Dear Customer,

We have received our salt prices for the 2014-2015 season. An increase in the cost of both Kansas white salt and the Utah red ice-slicer, combined with other rising costs of doing business and complying with regulations, has forced us to pass these costs on to the consumer.

July 1, 2014 the Kansas white salt will increase \$4.00 per ton over last year's price.

August 1, 2014 bulk Utah red ice-slicer will increase \$3.00 per ton over last year's price.

These prices will be good until June 30, 2015

Thank you for your business in the past and it is our sincere hope to continue doing business with you in the future.

Sincerely,

Norm Geiken, President
