RECOMMENDATION

Approval

BACKGROUND

The purchase is being made off of the Nebraska State Contract. Funding was provided in the FY 13 General Fund budget for the purchase of one (1) marked police vehicle. Expected delivery of the vehicle will be 90-120 days (May 2013).

Sgt. Waugh was assigned to meet with head mechanic Ray Crane to discuss cruiser selection options for 2013. In an effort to diversify the fleet, a decision was made to recommend the purchase of one (1) marked Ford Police Interceptor Utility vehicle. At this time the existing Dodge Charger Police Fleet serves the department well in the area of rear wheel drive sedans, however; with the option of the Ford Utility we have the opportunity to add an AWD Police Pursuit Rated vehicle to the fleet without exceeding the cost of the Dodge Charger. The Ford Utility comes equipped with the 3.7L V6 engine which will offer slightly better fuel mileage for City driving without sacrificing horsepower.

Sgt. Waugh met with police sergeants from surrounding agencies who are currently driving the Ford Police Interceptor Utility. Each provided favorable comments about its performance in the field. The vehicle offers a large drivers area in the cab and large storage space in the rear hatch. The vehicle will be up-fitted via 911 Customs in Overland Park, KS. We have successfully worked with this company before as they have performed warranty repairs on our police emergency lighting and other components. 911 Customs came to La Vista in December and provided an example of the vehicle and installed equipment.
