lights not permanently mounted to a rigid background, except those exempt under the previous section;
7. Off-premises signs, except for signs located on outdoor public or quasi-public recreational areas/facilities, provided such signs are located in a manner approved by the City (such as not facing adjacent street right-of-way or residential zoning districts) and are no larger than 32 square feet.”
(Ordinance No. 951, 3-15-05)
8. Animated signs, except for roof signs and electronic message boards, as permitted by this ordinance; and
9. Audible Signs.

Section 7.04 Permit Procedures

7.04.01 General Permit Procedures

1. The following procedures shall govern the application for, and issuance of, all sign permits under this ordinance, and the submission and review of Master Signage Plans.

7.04.02 Applications

1. All applications for sign permits of any kind and for approval of a Master Signage Plan shall be submitted to the City on an application form or in accordance with application specifications published by the City.

7.04.03 Fees

1. Each application for a sign permit or for approval of a Master Signage Plan shall be accompanied by the applicable fees, which shall be established in the Master Fee Schedule.

7.04.04 Completeness

1. Upon receiving an application for a sign permit or for a Master Signage Plan, the ~~Community Development~~ Department shall review it for completeness. If the ~~Community Development~~ Department finds that it is complete, the application shall then be processed. If the ~~Community Development~~ Department finds that it is incomplete, the ~~Community Development~~ Department shall send to the applicant a notice of the specific ways in which the application is deficient, with appropriate references to the applicable sections of this ordinance.

7.04.05 Action

Within fourteen (14) working days of the submission of a complete application for a sign permit, the ~~Community Development~~ Department shall either:

Deleted: Planning

1. Issue the sign permit, if the sign(s) that is the subject of the application conforms in every respect with the requirements of this ordinance and applicable Master Signage Plan; or
2. Reject the sign permit if the sign(s) that is the subject of the application fails in any way to conform with the requirements of this ordinance and the applicable Master Signage Plan. In case of a rejection, the ~~Community Development~~ Department shall specify in the rejection the section or sections of the ordinance or applicable plan with which the sign(s) is inconsistent.

Deleted: Planning

7.04.06 Permits to Construct or Modify Signs

1. All signs shall be erected, installed, or created only in accordance with a duly issued and valid sign construction permit from the ~~Community Development~~ Department. Such permits shall be issued only in accordance with the following requirements and procedures.

Deleted: Planning

7.04.07 Permit for New Sign or for Sign Modification

1. An application for construction, creation, or installation of a new sign or for modification of an existing sign shall be accompanied by detailed drawings to show the dimensions, design, structure,

and location of each particular sign, to the extent that such details are not contained on a Master Signage Plan then in effect for the zone lot.

7.04.08 Inspection

1. The ~~Community Development~~ Department shall cause an inspection of the zone lot for which each permit for a new sign or for modification of an existing sign is issued during the sixth month after the issuance of such permit or at such earlier date as the owner may request. If the construction is not substantially complete at the time of inspection, the permit shall lapse and become void. If the construction is complete and in full compliance with this ordinance and the building and electrical codes, the ~~Community Development~~ Department shall affix to the premises a permanent symbol identifying the sign(s) and the applicable permit by number or other reference. If the construction is substantially complete but not in full compliance with this ordinance and applicable codes, the ~~Community Development~~ Department shall give the owner or applicant notice of the deficiencies and shall allow an additional thirty (30) days from the date of inspection for the deficiencies to be corrected. If the deficiencies are not corrected by such date, the permit shall lapse. If the construction is then complete, the ~~Community Development~~ Department shall affix to the premises the permanent symbol described above.
2. The permanent symbol shall remain affixed to approved sign. If removed the approved permit may become voided and said owner may be in violation and subject to any applicable fines.

7.04.09 Sign Permits — Continuing

1. The owner of a zone lot containing signs requiring a permit under this ordinance shall at all times maintain in force a sign permit for such property. Sign permits shall be issued for individual zone lots, notwithstanding the fact that a particular zone lot may be included with other zone lots in a Master Signage Plan.

7.04.10 Initial Sign Permit

1. An initial sign permit shall be automatically issued by the ~~Community Development~~ Department covering the period from the date of inspection of the completed sign installation, construction, or modification through the last day of that calendar year.

Deleted: Planning

7.04.11 Lapse of Sign Permit

1. A sign permit shall lapse automatically if the business license for the premises lapses, is revoked, or is not renewed. A sign permit shall also lapse if the business activity on the premises is discontinued for a period of one hundred eighty (180) days or more and is not renewed within thirty (30) days of a notice from the city to the last permittee, sent to the premises, that the sign permit will lapse if such activity is not renewed.

7.04.12 Assignment of Sign Permits

1. A current and valid sign permit shall be freely assignable to a successor as owner of the property or holder of a business license for the same premises, subject only to filing such application as the ~~Community Development~~ Department may require and paying any applicable fee. The assignment shall be accomplished by filing and shall not require approval.

Deleted: Planning

7.04.13 Sign Removal Required

1. A sign that was constructed, painted, installed, or maintained in conformance with a permit under this ordinance, but for which the permit has lapsed or not been renewed or for which the time allowed for the continuance of a nonconforming sign has expired, shall be forthwith removed, by the owner, without notice or action from the city.

7.04.14 Violations

1. Any of the following shall be a violation of these regulations and shall be subject to the enforcement remedies and penalties provided by the La Vista Zoning Ordinance, and by state law:
 - A. To install, create, erect, or maintain any sign in a way that is inconsistent with any plan or permit governing such sign or the zone lot on which the sign is located;
 - B. To install, create, erect, or maintain any sign requiring a permit without such permit;
 - C. To fail to remove any sign that is installed, created, erected, or maintained in violation of this ordinance, or for which the sign permit has lapsed.

-
- D. To continue any such violation. Each day of a continued violation shall be considered a separate violation when applying the penalty portions of this ordinance.
 - E. Each sign installed, created, erected, or maintained in violation of this ordinance shall be considered a separate violation when applying the penalty portions of this ordinance.

Section 7.05 Off-Street Automobile Storage.

- 7.05.01 Off-street automobile storage or standing space shall be provided on any lot on which any of the following uses are hereafter established; such space shall be provided with vehicular access to a street or an alley. For purposes of computing the number of parking spaces available in a given area, the ratio of two hundred fifty (250) square feet per parking space shall be used.
- 7.05.02 If vehicle storage space or standing space required in section 7.06 cannot be reasonably provided on the same lot on which the principal use is conducted in the opinion of the ~~Chief Building Official~~, the ~~Chief Building Official~~ may permit such space to be provided on other off-street property, provided such space lies within four hundred (400) feet of an entrance to such principal use. Such vehicle standing space shall be deemed to be required open space associated with the permitted use and shall not thereafter be reduced or encroached upon in any manner. *(Ordinance No. 975, 12-20-05)*
- 7.05.03 All parking spaces for *residential, commercial, industrial, public or quasi-public uses* shall be paved with asphalt or concrete. *(Ordinance No. 975, 12-20-05)* *All parking spaces for permitted temporary uses not located on the same lot as a permitted principle use may be exempt from a paved surface but shall have access to a hard-surface road and have a rock drive for emergency vehicles. (Ordinance No. 994, 6-6-06)*
- 7.05.04 Parking spaces for outdoor recreational uses in the Transitional Agriculture (TA) District may have a surface of compacted gravel or crushed rock contained within a distinct border and having a depth of four inches. However, upon rezoning to a district other than TA, these parking areas shall be paved with asphalt or concrete within three (3) years. Paved parking stalls, sidewalks, and other improvements, in both number and design to comply with the Americans with Disabilities Act (ADA), the Nebraska Accessibility Guidelines, and Section 7.08 of this Ordinance, shall still be constructed within and surrounding such crushed rock parking areas.
- 7.05.05 Where calculations in accordance with the foregoing list results in requiring a fractional space, any fraction less than one-half shall be disregarded and any fraction of one-half or more shall require one space.
- 7.05.06 In Districts R-1, R-2, R-3, and R-4, required off-street parking shall be provided on the lot on which it is located the use to which the parking pertains. In other Districts, such parking may be provided either on the same lot or an adjacent or other lot provided the lot on which the use requiring them is located are not separated by more than three hundred (300) feet at closest points, measured along a street or streets.
- 7.05.07 Where off-street parking is located on a lot other than the lot occupied by the use, which requires it, site plan approval for both lots is required.
- 7.05.08 Some uses may require two (2) different use types to be calculated together in order to determine the total parking requirement (Example: Primary schools may require a tabulation for classrooms and assembly areas)
- 7.05.09 In Districts R-3 and R-4, multi-family, apartment, and condominium dwellings shall have a minimum of 0.5 enclosed garages per unit. The required garages may count towards the total number of parking spaces required as per Section 7.06. Multi-family, apartment, and condominium developments approved by the City prior to May 17, 2011 shall be exempt of this requirement. *(Ordinance No. 1146, 5-17-11)*

Section 7.07 Off-street Parking: Shared Parking requirements

- 7.07.01 Notwithstanding the provisions of Section 7.06, in cases of shopping centers having 400,000 or more square feet of gross floor area and where parking and building patterns are such that overlapping uses of a majority of the total number of parking spaces in the center is likely to occur, compliance with the standard retail parking ratios may be decreased by the Planning Commission and City Council. Said request for a decrease in parking spaces shall be accompanied by a rezoning to a Planned Unit Development (PUD) and the request is made during the PUD application process. All regulations of the PUD District shall be adhered to within the development.
- 7.07.02 Where convention centers, conference centers, assembly halls, ballrooms, or other similar facilities are built in conjunction with a hotel, office park, or shopping center, the Planning Commission and City Council may permit the construction of fewer parking spaces, due to overlapping usage of a portion of the parking spaces. Said request for a decrease in parking spaces shall be accompanied by a rezoning to a Planned Unit Development (PUD) and the request is made during the PUD application process. All regulations of the PUD District shall be adhered to within the development.

Section 7.08 Off-Street Parking: Parking for Individuals with Disabilities

- 7.08.01 In conformance with the Americans with Disabilities Act (ADA) and the Nebraska Accessibility Guidelines, if parking spaces are provided for self-parking by employees or visitors, or both, then accessible spaces shall be provided in each parking area in conformance with the table in this section. Spaces required by the table need not be provided in the particular lot. They may be provided in a different, if equivalent or greater accessibility, in terms of distance from an accessible entrance, cost and convenience, is ensured.

Total Parking Spaces	Column A Required Minimum Number of Accessible Spaces	Column B Minimum Number of Van- Accessible Parking Spaces (1 of 6 available spaces)
1 to 25	1	1
26 to 50	2	1
51 to 75	3	1
76 to 100	4	1
101 to 150	5	1
151 to 200	6	1
201 to 300	7	2
301 to 400	8	2
401 to 500	9	2
501 to 1,000	2 percent of the total	1/6 of Column A
1,001 and over	20 plus 1 for each 100 over 1,000	1/6 of Column A

- 7.08.02 Except as provided in Section 7.08.02.01 of this Ordinance, access aisles adjacent to accessible spaces shall be sixty (60) inches (1525 mm) wide minimum. (*Ordinance No. 899, 2-04-03*)
- 7.08.02.01 One (1) in every eight (8) accessible spaces, but not less than one, shall be served by an access aisle ninety-six (96) inches (2440 mm) wide minimum and shall be designated "van accessible" as required by Section 7.08.04 of this Ordinance. The vertical clearance at such spaces shall comply with 7.08.05 of this Ordinance. All such spaces may be grouped on one (1) level of a parking structure.
- Parking access aisles shall be part of an accessible route to the building or facility entrance. Two (2) accessible parking spaces may share a common access aisle.
- Parked vehicle overhangs shall not reduce the clear width of an accessible route. Parking spaces and access aisles shall be level with slopes not exceeding 1:50 (2%) in all directions, except for angled parking spaces which must have access aisles located on the passenger side of the parking spaces.
- 7.08.02.02 If passenger-loading zones are provided, then at least one (1) passenger loading zone shall comply with 7.08.06 of this Ordinance.
- 7.08.02.03 At facilities providing medical care and other services for persons with mobility impairments, parking spaces complying with 7.08 of this Ordinance shall be provided in accordance with 7.08.01 of this Ordinance; except as follows:

1. Outpatient units and facilities: ten percent (10%) of total number of parking spaces provided serving each such outpatient unit or facility;
 2. Units and facilities that specialize in treatment or services for persons with mobility impairments: twenty percent (20%) of the total number of parking spaces provided serving each such unit or facility.
- 7.08.02.04 Valet parking: valet parking facilities shall provide a passenger loading zone complying with 7.08.06 of this Ordinance located on an accessible route to the entrance of the facility. Sections 7.08.01, 7.08.02.01, and 7.08.02.03 of this Ordinance do not apply to valet parking.
- 7.08.03 Location of accessible parking spaces serving a particular building shall be located on the shortest accessible route of travel from adjacent parking to an accessible entrance.
- 7.08.03.01 In parking facilities that do not serve a particular building, accessible parking shall be located on the shortest accessible route of travel to an accessible pedestrian entrance of the parking facility.
- 7.08.03.02 In buildings with multiple accessible entrances with adjacent parking, accessible parking spaces shall be dispersed and located closet to the accessible entrances.
- 7.08.04 Signage of accessible parking spaces shall be designated as reserved by a sign showing the symbol of accessibility. Spaces complying 7.08.02.01 shall have an additional sign "Van Accessible" mounted below the symbol of accessibility. Such signs shall be located so they cannot be obscured by a vehicle parked in the space. ADA mandates the sign height be at least sixty (60) inches above ground surface measured from the bottom of the sign.
- 7.08.05 Minimum vertical clearance of one hundred fourteen (114) inches (2895mm)at accessible passenger loading zones and along at least one vehicle access route to such areas from site entrance(s) and exit(s). At parking spaces complying with 7.08.02.01, provide minimum vertical clearance of ninety-eight (98) inches (2490mm) at the parking space and along at least one vehicle access route to such spaces from site entrance(s) and exit(s).
- 7.08.06 Passenger Loading Zones shall provide an access aisle at least sixty (60) inches (1525mm) wide and twenty (20) feet (240inches) (6100mm) long adjacent and parallel to the vehicle pull-up space. If there are curbs between the access aisle and the vehicle pull-up space, then a curb ramp complying with accessibility standards shall be provided. Vehicle standing spaces and access aisles shall be level with surface slopes not exceeding 1:50 (2%) in all directions.

Section 7.09 Off-Street Parking Design Criteria

7.09.01 Standard parking stall dimensions shall not be less than nine (9) feet by eighteen (18) feet, plus the necessary space for maneuvering into and out of the space. Where the end of the parking space abuts a curbed area at least five (5) feet in width (with landscaping or sidewalk), an overhang may be permitted which would reduce the length of the parking space by two (2) feet. Such overhang shall be measured from the face of the curb. For standard parking lots, minimum dimensions shall be as follows:

	Parking Configuration		
	90-degree	60-degree	45-degree
Aisle Width (A)			
One-way traffic	-----	18 feet	14 feet
Two-way traffic	24 feet	20 feet	20 feet
End Parking Bay Width (B)			
Without overhang	18 feet	20 feet	19 feet
With overhang	16 feet	18 feet	17 feet
Center Parking Bay Width (C)	18 feet	18 feet	16 feet

- 7.09.02 Minimum dimensions for a parallel parking space shall be nine (9) feet by twenty-three (23) feet.
- 7.09.03 Minimum parking dimensions for other configurations or for parking lots with compact car spaces shall be determined by the Planning Commission and City Council upon recommendation of the City Engineer.

Section 7.10 Home Occupations

The following are the minimum standards required for a Home Occupation:

- 7.10.01 No external evidence of the home occupation with the exception of one unlighted nameplate of not more than two (2) square foot in area attached flat against the building located on local or collector streets. However, four (4) square feet in area attached flat against the building located on arterial streets.
- 7.10.02 Advertising displays and advertising devices displayed through a window of the building shall not be permitted.
- 7.10.03 No more than twenty-five percent (25%) of the home, not to exceed four hundred (400) square feet, can be used for the home occupation, except for Child Care Home. This percentage is inclusive of any detached accessory buildings used for the Home Occupation.
- 7.10.04 Home occupations shall ~~be operated on-site by~~ no more than one full-time or part-time employee, ~~volunteer, or business partner,~~ other than the resident(s) of the dwelling unit, provided that one off-street parking space is made available and used by that non-resident employee, ~~volunteer, or business partner.~~
- 7.10.05 Unless expressly permitted by a Conditional Use Permit, no retail sales are permitted from the site.
- 7.10.06 No outdoor storage is permitted.
- 7.10.07 Additional off-street parking may be required for the business.
- 7.10.08 If home occupation is for a business office for services rendered at another location then not more than two (2) business or employee vehicles parked on or adjacent to the home occupation property at any one time; provided only one said vehicle may be allowed to park on street right-of-way. Construction or maintenance equipment shall not be stored on the property other than in an enclosed garage; provided one

(1) piece of equipment shall be counted as one (1) of the two (2) business or employee vehicles allowed. For the purpose of enforcement of the home occupation provisions of this ordinance, a piece of construction equipment parked on a trailer shall be counted as a single business vehicle. A trailer being pulled by another vehicle, however, shall be counted as two (2) vehicles. Personal vehicles of occupants of the residential dwelling shall not be included in the count of number of business or employee vehicles.

7.10.09 No offensive noise, vibration, smoke, odor, heat, or glare shall be noticeable at or beyond the property line.

7.10.10 A Home Occupation License shall be required for Home Occupation I uses. *Such license shall include, but not be limited to, the following:*

7.10.10.1 Application fee in accordance with the Master Fee Schedule

7.10.10.2 For major Home Occupations requiring a Conditional Use Permit, a minimum of seventy-five percent (75%) of the households within two hundred feet (200') of the proposed home occupation shall indicate no objections, in writing, to the operation of such home occupation. A "no objections" signature form shall be provided by the City and said residents shall sign next to their respective address.

7.10.10.3 A Conditional Use Permit is required for Home Occupation I uses, except Child Care Homes.

7.10.11 A Conditional Use Permit is required, except for Home Occupation II uses and Child Care Homes.

7.10.12 Child Care Homes and Child Care Centers shall require a certificate (CRED 9911) signed by the State of Nebraska Fire Marshall.

7.10.13 All fees shall be paid in accordance with the Master Fee Schedule.

7.10.14 All businesses related to Child Care Homes and Child Care Centers shall be in accordance with Nebr. R. R. S. 1943, Sec. §71-1911. (***Ordinance No. 884, 11-19-02***)

Section 7.11 Wireless Communication Towers

7.11.01 Purpose and Legislative Intent.

The Telecommunications Act of 1996 affirmed the City of La Vista's authority concerning the placement, construction, and modification of wireless telecommunications facilities. The City of La Vista finds that wireless telecommunications facilities may pose significant concerns to the health, safety, public welfare, character, and environment of the City and its inhabitants. The City also recognizes that facilitating the development of wireless service technology can be an economic development asset to the City and of significant benefit to the City and its residents. In order to ensure that the placement, construction, or modification of wireless telecommunications facilities is consistent with the City's land use policies, the City is adopting a single, comprehensive, wireless telecommunications facilities application and permit process. The intent of this section is to minimize impact of wireless telecommunications facilities, establish a fair and efficient process for review and approval of applications, assure an integrated, comprehensive review of environmental impacts of such facilities, and protect the health, safety and welfare of the residents of the City of La Vista.

7.11.02 Definitions.

For purposes of this section, and where not inconsistent with the context of a particular subsection, the defined terms, phrases, words, abbreviations, and their derivations shall have the meaning given here. When not inconsistent with the context, words in the present tense include the future tense, words used in the plural number include words in the singular number and words in the singular number include the plural number. The word "shall" is always mandatory, and not merely directory.

- 7.11.02.01 "Accessory Facility or Structure" means an accessory facility or structure serving or being used in conjunction with wireless telecommunications facilities, and located on the same property or lot as the wireless telecommunications facilities, including but not limited to, utility or transmission equipment storage sheds or cabinets.
- 7.11.02.02 "Applicant" means any wireless service provider submitting an application for a conditional use permit for wireless telecommunications facilities.
- 7.11.02.03 "Antenna" means a system of electrical conductors that transmit or receive electromagnetic waves or radio frequency or other wireless signals.
- 7.11.02.04 "Co-location" means the use of an existing tower or structure to support antennae for the provision of wireless services. A replacement tower that is constructed on the same site as an existing tower will be considered a co-location as long as the new tower is no taller than the old tower and that the old tower is removed in a reasonable short time frame after the new tower is constructed.
- 7.11.02.05 "Commercial Impracticability" or "Commercially Impracticable" means the inability to perform an act on terms that are reasonable in commerce; the cause or occurrence of which could not have been reasonably anticipated or foreseen and that jeopardizes the financial efficacy of the project. The inability to achieve a satisfactory financial return on investment or profit, standing alone, shall not deem a situation to be "commercial impracticable" and shall not render an act or the terms of an agreement "commercially impracticable".
- 7.11.02.06 "Completed Application" means an application that contains all information and/or data necessary to enable an informed decision to be made with respect to an application.
- 7.11.02.07 "Distributed Antenna System or DAS" means a network of spatially separated antenna nodes connected to a common source via a transport medium that provides wireless service within a geographic area or structure.
- 7.11.02.08 "FAA" means the Federal Aviation Administration, or its duly designated and authorized successor agency.

- 7.11.02.09 "FCC" means the Federal Communications Commission, or its duly designated and authorized successor agency.
- 7.11.02.10 "Height" means, when referring to a tower or structure, the distance measured from the pre-existing grade level to the highest point on the tower or structure, including antennas or lightening protection devices.
- 7.11.02.11 "Modification" or "Modify" means, the addition, removal or change of any of the physical and visually discernible components or aspects of a wireless facility, such as antennas, cabling, equipment shelters, landscaping, fencing, utility feeds, changing the color or materials of any visually discernible components, vehicular access, parking and/or an upgrade or change out of equipment for better or more modern equipment. Adding a new wireless carrier or service provider to a telecommunications tower or telecommunications Site as a co-location is a modification. A Modification shall not include the replacement of any components of a wireless facility where the replacement is identical to the component being replaced or for any matters that involve the normal repair and maintenance of a wireless facility without adding, removing or changing anything.
- 7.11.02.12 "NIER" means Non-Ionizing Electromagnetic Radiation.
- 7.11.02.13 "Personal Wireless Facility" See definition for 'Wireless Telecommunications Facilities.'
- 7.11.02.14 "Personal Wireless Services" or "PWS" or "Personal Telecommunications Service" or "PCS" shall have the same meaning as defined and used in the 1996 Telecommunications Act.
- 7.11.02.15 "Repairs and Maintenance" means the replacement of any components of a wireless facility where the replacement is identical to the component being replaced or for any matters that involve the normal repair and maintenance of a wireless facility without the addition, removal or change of any of the physical or visually discernible components or aspects of a wireless facility that will add to the visible appearance of the facility as originally permitted.
- 7.11.02.16 "Stealth" or "Stealth Technology" means to minimize adverse aesthetic and visual impacts on the land, property, buildings, and other facilities adjacent to, surrounding, and in generally the same area as the requested location of such wireless Telecommunications facilities, which shall mean using the least visually and physically intrusive facility that is not technologically or commercially impracticable under the facts and circumstances.
- 7.11.02.17 "Telecommunications" means the transmission and/or reception of audio, video, data, and other information by wire, radio frequency, light, and other electronic or electromagnetic systems.
- 7.11.02.18 "Telecommunication Site" See definition for Wireless Telecommunications Facilities.
- 7.11.02.19 "Telecommunications Structure" means a structure used in the provision of services described in the definition of 'Wireless Telecommunications Facilities.'
- 7.11.02.20 "Temporary" means, in relation to all aspects and components of this section, something intended to, or that does not exist for more than ninety (90) days.
- 7.11.02.21 "Tower" means any structure designed primarily to support an antenna for receiving and/or transmitting a wireless signal.
- 7.11.02.22 "Wireless Telecommunications Facilities" means and includes a "Telecommunications Site" and "Personal Wireless Facility". It means a structure, facility or location designed, or intended to be used as, or used to support antennas or other transmitting or receiving devices. This includes without limit, towers of all types and kinds and structures,

including, but not limited to buildings, church steeples, silos, water towers, signs or other structures that can be used as a support structure for antennas or the functional equivalent of such. It further includes all related facilities and equipment such as cabling, equipment shelters and other structures associated with the site. It is a structure and facility intended for transmitting and/or receiving radio, television, cellular, SMR, paging, 911, Personal Communications Services (PCS), commercial satellite services, microwave services and any commercial wireless telecommunication service not licensed by the FCC.

- 7.11.03 Overall Policy and Desired Goals for Conditional Use Permits for Wireless Telecommunications Facilities.
In order to ensure that the placement, construction, and modification of wireless telecommunications facilities does not negatively impact the health and safety of the public, environmental features, the nature and character of the community and neighborhood, and other aspects of the quality of life specifically listed elsewhere in this section, the City hereby adopts an overall policy with respect to a conditional use permit for wireless telecommunications facilities for the express purpose of achieving the following goals:
- 7.11.03.01 Requiring a conditional use permit for any new, co-location or modification of a wireless telecommunications Facility.
 - 7.11.03.02 Implementing an application process for person(s) seeking a conditional use permit for wireless telecommunications facilities.
 - 7.11.03.03 Establishing a policy for examining an application for and issuing a conditional use permit for wireless telecommunications facilities that is both fair and consistent.
 - 7.11.03.04 Promoting and encouraging, wherever possible, the sharing and/or co-location of wireless telecommunications facilities among service providers.
 - 7.11.03.05 Promoting and encouraging, wherever possible, the placement, height and quantity of wireless telecommunications facilities in such a manner, including but not limited to the use of stealth technology, to minimize adverse aesthetic and visual impacts on the land, property, buildings, and other facilities adjacent to, surrounding, and in generally the same area as the requested location of such wireless telecommunications facilities, which shall mean using the least visually and physically intrusive facility that is not technologically or commercially impracticable under the facts and circumstances.
 - 7.11.03.06 That in granting a conditional use permit, the City has found that the facility shall be the most appropriate site insofar as it is the least visually intrusive among those available in the City.
- 7.11.04 Exceptions from a Conditional Use Permit for Wireless Telecommunications Facilities.
- 7.11.04.01 Except as otherwise provided by this ordinance no person shall be permitted to site, place, build, construct, modify or prepare any site for the placement or use of, wireless telecommunications facilities as of the effective date of this ordinance without having first obtained a conditional use permit for wireless telecommunications facilities. Notwithstanding anything to the contrary in this section, no conditional use permit shall be required for those non-commercial exclusions noted in Section 7.11.05.
 - 7.11.04.02 All legally permitted wireless telecommunications facilities, constructed as permitted, existing on or before the effective date of this section shall be allowed to continue as they presently exist, provided however, that any visible modification of an existing Wireless telecommunications Facility will require the complete facility and any new installation to comply with this ordinance.
 - 7.11.04.03 Repair and Maintenance of a Wireless Facility does not require an application for a conditional use permit.

7.11.05 Exclusions.

The following shall be exempt from Section 7.11:

- 7.11.05.01 The City's fire, police, public works or other public service facilities owned and operated by the local government and/or public entities in partnership with the local government.
- 7.11.05.02 Over-the-Air reception Devices including the reception antennas for direct broadcast satellites (DBS), multichannel multipoint distribution (wireless cable) providers (MMDS), television broadcast stations (TVBS) and other customer-end antennas that receive and transmit fixed wireless signals that are primarily used for reception.
- 7.11.05.03 Facilities exclusively for private, non-commercial radio and television reception and private citizen's bands, licensed amateur radio and other similar non-commercial telecommunications.
- 7.11.05.04 Facilities used exclusively for providing unlicensed spread spectrum technology i.e. Bluetooth or a 'Hot Spot', where the facility does not require a new tower, where the service is not to be used for commercial purposes, where there is no fee or charge for the use of the service and where the service is intended to be useable for less than a distance of 200 feet.

7.11.06 Conditional Use Permit Application and Other Requirements

- 7.11.06.01 Unless noted elsewhere in this section, all tower Development permits are governed by the regulations in Article 6: conditional use permits.
- 7.11.06.02 No wireless telecommunications facilities shall be installed, constructed or modified until the application is reviewed and approved by the City, and the conditional use permit has been issued.
- 7.11.06.03 Any and all representations made by the applicant to the City on the record during the application process, whether written or verbal, shall be deemed a part of the application and may be relied upon in good faith by the City.
- 7.11.06.04 The applicant shall include a statement in writing:
 - 1. That the applicant's proposed wireless telecommunications facilities shall be maintained in a safe manner, and in compliance with all conditions of the conditional use permit, without exception, unless specifically granted relief by the City in writing, as well as all applicable and permissible local codes, ordinances, and regulations, including any and all applicable City, State and Federal laws, rules, and regulations;
 - 2. That the construction of the wireless telecommunications facilities is legally permissible, including, but not limited to the fact that the applicant is authorized to do business in the State.
- 7.11.06.05 In addition to all other required information as stated in Section 6 of this ordinance, all applications for the construction or installation of new wireless telecommunications facilities or modification of an existing facility shall contain the information hereinafter set forth.
 - a. A completed City of La Vista Planning and Zoning Application Form;
 - b. A descriptive statement of the objective(s) for the new facility or modification including and expanding on a need such as coverage and/or capacity requirements;
 - c. Documentation that demonstrates and proves the need for the wireless telecommunications facility to provide service primarily and essentially within the City. Such documentation shall include propagation studies of the proposed site and all adjoining planned, proposed, in-service or existing sites that demonstrate a

significant gap in coverage and/or if a capacity need, including an analysis of current and projected usage;

- d. The location of nearest residential structure;
- e. The location, size and height of all existing and proposed structures on the property which is the subject of the application;
- f. The azimuth, size and center-line height location of all proposed and existing antennae on the supporting structure;
- g. The number, type and model of the antenna(s) proposed with a copy of the specification sheet;
- h. The make, model, type and manufacturer of the tower and design plan stating the tower's capacity to accommodate multiple users
- i. A site plan describing the proposed tower and antenna(s) and all related fixtures, structures, appurtenances and apparatus, including height above pre-existing grade, materials, color and lighting;
- j. The frequency, modulation and class of service of radio or other transmitting equipment;
- k. The actual intended transmission power stated as the maximum effective radiated power (ERP) in watts;
- l. Signed documentation such as the "Checklist to Determine Whether a Facility is Categorically Excluded" to verify that the Wireless Telecommunication Facility with the proposed installation will be in full compliance with the current FCC RF Emissions guidelines (NIER). If not categorically excluded, a complete RF Emissions study is required to provide verification;
- m. A signed statement that the proposed installation will not cause physical or RF interference with other telecommunications devices;
- n. A copy of the FCC license applicable for the intended use of the wireless telecommunications facilities;
- o. A copy of the geotechnical sub-surface soils investigation, evaluation report and foundation recommendation for a proposed or existing tower site and if existing tower or water tank site, a copy of the installed foundation design.

7.11.06.06 The applicant will provide a written copy of an analysis, completed by a qualified individual or organization, to determine if the proposed new tower or existing structure intended to support wireless facilities is in compliance with Federal Aviation Administration Regulation Part 77 and if it requires lighting. This requirement shall also be for any existing structure or building where the application increases the height of the structure or building. If this analysis determines that an FAA determination is required, then all filings with the FAA, all responses from the FAA and any related correspondence shall be provided with the application.

7.11.06.07 In the case of a new tower, the applicant shall be required to submit a written report demonstrating its meaningful efforts to secure shared use of existing tower(s) or the use of alternative buildings or other structures within the City. Copies of written requests and responses for shared use shall be provided to the City in the application, along with any letters of rejection stating the reason for rejection.

7.11.06.08 In order to better inform the public, in the case of a new Telecommunication tower, the applicant shall, prior to the public hearing on the application, hold a "balloon test". The applicant shall arrange to fly, or raise upon a temporary mast, a minimum of a three (3) foot in diameter brightly colored balloon at the maximum height of the proposed new tower. The dates, (including a second date, in case of poor visibility on the initial date) times and location of this balloon test shall be advertised by the applicant seven (7) and fourteen (14) days in advance of the first test date in a newspaper with a general circulation in the City. The applicant shall inform the City, in writing, of the dates and times of the test, at least fourteen (14) days in advance. The balloon shall be flown for at least four consecutive hours sometime between 7:00 am and 4:00 pm on the dates chosen. The primary date shall be on a weekend, but in case of poor weather on the initial date, the

secondary date may be on a weekday. A report with pictures from various locations of the balloon shall be provided with the application.

- 7.11.06.09 The applicant shall examine the feasibility of designing the proposed tower to accommodate future demand for at least four (4) additional commercial applications, for example, future co-locations. The tower shall be structurally designed to accommodate at least four (4) additional antenna arrays equal to those of the applicant, and located as close to the applicant's antenna as possible without causing interference. This requirement may be waived, provided that the applicant, in writing, demonstrates that the provisions of future shared usage of the tower is not technologically feasible, is commercially impracticable or creates an unnecessary and unreasonable burden, based upon:
1. The foreseeable number of FCC licenses available for the area;
 2. The kind of wireless telecommunications facilities site and structure proposed;
 3. The number of existing and potential licenses without wireless telecommunications facilities spaces/sites;
 4. Available space on existing and approved towers.
- 7.11.06.10 The owner of a proposed new tower, and his/her successors in interest, shall negotiate in good faith for the shared use of the proposed tower by other Wireless service providers in the future, and shall:
1. Respond within 60 days to a request for information from a potential shared-use applicant;
 2. Negotiate in good faith concerning future requests for shared use of the new tower by other Telecommunications providers;
 3. Allow shared use of the new tower if another Telecommunications provider agrees in writing to pay reasonable charges. The charges may include, but are not limited to, a pro rata share of the cost of site selection, planning, project administration, land costs, site design, construction and maintenance financing, return on equity, less depreciation, and all of the costs of adapting the tower or equipment to accommodate a shared user without causing electromagnetic interference.
 4. Failure to abide by the conditions outlined above may be grounds for revocation of the conditional use permit.
- 7.11.06.11 The applicant shall provide certification with documentation (structural analysis) including calculations that the Telecommunication Facility tower and foundation and attachments, rooftop support structure, water tank structure, and any other supporting structure as proposed to be utilized are designed and will be constructed to meet all local, City, State and Federal structural requirements for loads, including wind and ice loads.
- 7.11.06.12 If the proposal is for a co-location or modification on an existing tower, the applicant is to provide signed documentation of the tower condition such as an ANSI report as per Annex E, tower Maintenance and Inspection Procedures, ANSI/TIA/EIA-222F or most recent version. The inspection report must be performed every three (3) years for a guyed tower and five (5) years for monopoles and self-supporting towers.
- 7.11.06.13 All proposed wireless telecommunications facilities shall contain a demonstration that the Facility will be sited so as to minimize visual intrusion as much as possible, given the facts and circumstances involved and will thereby have the least adverse visual effect on the environment and its character and on the residences in the area of the wireless telecommunications facility.
- 7.11.06.14 If the proposal is for a new tower, an antenna attachment to an existing structure, or modification adding to a visual impact, the applicant shall furnish a Visual Impact Assessment, which shall include:
1. If a new tower or increasing the height of an existing structure is proposed, a computer generated "Zone of Visibility Map" at a minimum of one mile radius from the proposed structure, with and without foliage shall be provided to illustrate locations from which the proposed installation may be seen.

2. Pictorial representations of “before and after” (photo simulations) views from key viewpoints both inside and outside of the City as may be appropriate, including but not limited to State highways and other major roads; parks; other public lands; and from any other location where the site is visible to a large number of visitors, travelers or residents. Guidance will be provided, concerning the appropriate key sites at the pre-application meeting. Provide a map showing the locations of where the pictures were taken and distance from the proposed structure.
 3. A written description of the visual impact of the proposed facility including; and as applicable the tower base, guy wires, fencing and accessory buildings from abutting and adjacent properties and streets as relates to the need or appropriateness of screening.
- 7.11.06.15 The applicant shall demonstrate and provide in writing and/or by drawing how it shall effectively screen from view the base and all related equipment and structures of the proposed wireless telecommunications facility.
- 7.11.06.16 The wireless telecommunications facility and any and all accessory or associated facilities shall maximize the use of building materials, colors and textures designed to blend with the structure to which it may be affixed and/or to harmonize with the natural surroundings, this shall include the utilization of stealth or concealment technology as may be required by the City.
- 7.11.06.17 All utilities at a wireless telecommunications facilities site shall be installed underground whenever possible and in compliance with all laws, ordinances, rules and regulations of the City, including specifically, but not limited to, the National Electrical Safety Code and the National Electrical Code where appropriate.
- 7.11.06.18 At a Telecommunications Site, an access road, turn-around space and parking shall be provided to assure adequate emergency and service access. Maximum use of existing roads, whether public or private, shall be made to the extent practicable. Road construction shall at all times minimize ground disturbance and the cutting of vegetation. Road grades shall closely follow natural contours to assure minimal visual disturbance and reduce soil erosion.
- 7.11.06.19 All wireless telecommunications facilities shall be constructed, operated, maintained, repaired, provided for removal of, modified or restored in strict compliance with all current applicable technical, safety and safety-related codes adopted by the City, State, or United States, including but not limited to the most recent editions of the ANSI Code, National Electrical Safety Code and the National Electrical Code, as well as accepted and responsible workmanlike industry practices and recommended practices of the National Association of tower Erectors. The codes referred to are codes that include, but are not limited to, construction, building, electrical, fire, safety, health, and land use codes. In the event of a conflict between or among any of the preceding the more stringent shall apply.
- 7.11.06.20 A holder of a conditional use permit granted under this ordinance shall obtain, at its own expense, all permits and licenses required by applicable law, rule, regulation or code, and must maintain the same, in full force and effect, for as long as required by the City or other governmental entity or agency having jurisdiction over the applicant.
- 7.11.06.21 There shall be a pre-application meeting. The purpose of the pre-application meeting will be to address issues that will help to expedite the review and permitting process. A pre-application meeting shall also include a site visit if there has not been a prior site visit for the requested site.
- 7.11.06.22 An applicant shall submit to the City the number of completed applications determined to be needed at the pre-application meeting. Written notification of the application shall be provided to the legislative body of all adjacent municipalities as applicable and/or requested.

- 7.11.06.23 The holder of a conditional use permit shall notify the City of any intended modification of a wireless telecommunication facility and shall apply to the City to modify, relocate or rebuild a wireless telecommunications facility.

7.11.07 Location of Wireless Telecommunications Facilities

- 7.11.07.01 Applicants for wireless telecommunications facilities shall locate, site and erect said wireless telecommunications facilities in accordance with the following priorities, one (1) being the highest priority and six (6) being the lowest priority.
1. On existing towers or other structures on city owned properties, including the right-of-way.
 2. On existing towers or other structures on other property in the City
 3. A new tower on City-owned properties
 4. A new tower on properties in areas zoned for Heavy Industrial use
 5. A new tower on properties in areas zoned for Light Industrial use
 6. A new tower on properties in areas zoned for Transitional Agricultural use
- 7.11.07.02 If the proposed site is not proposed for the highest priority listed above, then a detailed explanation must be provided as to why a site of a higher priority was not selected. The person seeking such an exception must satisfactorily demonstrate the reason or reasons why such a permit should be granted for the proposed site, and the hardship that would be incurred by the applicant if the permit were not granted for the proposed site.
- 7.11.07.03 An applicant may not by-pass sites of higher priority by stating the site proposed is the only site leased or selected. An application shall address co-location as an option. If such option is not proposed, the applicant must explain to the reasonable satisfaction of the City why co-location is commercially or otherwise impracticable. Agreements between providers limiting or prohibiting co-location shall not be a valid basis for any claim of commercial impracticability or hardship.
- 7.11.07.04 Notwithstanding the above, the City may approve any site located within an area in the above list of priorities, provided that the City finds that the proposed site is in the best interest of the health, safety and welfare of the City and its inhabitants and will not have a deleterious effect on the nature and character of the community and neighborhood.
- 7.11.07.05 The applicant shall submit a written report demonstrating the applicant's review of the above locations in order of priority, demonstrating the technological reason for the site selection. If appropriate, based on selecting a site of lower priority, a detailed written explanation as to why sites of a higher priority were not selected shall be included with the application.
- 7.11.07.06 Notwithstanding that a potential site may be situated in an area of highest priority or highest available priority, the City may disapprove an application for any of the following reasons.
1. Conflict with safety and safety-related codes and requirements;
 2. Conflict with the nature or character of a neighborhood or district;
 3. The use or construction of wireless telecommunications facilities which is contrary to an already stated purpose of a specific zoning or land use designation;
 4. The placement and location of wireless telecommunications facilities which would create an unacceptable risk, or the reasonable probability of such, to residents, the public, employees and agents of the City, or employees of the service provider or other service providers;
 5. Conflicts with the provisions of this ordinance.

7.11.08 Shared Use of Wireless Telecommunications Facilities and Other Structures

- 7.11.08.01 The City, as opposed to the construction of a new tower, shall prefer locating on existing towers or others structures without increasing the height. The applicant shall submit a comprehensive report inventorying existing towers and other suitable structures within two (2) miles of the location of any proposed new tower, unless the applicant can show that some other distance is more reasonable and demonstrate conclusively why an existing tower or other suitable structure cannot be used.
- 7.11.08.02 An applicant intending to locate on an existing tower or other suitable structure shall be required to document the intent of the existing owner to permit its use by the applicant.
- 7.11.08.03 Such shared use shall consist only of the minimum antenna array technologically required to provide service primarily and essentially within the City, to the extent practicable, unless good cause is shown.

7.11.09 Height of Telecommunications Tower(s)

- 7.11.09.01 The applicant shall submit documentation justifying the total height of any tower, facility and/or antenna requested and the basis therefore. Documentation in the form of propagation studies must include all backup data used to perform at requested height and a minimum of ten (10') feet lower height to allow verification of this height need. Such documentation will be analyzed in the context of the justification of the height needed to provide service primarily and essentially within the City, to the extent practicable, unless good cause is shown.
- 7.11.09.02 No tower constructed after the effective date of this section, including allowing for all attachments, shall exceed that height which shall permit operation without required artificial lighting of any kind in accordance with City, State, and/or any Federal statute, law, local law, city ordinance, code, rule or regulation.

7.11.10 Visibility of Wireless Telecommunications Facilities.

- 7.11.10.01 Wireless telecommunications facilities shall not be artificially lighted or marked, except as required by law.
- 7.11.10.02 Towers shall be galvanized and/or painted with a rust-preventive paint of an appropriate color to harmonize with the surroundings and shall be maintained in accordance with the requirements of this ordinance.
- 7.11.10.03 If lighting is required, applicant shall provide a plan for sufficient lighting of as unobtrusive and inoffensive an effect as is permissible under State and Federal regulations.

7.11.11 Security of Wireless Telecommunications Facilities.

- 7.11.11.01 All wireless telecommunications facilities and antennas shall be located, fenced or otherwise secured in a manner that prevents unauthorized access. Specifically:
1. All antennas, towers and other supporting structures, including guy anchor points and wires, shall be made inaccessible to individuals and constructed or shielded in such a manner that they cannot be climbed or collided with; and
 2. Transmitters and telecommunications control points shall be installed in such a manner that they are readily accessible only to persons authorized to operate or service them.

7.11.12 Signage

- 7.11.12.01 Wireless telecommunications facilities shall contain a sign no larger than four (4) square feet in order to provide adequate notification to persons in the immediate area of the presence of RF radiation or to control exposure to RF radiation within a given area. A sign

of the same size is also to be installed to contain the name(s) of the owner(s) and operator(s) of the antenna(s) as well as emergency phone number(s). The sign shall be on the equipment shelter or cabinet of the applicant and be visible from the access point of the site and must identify the equipment owner of the shelter or cabinet. On tower sites, an FCC registration site as applicable is also to be present. The signs shall not be lighted, unless applicable law, rule or regulation requires lighting. No other signage, including advertising, shall be permitted.

7.11.13 Lot Size and Setbacks

- 7.11.13.01 All proposed towers and any other proposed wireless telecommunications facility structures shall be set back from abutting parcels, recorded rights-of-way and road and street lines by the greater of the following distances: A distance equal to the height of the proposed tower or wireless telecommunications Facility structure plus ten percent (10%) of the height of the tower or structure, or the existing setback requirement of the underlying zoning district, whichever is greater. Any accessory structure shall be located so as to comply with the applicable minimum setback requirements for the property on which it is situated.

7.11.14 Retention of Expert Assistance and Reimbursement by applicant

- 7.11.14.01 The City may hire any consultant and/or expert necessary to assist the City in reviewing and evaluating the application, including the construction and modification of the site, once permitted, and any site inspections.

7.11.15 Application Fee

At the time that a person submits an application for a conditional use permit for a new tower, such person shall pay a non-refundable fee as established in the Master Fee Schedule.

7.11.16 Performance Security

The applicant and the owner of record of any proposed wireless telecommunications facilities property site shall, at its cost and expense, be jointly required to execute and file with the City a bond, or other form of security acceptable to the City as to type of security and the form and manner of execution, in an amount of at least \$75,000.00 for a tower facility and \$25,000 for a co-location on an existing tower or other structure and with such sureties as are deemed sufficient by the City to assure the faithful performance of the terms and conditions of this ordinance and conditions of any conditional use permit issued pursuant to this ordinance. The full amount of the bond or security shall remain in full force and effect throughout the term of the conditional use permit and/or until any necessary site restoration is completed to restore the site to a condition comparable to that, which existed prior to the issuance of the original conditional use permit.

7.11.17 Reservation of Authority to Inspect Wireless Telecommunications Facilities

In order to verify that the holder of a conditional use permit for wireless telecommunications facilities and any and all lessees, renters, and/or licensees of wireless telecommunications facilities, place and construct such facilities, including towers and antennas, in accordance with all applicable technical, safety, fire, building, and zoning codes, laws, ordinances and regulations and other applicable requirements, the City may inspect all facets of said permit holder's, renter's, lessee's or licensee's placement, construction, modification and maintenance of such facilities, including, but not limited to, towers, antennas and buildings or other structures constructed or located on the permitted site.

7.11.18 Liability Insurance

- 7.11.18.01 A holder of a conditional use permit for wireless telecommunications facilities shall secure and at all times maintain public liability insurance for personal injuries, death and property damage, and umbrella insurance coverage, for the duration of the conditional use permit in amounts as set forth below:
1. Commercial General Liability covering personal injuries, death and property damage: \$1,000,000 per occurrence/\$2,000,000 aggregate;
 2. Automobile Coverage: \$1,000,000 per each accident;
 3. Workers Compensation and Disability: Statutory amounts
- 7.11.18.02 For a wireless telecommunications facility on City property, the Commercial General Liability insurance policy shall specifically include the City and its officers, Councils, employees, committee members, attorneys, agents and consultants as additional insureds.
- 7.11.18.03 The insurance policies shall be issued by an agent or representative of an insurance company licensed to do business in the State and with a Best's rating of at least A.
- 7.11.18.04 The insurance policies shall contain an endorsement obligating the insurance company to furnish the City with at least ten (10) days prior written notice in advance of the cancellation of the insurance for non-payment or 60 days for all other reasons.
- 7.11.18.05 Renewal or replacement policies or certificates shall be delivered to the City at least fifteen (15) days before the expiration of the insurance that such policies are to renew or replace.
- 7.11.18.06 Before construction of a permitted wireless telecommunications facilities is initiated, but in no case later than fifteen (15) days after the granting of the conditional use permit, the holder of the conditional use permit shall deliver to the City a copy of each of the policies or certificates representing the insurance in the required amounts.

7.11.19 Indemnification

- 7.11.19.01 Any application for wireless telecommunication facilities that is proposed for City property, pursuant to this ordinance, shall contain a provision with respect to indemnification. Such provision shall require the applicant, to the extent permitted by the law, to at all times defend, indemnify, protect, save, hold harmless, and exempt the City, and its officers, Councils, employees, committee members, attorneys, agents, and consultants from any and all penalties, damages, costs, or charges arising out of any and all claims, suits, demands, causes of action, or award of damages, whether compensatory or punitive, or expenses arising therefrom, either at law or in equity, which might arise out of, or are caused by, the placement, construction, erection, modification, location, products performance, use, operation, maintenance, repair, installation, replacement, removal, or restoration of said Facility, excepting, however, any portion of such claims, suits, demands, causes of action or award of damages as may be attributable to the negligent or intentional acts or omissions of the City, or its servants or agents. With respect to the penalties, damages or charges referenced herein, reasonable attorneys' fees, consultants' fees, and expert witness fees are included in those costs that are recoverable by the City.
- 7.11.19.02 Notwithstanding the requirements noted in Section 7.11.19.01, an indemnification provision will not be required in those instances where the City itself applies for and secures a conditional use permit for wireless telecommunications facilities.

7.11.20 Default and/or Revocation.

If a Wireless telecommunications Facility is repaired, rebuilt, placed, moved, re-located, modified or maintained in a way that is inconsistent or not in compliance with the provisions of this ordinance or of the conditional use permit, then the City shall notify the holder of the conditional use permit in writing of such violation. A permit holder in violation may be considered in default and subject to fines as in Section 25 and

if a violation is not corrected to the satisfaction of the City in a reasonable period of time the conditional use permit is subject to revocation.

7.11.21 Removal of Wireless Telecommunications Facilities.

- 7.11.21.01 Under the following circumstances, the City may determine that the health, safety, and welfare interests of the City warrant and require the removal of wireless telecommunications facilities.
1. Wireless telecommunications facilities with a permit have been abandoned (i.e. not used as wireless telecommunications facilities) for a period exceeding ninety consecutive (90) days or a total of one hundred-eighty (180) days in any three hundred-sixty five (365) day period, except for periods caused by force majeure or Acts of God, in which case, repair or removal shall commence within 90 days;
 2. Permitted wireless telecommunications facilities fall into such a state of disrepair that it creates a health or safety hazard;
 3. Wireless telecommunications facilities have been located, constructed, or modified without first obtaining, or in a manner not authorized by, the required conditional use permit, or any other necessary authorization and the conditional use permit may be revoked.
- 7.11.21.02 If the City makes such a determination as noted in Section 7.11.21.01, then the City shall notify the holder of the conditional use permit for the wireless telecommunications facilities within forty-eight (48) hours that said wireless telecommunications facilities are to be removed, the City may approve an interim temporary use agreement/permit, such as to enable the sale of the wireless telecommunications facilities.
- 7.11.21.03 The holder of the conditional use permit, or its successors or assigns, shall dismantle and remove such wireless telecommunications facilities, and all associated structures and facilities, from the site and restore the site to as close to its original condition as is possible, such restoration being limited only by physical or Commercial Impracticability, within ninety (90) days of receipt of written notice from the City. However, if the owner of the property upon which the wireless telecommunications facilities are located wishes to retain any access roadway to the wireless telecommunications facilities, the owner may do so with the approval of the City.
- 7.11.21.04 If wireless telecommunications facilities are not removed or substantial progress has not been made to remove the wireless telecommunications facilities within ninety (90) days after the permit holder has received notice, then the City may order officials or representatives of the City to remove the wireless telecommunications facilities at the sole expense of the owner or conditional use permit holder.
- 7.11.21.05 If, the City removes, or causes to be removed, wireless telecommunications facilities, and the owner of the wireless telecommunications facilities does not claim and remove it from the site to a lawful location within ten (10) days, then the City may take steps to declare the wireless telecommunications facilities abandoned, and sell them and their components.
- 7.11.21.06 Notwithstanding anything in this Section to the contrary, the City may approve a temporary use permit/agreement for the wireless telecommunications facilities, for no more ninety (90) days, during which time a suitable plan for removal, conversion, or re-location of the affected wireless telecommunications facilities shall be developed by the holder of the conditional use permit, subject to the approval of the City, and an agreement to such plan shall be executed by the holder of the conditional use permit and the City. If such a plan is not developed, approved and executed within the ninety (90) day time period, then the City may take possession of and dispose of the affected wireless telecommunications facilities in the manner provided in this Section.

7.11.22 Relief

Any applicant desiring relief, waiver or exemption from any aspect or requirement of this ordinance may request such, provided that the relief or exemption is contained in the submitted application for either a conditional use permit, or in the case of an existing or previously granted conditional use permit a request for modification of its tower and/or facilities. Such relief may be temporary or permanent, partial or complete. However, the burden of proving the need for the requested relief, waiver or exemption is solely on the applicant to prove. The applicant shall bear all costs of the City in considering the request and the relief, waiver or exemption. No such relief or exemption shall be approved unless the applicant demonstrates by clear and convincing evidence that, if granted the relief, waiver or exemption will have no significant affect on the health, safety and welfare of the City, its residents and other service providers.

7.11.23 Periodic Regulatory Review by the City

- 7.11.23.01 The City may at any time conduct a review and examination of this entire ordinance.
- 7.11.23.02 If after such a periodic review and examination of this ordinance, the City determines that one or more provisions of this ordinance should be amended, repealed, revised, clarified, or deleted, then the City may take whatever measures are necessary in accordance with applicable law in order to accomplish the same. It is noted that where warranted, and in the best interests of the City, the City may repeal this entire ordinance at any time.
- 7.11.23.03 Notwithstanding the provisions of Sections 7.11.23.01 and 7.11.23.02, the City may at any time and in any manner (to the extent permitted by Federal, State, or local law), amend, add, repeal, and/or delete one or more provisions of this ordinance.

7.11.24 Adherence to State and/or Federal Rules and Regulations

- 7.11.24.01 To the extent that the holder of a conditional use permit for wireless telecommunications facilities has not received relief, or is otherwise exempt, from appropriate State and/or Federal agency rules or regulations, then the holder of such a conditional use permit shall adhere to, and comply with, all applicable rules, regulations, standards, and provisions of any State or Federal agency, including, but not limited to, the FAA and the FCC. Specifically included in this requirement are any rules and regulations regarding height, lighting, security, electrical and RF emission standards.
- 7.11.24.02 To the extent that applicable rules, regulations, standards, and provisions of any State or Federal agency, including but not limited to, the FAA and the FCC, and specifically including any rules and regulations regarding height, lighting, and security are changed and/or are modified during the duration of a conditional use permit for wireless telecommunications facilities, then the holder of such a conditional use permit shall conform the permitted wireless telecommunications facilities to the applicable changed and/or modified rule, regulation, standard, or provision within a maximum of twenty-four (24) months of the effective date of the applicable changed and/or modified rule, regulation, standard, or provision, or sooner as may be required by the issuing entity.

Section 7.12 Fences

No fence shall be constructed within the zoning jurisdiction of the City of La Vista unless a permit therefore is approved and issued by the Chief Building Official, and is constructed in conformance with the following requirements:

- 7.12.01 The height limitation for fences shall be six feet (6') above ground level except as provided herein.
 - 7.12.01.01 A fence constructed within a front yard of a residential lot and vegetation used as a barrier, screen, or fence along and parallel to the front line of a residential lot, shall not exceed forty-two (42) inches in height.
 - 7.12.01.02 A fence constructed within the portion of a side yard of a residential lot that lies in front of a line extending perpendicularly from the side lot line to the front corner of the structure that is closest to such side lot line, shall not exceed four feet (4') in height, except that if

- the lot is located on a corner, as defined in Article 2 of this Ordinance, a fence constructed within a side yard along the side lot line which is adjacent to a street shall not exceed six feet (6') in height.
- 7.12.01.03 *The height limitation for fences in an Industrial District shall be eight feet (8') above ground level. Where it is demonstrated that for security purposes the perimeter fencing around a plant or building located in an area zoned as an Industrial District must be higher than eight feet (8') in height may be approved through a Conditional Use Permit (Ordinance No. 1124, 07-20-10)*
- 7.12.01.04 Fences constructed along and parallel to lot lines separating a residential lot from property located in a Commercial or Industrial District shall not exceed eight feet (8') in height.
- 7.12.01.05 Fences constructed along and parallel to rear and side lot lines adjoining arterial streets, as designated by the Nebraska Department of Roads, shall not exceed eight feet (8') in height.
- 7.12.02 Fences located within a front or side yard of a residential lot must qualify within the definition of an open fence, except that solid fences may be constructed along a side lot line parallel and adjacent to the lot line that is adjacent to a Commercial District or an Industrial District. A solid fence may be constructed in a side yard parallel and adjacent to the lot line that is adjacent to a street.
- 7.12.03 No fence or vegetation shall be situated or constructed in such a way as to obstruct the vehicular traffic or otherwise create a traffic safety hazard.
- 7.12.04 The use of barbed wire in the construction of any fence is prohibited except:
- 7.12.04.01 Perimeter security fencing of buildings constructed in an Industrial District. The plans and specifications for any such fencing must be approved by the City before commencement of construction.
- 7.12.04.02 Farm fencing constructed for agricultural purposes on parcels of land twenty (20) acres or more in the Transitional Agricultural District.
- 7.12.05 All supporting posts for fence construction shall be set in concrete except for agricultural fencing.
- 7.12.06 All fences shall be maintained in good repair.
- 7.12.07 All fences shall be located inside the boundaries of the property upon which constructed except where two (2) adjacent property owners pursuant to written agreement filed with the City agree to build one (1) fence on the common lot line of adjacent side yards or back yards.
- 7.12.08 Electric Fences. No electric fence shall be constructed or maintained within the City of La Vista or within its extraterritorial zoning jurisdiction except in TA-Transitional Agriculture District as hereinafter provided. An owner or lessee of such property may, upon application to the City and approval by the Chief Building Official, maintain electrified fencing provided same shall not be energized to the extent that it is capable of causing bodily harm to persons, be they children or adults, or to animals. Before the Chief Building Official shall approve any electrified fencing, he shall determine that non-electrified fencing will not adequately protect the owner's property and the owner's application for approval of electrified fencing shall set forth in detail the reasons why non-electrified fencing will not adequately protect his property.
- 7.12.09 Facing. The finished surface of all fences shall face toward adjoining property or street frontage. However, in the case of two (2) or more property owners wishing to share a common fence line between their properties, said property owners shall jointly determine upon which side of the common fence line the finished face of the fence shall be placed. Such determination shall be consistent for the entire length of the common fence line.
- 7.12.10 Perimeter Fencing. All fencing along an arterial or other perimeter road or street in a subdivision shall be consistent in style, type, material, height and color. Such fence shall be approved by the City based upon existing subdivision and adjacent subdivisions. If not prescribed within the subdivision agreement to be installed all at once, each fence shall require a fence permit and be consistent with the first fence on the perimeter, or in the case of an established subdivision, replacement fences shall be consistent with the dominant fence style, type, material, height, and color. Such requirements shall also pertain to street side yard fencing of lots on the corner of the subdivision entrance(s). (Ordinance No. 1007, 9-19-06)

7.12.11 Any existing fence constructed pursuant to a permit issued and approved by the City of La Vista which was in conformity with the prior to the provisions of this Ordinance may remain without change in accordance with this section notwithstanding same may be in conflict with one (1) or more provisions of this section as amended; provided, however, and replacement or change of said existing fence or addition of a new fence, must hereby meet the requirements of this section as amended hereby.

Section 7.13 Storage or parking of vehicles, boats, campers and trailers

No lot, parcel or tract of land or part thereof, situated within the zoning jurisdiction of the City of La Vista shall be used for any of the following:

- 7.13.01 The storage or keeping of motor vehicles not having a property issued current motor vehicle registration and current motor vehicle license plate property displayed; provided, however, that the following shall not constitute a violation of this subparagraph.
- 7.13.01.01 The storage of unlicensed and/or unregistered motor vehicles in a fully enclosed garage.
- 7.13.01.02 The storage or keeping of operable off-highway farm or industrial vehicles on tracts zoned Transitional Agricultural Residence (TA) or any Industrial District and used in agricultural or industrial activity conducted on said premises.
- 7.13.01.03 The storage of not more than one (1) passenger type motor vehicle in good operable condition and shielded from view of the general public by a manufactured and fitted vehicle cover and located on a hard surfaced driveway pursuant to a permit to so store obtained from the City Clerk which permit shall be issued for a fee as established in the Master Fee Schedule to the applicant and shall:
1. Be issued for a period not to exceed six (6) months and shall be renewable upon application for like periods as long as such storage is in all respects in compliance herewith.
 2. Identify the vehicle by make, year of manufacture, model and manufacturer's identification number;
 3. State the reason the vehicle does not bear a current registration and license;
 4. Require owner to prove continued operability of the vehicle upon request of the Police Department; and
 5. Contain the property owner's and vehicle owner's consent for the City and its agents to enter upon the premises and vehicle for purpose of determining continued operability of the vehicle; and shall be revocable upon owner's failure to comply with any of the terms thereof.
- 7.13.02 The storage, keeping or abandonment of parts, including scrap metals, from motor vehicles or machinery, or parts thereof, except in enclosed buildings or garages or where otherwise authorized by the La Vista zoning regulations.
- 7.13.03 Parking, storage, or keeping, other than in a fully enclosed garage, of any non-operable motor vehicle on any lot zoned residential, provided, however, that automobiles that are non-operable solely by reasons of repair work being done thereon may be parked on residential lots within the La Vista zoning jurisdiction occupied by the owner of said automobile, under the following conditions:
- 7.13.03.01 The automobile is owned by the occupier of the premises and registered to him/her at that address.
- 7.13.03.02 The period of said repair work does not exceed ten (10) days in duration;
- 7.13.03.03 Said repair work is at all times conducted on a hard surface driveway; and
- 7.13.03.04 No more than one (1) automobile in need of repair is situated on the premises at the same time.

Before the City removes a vehicle suspected of violation hereof by reason of it being inoperable the City shall give the owner of the premises upon which the offending vehicle is situated a seventy-two (72) hour warning notice which may be given by either tagging the motor vehicle or by sending notice by regular mail, postage prepaid, to the occupier of the premises upon which the motor vehicle is situated. Any motor vehicle not removed from the premises within such seventy-two (72) hour period shall be presumed to be inoperable and may thereafter be removed by the City. If he chooses, the owner may demonstrate operability of the vehicle by making special arrangements with the La Vista Police Department to demonstrate within said seventy-two (72) hour period. The operability of the vehicle and, if such operability is satisfactorily demonstrated, the automobile need not be removed.

- 7.13.04 No motor vehicle as defined by section 60-301 of Nebraska State Statutes (or boat, camper or trailer in excess of 15 feet in length or 10 feet in height) shall be parked in the front, side or rear yard of any lot zoned

residential except on paved driveways or other hard surfaced areas as designed and provided for in Article 2; provided that;

Boats, campers, trailers or any combination thereof not exceeding two (2) may be parked in the side or rear yard of lots zoned residential from October through April of each year without being parked on a hard surface. A camper or boat situated on a trailer shall be considered as one (1) vehicle.

Said boats, campers and trailers together with accessory structures shall not occupy more than thirty-five percent (35%) of the required rear yard.

Notwithstanding the foregoing, it shall be permissible to park motor vehicles in the yards of residential lots on areas which are not paved as driveways or otherwise hard surfaced for a period not to exceed seventy-two (72) hours, when on-street parking is illegal by reason of Section 5-708 of this code and as allowed by special permit to accommodate temporary guests or visitors for no more than fourteen (14) days. Any motor vehicle, boat, camper or trailer parked, stored or kept in violation of the provisions hereof may be removed by the City. All towing, storage and other costs of removal pursuant to this section shall be solely at the expense of the owner of the premises from which the vehicle, boat, camper or trailer is situated, and if the owner is different than the occupier of the premises, then both owner and occupier shall be jointly and severally liable. In addition, the City, upon certifying the same to the county treasurer, shall have a lien against the premises in the full amount of such removal costs, together with interest at the highest legal rate that the City is authorized by law to collect on special assessments.

Section 7.14 Keeping of Animals

Animals may be kept within the zoning jurisdiction of the City of La Vista subject to the following restrictions:

- 7.14.01 No bees or livestock including but not limited to sheep, goats, cattle or swine shall be allowed within residential or commercial zoning districts.
- 7.14.02 No bird or fowl shall be allowed within residential or commercial zoning districts. Grandfather rights shall be granted upon application to the City so that this section will not apply to bird or fowl owned, kept or harbored prior to the original effect date of this section, subject to the following conditions:
 - 7.14.02.01 No more than two (2) fowl of any one (1) species or a total of more than five (5) fowl shall be allowed on any one (1) residence or dwelling unit. All fowl shall be confined to the premises of the residence or dwelling unit of the person owning, keeping or harboring such fowl.
 - 7.14.02.02 No fee will be charged for filing the permit application.
 - 7.14.02.03 The permit application must be filed on or before October 1, 1981.
 - 7.14.02.04 The rights granted under any such permit shall not be transferable to a replacement fowl.
- 7.14.03 Horses and other members of the horse family shall be allowed on any piece of property zoned Transitional Agricultural (TA) and containing at least one (1) acre of land. One (1) such animal is allowed on the first (1st) acre and an additional animal is allowed for each additional two (2) acres of land.
- 7.14.04 The keeping of dogs, cats, rabbits, pigeons and household pets shall be permitted accessory use in residential and commercial districts subject to the regulations for kennels as defined in Article 2 of this Ordinance and the provision found in Title 9, Chapter 95 of the La Vista Municipal Code. For the purposes of this section, a "household pet" is any animal or creature kept inside a residential dwelling not outside, and in no event shall include any of the following: any live monkey (non-human primate), raccoon, skunk, fox, poisonous or dangerous insect or reptile, leopard, panther, tiger, lion, lynx, or any other warm-blooded animal which can normally be found in the wild state. The keeping of pigeons is subject to the following conditions.
 - 7.14.04.01 Such birds shall be banded with some form of identification.
 - 7.14.04.02 Such birds shall be confined in sanitary, secure structures subject to inspection and approval by the City of La Vista.
 - 7.14.04.03 No more than ten (10) such birds shall be allowed on any one (1) piece of property.
 - 7.14.04.04 Trained pigeons may be exercised under supervision of owner or trainer and be trained to recall on command.
 - 7.14.04.05 A permit for the keeping of such birds shall be obtained from the City of La Vista.
- 7.14.05 The restrictions contained in this Section 7.14 shall not apply to any pet store or veterinary services.

Section 7.15 Solar Energy Conversion Systems

Solar Energy Conversion Systems (SECS) are permitted in all zoning districts as an accessory use to any lawfully permitted principal use on the same lot upon issuance of the proper permit and upon compliance with all requirements of this section and as elsewhere specified in this Ordinance. Building-integrated solar energy systems, as defined in this Ordinance, are not considered an accessory use and are not subject to the requirements of this Section.

7.15.01 Height and Lot Requirements: Solar Energy Conversion Systems (SECS) shall conform to the required height and lot requirements provide herein:

- 7.15.01.01 Building-Mounted SECS that are attached to a building on a lot shall comply with the height, front, side, rear yard, and max. building coverage requirements of the building to which they are attached, except as otherwise allowed in Section 7.15.01.04.
- 7.15.01.02 For a Building-Mounted SECS installed on a sloped roof that faces the front yard of a lot, the system must be installed at the same angle as the roof on which it is installed with a maximum distance, measured perpendicular to the roof, of eighteen (18) inches between the roof and highest edge or surface of the system.
- 7.15.01.03 For a Building-Mounted SECS installed on a sloped roof, the highest point of the system shall not exceed the highest point of the roof to which it is attached.
- 7.15.01.04 For a Building-Mounted SECS installed on a flat roof, the highest point of the system shall be permitted to extend up to six (6) feet above the roof to which it is attached, and the system shall not extend horizontally past the roof line.
- 7.15.01.05 Ground-Mounted SECS may be located only in the required rear yard as Permitted Accessory Uses. Ground-Mounted SECS may be located outside of the rear yard, but behind the front building line, with an approved Conditional Use Permit.
- 7.15.01.06 Ground-Mounted SECS shall conform to the height and lot requirements for Accessory Buildings in the zoning district in which the system is to be constructed, except that the system may not exceed 12-feet in height.
- 7.15.01.06 Ground-Mounted SECS shall only be permitted in the following districts, subject to the requirements in this Ordinance: TA, R-1, R-2, R-3, R-4, I-1, I-2, and R-M.

7.15.02 Structural Requirements: The physical structure and connections to existing structures shall conform to the applicable City of La Vista Building Codes.

7.15.03 Permit Requirements: Before any construction or installation on any SECS system shall commence, a permit issued by the Building Department of the City of La Vista shall be obtained to document compliance with this Ordinance.

- 7.15.03.01 A permit fee shall be required, and the amount shall be established in the Master Fee Schedule.
- 7.15.03.02 The application for a permit shall be accompanied by a plot plan drawn to scale showing property lines, existing structures on the lot, proposed solar panel location with respect to property lines, and dimensions of the proposed solar panel.

7.15.04 Inspection, Safety, Abandonment, and Removal: The **Chief Building Official** and Fire Marshall reserve the right to inspect a SECS for building or fire code compliance and safety. If upon inspection the **Chief Building Official** or Fire Marshall determine that a fire code or building code violation exists, that the system has been abandoned, or that the system otherwise poses a safety hazard to persons or property, the **Chief Building Official** or Fire Marshall may order the owner to repair or remove the system within a reasonable time. Such an order shall be in writing, shall

offer the option to repair, shall specify the code violation or safety hazard found and shall notify the owner of his or her right to appeal such determination. If the owner fails to repair or remove a SECS as ordered, and any appeal rights have been exhausted, an employee or independent contractor with the City of La Vista may enter the property, remove the system and charge the owner for all costs and expenses of removal, including reasonable attorney's fees or pursue other legal action to have the system removed at the owner's expense. In addition to any other available remedies, any unpaid costs resulting from the City of La Vista's removal of a vacated abandoned or de-commissioned SECS shall constitute a lien upon the property against which the costs were charged. Legal counsel of the City of La Vista shall institute appropriate action for the recovery of such cost, plus attorney's fees. A SECS shall be deemed abandoned or defective by the City of La Vista if it is out of use for a period of 12 months or more, at which time the property owner shall have six months to return the system back to service, or complete decommissioning of the SECS. Decommissioning includes the removal of the SECS, all associated equipment, footings and foundation system, and wiring. Upon removal, such property shall be returned to the same conditions that existed before the installation of the system.

7.15.05 Preexisting SECS: Section 7.15 of this Ordinance applies to Solar Energy Conversion Systems (SECS) installed and constructed after December 17, 2019. Any upgrade, modification or structural change that materially alters the size or placement of an existing SECS system shall comply with the provisions of this Ordinance.

7.15.06 Signage and/or Graphic Content: No signage or graphic content may be displayed on the solar PV system except the manufacturer's badge, safety information and equipment specification information. Said information shall be depicted within an area no more than thirty-six (36) square inches in size.

Deleted: .

7.15.07 Screening and Visibility: Placement of SECS shall be prioritized in such a way that will minimize or negate any solar glare onto nearby properties and roadways. SECS are subject to the following:

- 7.15.07.01 All SECS using a reflector to enhance solar production must minimize glare from the reflector that affects adjacent or nearby properties. Measures to minimize nuisance glare include selective placement of the system, screening on the north and south sides of the SECS, modifying the orientation of the system, reducing use of the solar reflector system, or other remedies that limit glare.
- 7.15.07.02 All SECS appurtenances, including, but not limited to, plumbing, water tanks and support equipment, shall be of a color that is complementary to the site location, and shall be screened to the extent reasonably feasible without compromising the effectiveness of the solar collectors. SECS shall comply with any applicable Design Guidelines of the appropriate district.
- 7.15.07.03 Building-mounted systems mounted on a flat roof shall require screening as to not be visible from elevation-perspective view. This can be accomplished with architectural screening such as a building parapet or by setting the system back from the roof edge in such a manner that the solar PV system is not visible from the public right-of-way.

Section 7.16 Performance Standards for Industrial Uses

The following standards shall be met unless there are greater standards required by the United States Environmental Protection Agency or the Nebraska Department of Environmental Quality.

- 7.16.01 Physical Appearance:** All operations shall be carried on within an enclosed building except that new materials or equipment in operable condition may be *displayed or* stored in the open, *if the applicable zoning district permits*. Normal daily wastes of an inorganic nature may be stored in containers not in a building when such containers are not readily visible from a street. The provisions of this paragraph shall not be construed to prohibit the display of merchandise or vehicles for sale or the *outdoor* storage of vehicles, boats, farm machinery, trailers, mobile homes, or similar equipment when in operable condition. *However, allowable outdoor storage or display shall be visually screened from public roadways and residential properties. (Ordinance No. 1053, 01-15-08)*

- 7.16.02 **Fire hazard:** No operation shall involve the use of highly flammable gasses, acid, liquids, grinding processes, or other inherent fire hazards. This provision shall not be construed to prohibit the use of normal heating fuels, motor fuels and welding gasses when handled in accordance with other regulations of the City of La Vista.
- 7.16.03 **Noise:** No operation shall be carried on which involves noise in excess of the normal traffic noise of the adjacent street at the time of the daily peak hour of traffic volume *or in excess of eighty (80) decibels, whichever is greater. (Ordinance No. 858, 3-5-02)*. Noise shall be measured at the property line, with a suitable instrument. *(Ordinance No. 1053, 01-15-08)*
- 7.16.04 **Sewage and Liquid Wastes:** No operation shall be carried on which involves the discharge *of waste* into a *stormsewer*, surface water, or the ground, *nor shall hazardous waste*, detrimental to normal sewage plant operation or corrosive and damaging to sewer pipes and installations, *be dumped into wastewater sewerage. (Ordinance No. 1053, 01-15-08)*
- 7.16.05 **Air Contaminants:**
- 7.16.05.01 Air Contaminants and smoke shall be less dark than designated Number One on the Ringleman Chart as published by the United States Bureau of Mines, except that smoke of a density designated as Number One shall be permitted for one (1) four (4) minute period in each one-half (1/2) hour. Light colored contaminants of such an capacity as to obscure an observer's view to a degree equal to or greater than the aforesaid shall not be permitted
- 7.16.05.02 Particulate mater of dust as measured at the point of emission by any generally accepted method shall not be emitted in excess of two tenths (0.2) grains per cubic foot as corrected to a temperature of five hundred (500) degrees Fahrenheit, except for a period of four (4) minutes in any one-half (1/2) hour, at which time it may equal but not exceed six tenths (0.6) grains per cubic foot as corrected to a temperature of five hundred (500) degrees Fahrenheit.
- 7.16.05.03 Due to the fact that the possibilities of air contamination cannot reasonably be comprehensively covered in this section, there shall be applied the general rule that there shall not be discharged from any sources whatsoever such quantities of air contaminants or other material in such quantity as to cause injury, detriment, nuisance, or annoyance to any considerable number of persons or to the public in general; or to endanger the comfort, repose, health, or safety of any such considerable number of persons or to the public in general, or to cause, or have a natural tendency to cause injury or damage to business, vegetation, or property.
- 7.16.05.04 **Odor:** The emission of odors that are generally agreed to be obnoxious to any considerable numbers of persons, shall be prohibited. Observations of odor shall be made at the property line of the establishment causing the odor. As a guide to classification of odor it shall be deemed that strong odors of putrefaction and fermentation tend to be obnoxious and that such odors as associated with baking or the roasting of nuts and coffee shall not normally be considered obnoxious within the meaning of this Regulations.
- 7.16.05.05 **Gasses:** The gasses sulphur dioxide and hydrogen sulphide shall not exceed five (5) parts per million, carbon monoxide shall not exceed five (5) parts per million. All measurements shall be taken at the zoning lot line.
- 7.16.05.06 **Vibration:** All machines including punch presses and stamping machines shall be so mounted as to minimize vibration and in no case shall such vibration exceed a displacement of three thousands (0.003) of an inch measured at the zoning lot line. The use of steam or broad hammers shall not be permitted in this zone.
- 7.16.05.07 **Glare and heat:** All glare, such as welding arcs and open furnaces shall be shielded so that they shall not be visible from the zoning lot line. No heat from furnaces or processing equipment shall be sensed at the zoning lot line to the extent of raising the temperature of air or materials more than five (5) degrees Fahrenheit.

Section 7.17 Landscaping Requirements

7.17.01 Intent:

The intent of the landscaping requirements are to improve the appearance of lot areas and soften paved areas and buildings; to provide a buffer between differing land uses; to minimize the adverse effect of uses from one another; to minimize the effect of heat, noise and glare; to conserve the value of property and neighborhoods within the community; and to enhance the physical environment within the City of La Vista by ensuring that yards, open spaces, parking lots and those areas abutting public rights-of-way are designed, installed and maintained in accordance with the provisions of this section.

Property development shall consider and respect land capabilities and constraints, minimize erosion and destruction of natural amenities and provide a buffer between differing land uses.

7.17.02 Application and Scope:

The provisions of the section shall apply to all new construction and development including, but not limited to, structures, dwellings, buildings, parking lots, residential subdivisions, office parks, shopping centers, and redevelopment for which either a building or zoning permit approval is required, except the following:

- 7.17.02.01 Agricultural buildings, structures and uses.
- 7.17.02.02 Replacement of lawfully existing structures or uses.
- 7.17.02.03 Additions, remodeling or enlargements of existing uses or structures provided that the enlargement of surface parking is more than 4,000 square feet shall not be accepted. Where such enlargement is less than 4,000 square feet, the provisions of this section shall apply only to that portion of the lot or site where the enlargement occurs.
- 7.17.02.04 Where there is more than one lot or site being developed together as one unit with common property lines, the entire site shall be treated as one lot or site for the purpose of conforming to the requirements of this section.
 - 1. When a lot or site with more than one ownership has been partially developed at the time of the adoption of this section. The application of the requirements of this section shall be determined by the City.

7.17.03 Landscaping Requirements:

Landscaping shall be required and provided as follows:

- 7.17.03.01 Single-family and two-family dwellings shall provide and maintain a minimum of thirty percent (30%) of lot area as a permeable and uncovered surface that contains living material. Single-family and two-family dwellings shall be exempt from all other requirements of this section. The MU-CC District shall be exempt from all requirements of this section.

7.17.03.02 Street Frontage:

A landscaped area having a minimum depth of fifteen feet (15') from the property line shall be provided along the street frontage of all lots or sites including both street frontage of corner lots.

- 1. The required landscaped area fifteen feet (15') may be reduced to ten feet (10') if an equal amount of square feet of landscaped area, exclusive of required side and rear yard landscaped areas, is provided elsewhere on the site.
- 2. Exclusive of driveways and sidewalks not more than twenty five percent (25%) of the surface of the landscaped area shall have inorganic materials such as brick, stone, concrete, asphalt, aggregate, metal or artificial turf.
- 3. A minimum of one (1) tree shall be planted for every forty lineal feet (40') or fraction thereof.

7.17.03.03 Side Yard:

A landscaped area having a minimum depth of ten feet (10') from the property line shall be provided along the side yard abutting any Residential District.

- 1. Exclusive of driveways and sidewalks, not more than ten percent (10%) of the surface of the landscaped area shall be inorganic materials such as brick, stone,

concrete, asphalt, aggregate, metal or artificial turf. If the slope of ground within the landscape area exceeds 2:1, not more than fifty percent (50%) of the surface shall be inorganic material.

2. Landscaping shall include a hedge screen or a random or informal screen of plant materials substantially blocking the views and attaining a minimum height of six feet (6') within four (4) years. A landscaped earth berm not exceeding six feet (6') in height may be used in combination with the plant materials.
3. A six foot (6') solid wood and/or masonry fence or wall, may be used in lieu of or in combination with the plant materials required in section 7.17.03.03 (1), provided that such fence is at least five feet (5') from the property line.

7.17.03.04 Rear Yard:

A landscaped area having a minimum depth of ten feet (10') from the property line shall be provided along the rear yard abutting any Residential District or Transitional Agriculture District.

1. The landscape requirements for the rear yard shall be the same as for the side yard described in section 7.17.03.03.

7.17.03.05 Off-Site Parking Lots:

Parking lots not located on the property where the use served is located, shall conform to this section provided that a parking lot with an area of four thousand (4,000) square feet or less shall be exempt from the requirements of this section.

7.17.03.06 Parking Area Interior Landscaping:

Off-street parking lots, as defined in 7.17.03.05, and other vehicular use areas shall have at least ten (10) square feet of interior landscaping for each parking space excluding those spaces abutting a perimeter for which landscaping is required by other sections of this Ordinance, and excluding all parking spaces which are directly served by an aisle abutting and running parallel to such perimeter.

The front of a vehicle may encroach upon any interior landscaped area when said area is at least four (4) feet in depth per abutting parking space and protected by curbing. Two (2) feet of said landscaped area may be part of the required depth of each abutting parking space. No more than two (2) drive aisles shall be placed parallel to one another without an intervening planter aisle of at least four (4) feet in width; eight (8) feet is required if parking spaces overlap the curbs of the aisle.

7.17.03.07 Perimeter Landscaping:

All commercial office and industrial developments, buildings, or additions thereto shall provide perimeter landscaping to include a minimum of one (1) tree for each forty (40) lineal feet of street frontage or fraction thereof. Such landscaped area shall consist of sufficient area for the species of tree to be planted. Other perimeter landscaping shall require approval of the City.

7.17.03.08 Plant Materials:

Landscape living plant materials shall consist of trees, shrubs, ground covers, vines, grasses, flowers, and any other plants.

1. The plant nomenclature shall conform with the recommendations and requirements of the "American Standard for Nursery Stock", as amended, published by the American Association of Nurserymen, Inc.
2. Size. The minimum size of plant materials to be installed shall be as follows:
 - A. ~~Deciduous trees~~ shall have a minimum caliper of one and one-half inches (1-1/2").
 - B. Evergreen (conifer) trees shall have a minimum height of five feet (5').
 - C. Deciduous shrubs shall have a minimum size of three (3) gallons or a height of eighteen inches (18").
 - D. Evergreen shrubs shall have a minimum size of three (3) gallons or a spread of eighteen inches (18").

Deleted: <#>Deciduous trees having a mature height of twenty feet (20') or less shall have a minimum caliper of one and one-fourth inches (1-1/4").¶

Deleted: <#>having a mature height of more than twenty feet (20') ...

Deleted: three

Deleted: 3

- E. Ornamental grasses shall have a minimum size of one gallon (1 gal).

7.17.03.09 Planting Schedule:

The plant materials shall be installed prior to the issuance of the certificate of occupancy. If, because of seasonal reasons, the landscaping cannot be installed, a surety satisfactory to the City of La Vista equal to the contract cost shall be submitted to the City. The City shall release the surety when the plant materials have been installed. If the plant materials have not been installed within twelve (12) months of the effective date of the certificate of occupancy, the City may install the required landscaping.

7.17.03.10 Required Plans:

Upon application of a building permit, a landscape-planting plan shall be submitted to the City of La Vista for review and approval.

1. Three copies of the plan shall be submitted.
2. The plan shall include, but not be limited to, the following:
 - A. Property lines and other physical features necessary to show the proposed installation of plants.
 - B. The location and spacing of plant materials.
 - C. The scientific name, common name, plant size, quantity and planting method.
 - D. The plan shall have a scale of not more than one-inch (1") equals one hundred feet (100').
 - E. When necessary, existing and proposed contours shall be provided.

7.17.04 Screening Requirements

7.17.04.01 All parking areas or vehicular use areas abutting a residential district or public right-of-way shall be screened from grade level to a height not less than three (3) feet.

7.17.04.02 All commercial and industrial uses that abut residential or office districts shall provide screening not less than six (6) feet in height along the abutting property line(s).

7.17.04.03 Screening required by this section shall be equivalent to the following:

1. Solid fences or walls as approved by the City on the final development plan.
2. Hedges, shrubs, or evergreen trees of thirty-six (36) inches in height at planting spaced appropriately to provide a solid screen within three (3) years after planting.
3. Berms of not less than three (3) feet in height and that provide a maximum slope of 3:1 for easy maintenance. Such berms may be used in conjunction with plantings to achieve the solid visual screen as described in 7.17.04.03 (1) above.
4. All projects except one-and-two family dwellings shall include a detailed drawing on the landscape plan indicating the method of enclosure and screening to be used on trash dumpsters. All dumpsters or trash bins shall maintain a solid six (6) foot enclosure around each unit. Said enclosure shall be of complementary materials.
5. All plant material used for screening shall meet the standards in section 7.17.03.08.

7.17.04.04 The MU-CC District shall be exempt from all requirements of this section.

7.17.05 Installation and Maintenance of Landscaping and Screening:

7.17.05.01 Installation:

All landscaping shall be installed in a sound workmanship like manner and according to accepted good planting procedures. Landscaped areas shall require protection from vehicular encroachment. The Chief Building Official shall inspect all landscaping and no certificates of occupancy or similar authorization will be issued unless the landscaping meets the requirements herein provided. Temporary occupancy permits may be issued due to weather related conditions upon approval by the Chief Building Official.

7.17.05.02 Maintenance:

The owner, developer, tenant and/or their agent, if any, shall be jointly and severally responsible for the maintenance of all landscaping. All required landscaping shall be maintained in a healthy condition by necessary and appropriate measures. When replacement is necessary all plants and other non-living landscape materials shall be equal

in size, density and appearance, at maturity, to those items requiring replacement when feasible . Underground sprinkler systems are encouraged to serve all landscaped areas except individual one and two family dwellings unless an equivalent watering system is approved by the Chief Building Official.

Deleted: Building Inspector

All required screening and fencing shall be maintained and, whenever necessary, replaced with materials that provide equivalent size, density, and appearance. All landscaping and screening shall be kept free from refuse and debris so as to present a healthy, neat and orderly appearance. Turf grass shall be maintained on all areas not covered by other landscaping, parking, drives, buildings, or similar structures. Existing yards shall be maintained with grass or other approved ground cover.

7.17.06 Preliminary Plan Approval

A landscape plan indicating both proposed and existing landscaping and screening shall be submitted, with the preliminary plat, PUD, or preliminary site plan for development, for review and recommendation by City Staff. Said Plan shall be in sufficient detail to provide the City with a reasonable understanding of what is being proposed. Site calculations used in computing quantities shall also be submitted which are proposed to be used to satisfy the required amounts of landscaping.

7.17.07 Final Plan Approval

A detail listing of all plant materials to be used, quantities, size, and spacing shall be submitted to the City on separate sheets for review and recommendation and approval by the City Staff along with a planting schedule at final development plan submission.

7.17.08 Parking Lot Plan Approval

A final site development plan shall be submitted to the Chief Building Official with the necessary landscaping and screening required herein for each of the following types of parking lot improvements:

Deleted: Building Inspector

7.17.08.01 New construction.

7.17.08.02 Expansion of existing facilities.

7.17.08.03 Maintenance of existing facilities where an overlay is proposed at which time the landscaping and screening shall be required. Modifications to the required parking lot landscaping and screening may be granted by the Planning Commission after review of submitted plans and in consideration of surrounding uses.

7.17.08.04 No parking lot shall be exempted from these regulations; unless previously exempted.

Section 7.18 Wind Energy Systems

In any zoning district, a conditional use permit may be granted to allow wind energy conversion system, including such devices as wind charger, windmill, or wind turbine; subject to the following condition:

- 7.18.01 The distance from any tower support base to any tower support base of another wind energy device under other ownership shall be a minimum of five (5) rotor distances figured by the size of the largest rotor.
- 7.18.02 The wind energy system operation shall not cause interference to the radio and television reception on adjoining property.
- 7.18.03 To limit climbing access to the tower, a fence six (6) feet high with a locking portal shall be placed around the tower base or the tower climbing apparatus shall be limited to no more than twelve (12) feet from the ground, or the tower may be mounted on a roof top.
- 7.18.04 The setback distances from all lot lines to any tower support base shall be determined according to the following setback table:

7.18.05 **SETBACK TABLE**

<u>Rotor Diameter</u>	<u>Setback Distance</u>	<u>Minimum Lot Area¹</u>
5 feet	100 feet	1 Acre
10 feet	165 feet	2.5 Acres
15 feet	220 feet	4.5 Acres
20 feet	270 feet	6.75 Acres
25 feet	310 feet	9.0 Acres
30 feet	340 feet	10.75 Acres
35 feet or larger	365 feet	12.25 Acres

- ¹. Where there are several towers under single ownership the minimum lot areas may be adjusted down provided the minimum setback distances are met on all perimeter units. In addition, the landing areas for all internal towers and rotors shall be within the property owned by the operator.

- 7.18.06 Data pertaining to the machine's turbine safety and stability shall be filed with the application. Such data shall include turbine safety and acceptance results from tests conducted by a qualified individual or organization based upon standards set by the U.S. Department of Energy (DOE), Electric Power Research Institute (EPRI) Utility Wind Turbine Verification Program.¹
- 7.18.07 The application shall provide covenants, easements, or similar documentation from the abutting owners providing access to wind sufficient for its adequate operation, unless adequate accessibility to the wind is provided on the site.

ARTICLE 8: BOARD OF ADJUSTMENT

Section 8.01 Members, Terms and Meetings

Pursuant to Section 19-908, Reissue Revised Statutes of 1943 (in full): The board of adjustment shall consist of five (5) regular members, plus one (1) additional member designated as an alternate who shall attend and serve only when one of the regular members is unable to attend for any reason, each to be appointed for a term of three (3) years and removable for cause by the appointing authority upon written charges and after public hearings. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant. One member only of the board of adjustment shall be appointed from the membership of the planning commission, and the loss of membership on the planning commission by such member shall also result in his or her immediate loss of membership on the board of adjustment and the appointment of another planning commissioner to the board of adjustment. After September 9, 1995, the first vacancy occurring on the board of adjustment shall be filled by the appointment of a person who resides in the extraterritorial zoning jurisdiction of the City at such time as more than two hundred persons reside within such area. Thereafter, at all times, at least one (1) member of the board of adjustment shall reside outside of the corporate boundaries of the City but within its extraterritorial zoning jurisdiction. The board of adjustment shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to sections 19-901 to 19-914. Meetings of the board shall be held at the call of the chairperson and at such other times as the board may determine. Such chairperson, or in his or her absence the acting chairperson, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

Section 8.02 Appeals to Board, Record of Appeal, Hearings and Stays

As provided in Section 19-909, Reissue Revised Statutes of 1943 (in full): Appeals to the Board of Adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the City affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the Board, by filing with the officer from whom appeal is taken and with the Board of Adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment, after the notice of the appeal shall have been filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Adjustment or by a court of record in application on notice to the officer from whom the appeal is taken and on due cause shown. The Board of Adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties, in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or attorney.

Section 8.03 Powers and Jurisdiction on Appeal

The Board of Adjustment shall have the following powers:

- 8.03.01 To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official or agency based on or made in the enforcement of any zoning regulation or any regulation relating to the location or soundness of structures;
- 8.03.02 to hear and decide, in accordance with the provisions of this Ordinance, requests for interpretation of any map, or for decisions upon other special questions upon which the Board is authorized by this Ordinance to pass; and
- 7.03.03 To grant variances, where by reason of exceptional narrowness, shallowness or shape of a specific piece of property at the time of enactment of this Ordinance, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any regulation under this Ordinance would result in peculiar and exceptional practical difficulties to or exceptional and undue hardships upon the owner of such property, to authorize, upon an appeal relating to the property, a variance from such strict application so as to relieve such difficulties or hardship, if such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of this Ordinance.

- 8.03.03.01 The Board of Adjustment shall authorize no such variance, unless it finds that:
 - 1. The strict application of the Ordinance would produce undue hardship;

2. Such hardship is not shared generally by other properties in the same zoning district and the same vicinity;
3. The authorization of such variance will not be of substantial detriment to adjacent property and the character of the district will not be changed by the granting of the variance; and
4. The granting of such variance is based upon reasons of demonstrable and exceptional hardship as distinguished from variations for purposes of convenience, profit or caprice. No variance shall be authorized unless the Board finds that the condition or situation of the property concerned or the intended use of the property is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to this Ordinance.

In exercising the above mentioned powers, the Board may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken. The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under this Ordinance or to effect any variation in this Ordinance.

Section 8.04 Appeals to District Court

Any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment may appeal as provided by Section 19-912, Reissue Revised Statutes of 1943 (in full).

ARTICLE 9: AMENDMENT

Section 9.01 Amendments

Pursuant to Section 19-905, Reissue Revised Statutes of 1943 (in full): This Ordinance may, from time to time, be amended, supplemented, changed, modified, or repealed. In case of a protest against such change, signed by the owners of twenty (20) percent or more either of the area of the lots included in such proposed change, or of those immediately adjacent on the sides and in the rear thereof extending three hundred (300) feet therefrom, and of those directly opposite thereto extending three hundred (300) feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three-fourths (3/4) of all members of the City Council. The provisions of this section of the Ordinance relative to public hearings and official notice shall apply equally to all changes or amendments. In addition to the publication of the notice therein prescribed, a notice shall be posted in a conspicuous place on or near the property on which action is pending. Such notice shall not be less than eighteen (18) inches in height and twenty-four (24) inches in width with a white or yellow background and black letters not less than one and one-half (1 1/2) inches in height. Such posted notice shall be so placed upon such premises that it is easily visible from the street nearest the same and shall be so posted at least ten (10) days prior to the date of such hearing. It shall be unlawful for anyone to remove, mutilate, destroy, or change such posted notice prior to such hearing. Any person so doing shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars (\$50) or more than one hundred dollars (\$100). The provisions of this section in reference to notice shall not apply: (1) in the event of a proposed change in such regulations, restrictions, or boundaries throughout the entire area of an existing zoning district or of such municipality, or (2) in the event additional or different districts are made applicable to areas, or parts of areas, already within a zoning district of the City.

Section 9.02 Planning Commission Review

No amendment, supplement, change or modification of this Ordinance, including the boundaries of any zoning district, shall be made by the City Council without first the consideration by the City Planning Commission, the Commission shall submit in writing its recommendations on each amendment, supplement, change or modification to the City Council within forty-five (45) days after receipt thereof. Said recommendations shall include approval, disapproval, or other suggestions and the reasons thereof, and a discussion of the effect of each amendment, supplement, change or modification on the Comprehensive Plan. Said recommendations shall be of an advisory nature only.

In addition, any person or persons seeking such an amendment, supplement, change, or modification of any zoning district, shall comply with the following:

- 1.02.01 At the time that application for a change of zoning district or amendment to the zoning test is filed with the Planning Commission, there shall be deposited the sum set in Article 4, Section 4.23 as a fee to cover investigation, legal notices, or other expenses incidental to the determination of such matter.
- 1.02.02 An application for a change of district to an Light Industrial District shall contain a minimum area of five (5) acres. The area, if more than one (1) parcel of land is involved, shall be contiguous, exclusive of any streets or easements.
- 1.02.03 The foregoing requirements in Subsection b shall not apply in the case of an extension of a Light Industrial District.

Section 9.03 ~~Community Development Director and Chief Building Official~~

The provisions of this Ordinance shall be administered and enforced by the ~~Community Development Director and Chief Building Official, or their designee(s)~~, who shall have the power to make inspection of buildings or premises necessary to carry out his or her duties in the enforcement of this Ordinance.

Section 9.04 Building Permits

The following shall apply to all new construction and all applicable renovations and remodels within La Vista's Zoning Jurisdiction:

- 9.04.01 It shall be unlawful to commence the excavation for the construction of any building, or any accessory buildings, or to commence the moving or alteration of any buildings, including accessory buildings, until the ~~Chief Building Official~~ has issued a building permit for such work.
- 9.04.02 Issuance of a building permit. In applying to the ~~Chief Building Official~~ for a building permit, the applicant shall submit a dimensioned sketch or a scale plan indicating the shape, size and height and location of all buildings to be erected, altered or moved and of any building already on the lot. He shall also state the existing and intended use of all such buildings, and supply such other information as may be required by the

Chief Building Official for determining whether the provisions of this Ordinance are being observed. If the proposed excavation or construction as set forth in the application are in conformity with the provisions of this Ordinance, and other Ordinances of the City then in force, the Chief Building Official shall issue a building permit for such excavation or construction. If a building permit is refused, the Chief Building Official shall state such refusal in writing, with the cause, and shall immediately thereupon mail notice of such refusal to the applicant at the address indicated upon the application. The Chief Building Official shall grant or deny the permit within a reasonable time from the date the application is submitted. The issuance of a permit shall, in no case, be construed as waiving any provisions of this Ordinance. A building or zoning permit shall become void twelve (12) months from the date of issuance unless substantial progress has been made by that date on the project described therein.

Section 9.05 Certificate of Occupancy

No land or building or part thereof hereafter erected or altered in its use or structure shall be used until the Chief Building Official shall have issued a certificate of occupancy stating that such land, building or part thereof, and the proposed use thereof, are found to be in conformity with the provisions of this Ordinance. Within three (3) days after notification that a building or premises is ready for occupancy or use, it shall be the duty of the Chief Building Official to make a final inspection thereof and to issue a certificate of occupancy if the land, building, or part thereof and the proposed use thereof are found to conform with the provisions of this Ordinance, or, if such certification is refused, to state refusal in writing, with the cause, and immediately thereupon mail notice of such refusal to the applicant at the address indicated upon the application.

Section 9.06 Penalties

Pursuant to Section 19-913, Reissue Revised Statutes of 1943 (in full), the owner or agent of a building or premises in or upon which a violation of any provisions of this Ordinance has been committed or shall exist or lessee or tenant of an entire building or entire premises in or upon which violation has been committed or shall exist, or the agent, architect, building contractor or any other person who commits, takes part or assists in any violation or who maintains any building or premises in or upon which such violation shall exist, shall be guilty of a misdemeanor and shall be punished by a fine not to exceed one hundred dollars (\$100) for any one (1) offense. Each day of non-compliance with the terms of this Ordinance shall constitute a separate offense.

Nothing herein contained shall prevent the City from taking such other lawful action as is necessary to prevent or remedy any violation. However, nothing shall deprive the citizen of his or her rights under the U.S. Constitution of a jury trial.

Section 9.07 Remedies

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted or maintained, or any building, structure, or land is used in violation of Sections 19-901 to 19-914, Reissue Revised Statutes of 1943 (in full), or this Ordinance, or any regulation made pursuant to said sections, the appropriate authorities of the City may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, to restrain, correct, or abate such violation, to prevent the occupancy of said building, structure or land, or to prevent any illegal act, conduct, business or use in or about such premises.

ARTICLE 10: COMPREHENSIVE PLAN RELATIONSHIP

These zoning ordinances are designed to implement various elements of the comprehensive plan as required by state statutes. Any amendment to the district ordinances or map shall conform to the comprehensive plan adopted by the governing body.

ARTICLE 11: LEGAL STATUS PROVISIONS

Section 11.01 Separability

Should any article, section or provision of this Ordinance be declared by the courts to be unconstitutional or invalid, such decision shall not affect the validity of this Ordinance as a whole, or any part thereof other than the part so declared to be unconstitutional or invalid.

Section 11.02 Purpose of Catch Heads

The catch heads appearing in connection with the foregoing sections are inserted simply for convenience, to serve the purpose of any index and they shall be wholly disregarded by any person, officer, court or other tribunal in construing the terms and provisions of this Ordinance.

Section 11.03 Repeal of Conflicting Ordinances

All ordinances or parts of ordinances in conflict with this Ordinance, or inconsistent with the provisions of this Ordinance, are hereby repealed to the extent necessary to give this Ordinance full force and effect.

Section 11.04 Effective Date

This Ordinance shall take effect and be in force from and after its passage and publication according to law.
