

ARTICLE 6: CONDITIONAL USE PERMITS

Section 6.01 General Provisions. The City Council may, by conditional use permit after a Public Hearing and referral to and recommendation from the Planning Commission, authorize and permit conditional uses as designated in the district use regulations. Approval shall be based on findings that the location and characteristics of the use will not be detrimental to the health, safety, morals, and general welfare of the area.

Allowable uses may be permitted, enlarged, or altered upon application for a conditional use permit in accordance with the rules and procedures of this ordinance. The Council may grant or deny a conditional use permit in accordance with the intent and purpose of this ordinance. In granting a conditional use permit, the Council will authorize the issuance of a conditional use permit and shall prescribe and impose appropriate conditions, safeguards, and a specified time limit for the performance of the conditional use permit.

Section 6.02 Application for Conditional Use Permits. A request for a conditional use permit or modification of a conditional use permit may be initiated by a property owner or his or her authorized agent by filing an application with the City upon forms prescribed for the purpose. The application shall be accompanied by a drawing or site plan and other such plans and data showing the dimensions, arrangements, descriptions data, and other materials constituting a record essential to an understanding of the proposed use and proposed modifications in relation to the provisions set forth herein. A plan as to the operation and maintenance of the proposed use shall also be submitted. The application shall be accompanied with a non-refundable fee.

Section 6.03 Public Hearing. Before issuance of any conditional use permit, the Council will consider the application for the conditional use permit together with the recommendations of the Planning Commission at a public hearing after prior notice of the time, place, and purpose of the hearing has been given by publication in a legal paper of general circulation in the City of La Vista, one time at least ten (10) days prior to such hearing.

Section 6.04 Decisions. A majority vote of the Council shall be necessary to grant a conditional use permit. No order of the Council granting a conditional use permit, which has not been acted upon by the applicant, meaning that the use has been commenced or construction has been initiated, shall be valid for a period longer than twelve (12) months from the date of such order. Unless the following is completed:

- 6.04.01 City staff has granted an additional twelve (12) month administrative extension provided:
 - 6.04.01.01 The character (including uses, parking conditions, traffic, and others) of the area in which the use(s) were approved has not changed significantly,
 - 6.04.01.02 The applicant has made some effort to follow through with said permit or there were circumstances that slowed the applicants' progress.
 - 6.04.01.03 If the administrative extension of the *fourth* twelve (12) month period has lapsed without establishment of said conditionally permitted use; or, if staff deems the character of the area has changed within the initial twelve (12) month period, the applicant shall be required to reapply to both the Planning Commission and City Council for further approval(s).

(Ordinance No. 1542, 3-4-25)

Section 6.05 Standards. No conditional use permit shall be granted unless that Planning Commission or City Council has found:

- 6.05.01 That the establishment, maintenance, or operation of the conditional use will not be detrimental to or endanger the public health, safety, moral, comfort, or general welfare of the community.
- 6.05.02 That the conditional use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purpose already permitted, nor substantially diminish and impair property values within the neighborhood.
- 6.05.03 That the establishment of the conditional use will not impede the normal and orderly development of the surrounding property for uses permitted in the district.
- 6.05.04 That adequate utilities, access roads, drainage, and/or necessary facilities have been or are being provided.
- 6.05.05 That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
- 6.05.06 The use shall not include noise which is objectionable due to volume, frequency, or beat unless muffled or otherwise controlled.
- 6.05.07 The use shall not involve any pollution of the air by fly-ash, dust, vapors or other substance which is harmful to health, animals, vegetation or other property or which can cause soiling, discomfort, or irritation.
- 6.05.08 The use shall not involve any malodorous gas or matter which is discernible on any adjoining lot or property.
- 6.05.09 The use shall not involve any direct or reflected glare which is visible from any adjoining property or from any public street, road, or highway.
- 6.05.10 The use shall not involve any activity substantially increasing the movement of traffic on public streets unless procedures are instituted to limit traffic hazards and congestion.

6.05.11 The use shall not involve any activity substantially increasing the burden on any public utilities or facilities unless provisions are made for any necessary adjustments.
