I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.
